Modern China 1840-1972 An Introduction To Sources And Research Aids:

Modern China, 1840-1972 Andrew Nathan, 2020-06-01 Graduate students have traditionally learned a good part of what they know about sources and research aids on modern China through hearsay and serendipity in unsystematic and unreliable bits and pieces. The field has now developed to the point where this need not and ought not to be so. It is now possible for beginning researchers to start with some shared basic knowledge of research aids and documentary resources. This research guide is meant to provide that knowledge. The user of this guide is envisaged as an American graduate student in history or the social sciences who is already familiar with the major English language secondary literature on modern China and is about to begin original research either for a seminar paper or for a dissertation. *China Bibliography* Harriet T.

Zurndorfer, 2021-12-06 This volume serves as a guide to all facets of China study from advice on choosing an appropriate literary dictionary to finding the most recent yearbooks that offer statistical data about the contemporary economy. China Bibliography does not restrict itself to one particular discipline but considers the development of Chinese civilization as a whole from its imperial beginnings to the present and therefore demonstrates how one would find information about Chinese history, literature, religion, linguistics, collectanea as well as present day PRC economic and political policies. Because this book also explains how bibliographical data on China has accumulated over the last 300 years including within China itself, it also may help the reader understand the significance of a particular type of reference work. **State and Economy in**

Republican China William C. Kirby, 2020-05-11 This manual for students focuses on archival research in the economic and business history of the Republican era, 1911-1949. Following a general discussion of archival research and research aids for the Republican period, the handbook introduces the collections of archives in the People's Republic of China and the Republic of China on Taiwan that contain materials in the areas of economics and business with data on the history of the archives, descriptions of their holdings, and publications on their collections. The second half of the work consists of guided readings in Republican era documents such as government decrees, regulations, and business letters with complete vocabulary lists and explanations of terms. Also included with the handbook are facsimile reproductions of these documents. **The History of**

Imperial China Endymion Wilkinson, 2020-03-17 A comprehensive introduction in English to Sinological methods and traditional Chinese historical writing. The time span ranges from earliest times to 1911 with special emphasis on the years between the third century B.C. and the eighteenth century. The author includes introductions to major reference works and biographical information and explanations of such matters as converting traditional dates. In addition to standard histories, the survey covers biographical writing, historical and administrative geography, works on statecraft, archival sources, and Confucian, Buddhist, and Taoist writings. *A Research Guide to Central Party and Government Meetings in China* Kenneth Lieberthal, 2017-07-14 Originally published in 1976, Lieberthal collated notes from Central Party government and military meetings on a national level in China between 1949 and 1975 to create this guide to Chinese policymaking. This guide

provides insight into issues such as the representation of important meetings in the media how policies are made and how policy making in China has varied over time This title will be of interest to students of Asian Studies and International Politics

Organizational Behavior 4 John B. Miner,2007 First Published in 2015 Routledge is an imprint of Taylor Francis an Informa company *Psychology in Contemporary China* L. B. Brown,2013-10-22 Psychology in Contemporary China focuses on the advancement of psychology in China and the different areas to which this field is applied The book proceeds by outlining the evolution nature and characteristics of Chinese psychology The text then points out that studies on this discipline is generally difficult because of the lack of publication of resources in English The process of learning this field is often done through visitations with specialists going to China to conduct research and lectures The text investigates the evolution of psychology in China as well as its progress through education The relationship of this discipline with political and social concerns is highlighted and the progress of this field in universities in China is emphasized The practice of psychology in China is somewhat limited This lack is expressed by the fact that psychologists avoid questions that have political content An examination of the attitudes of Chinese is also presented and their views on individuality self criticism violence child rearing religion and modernization are discussed The book is of great importance for scholars and readers who research on the evolution growth and contributions of psychology to society **Christianity in China** Archie R.

Crouch,1989 A bibliographical guide to the works in American libraries concerning the Christian missionary experience in China *The Cambridge History of China* Denis Crispin Twitchett,John King Fairbank,1978 International scholars and sinologists discuss culture economic growth social change political processes and foreign influences in China since the earliest pre dynastic period **Twentieth Century China** James H. Cole,2004 Emphasizing reference works published since 1964 these volumes cover books periodicals and inclusions i e chapters in edited volumes on the 1911 Revolution the Republic of China 1949 post 1911 Taiwan post 1911 Hong Kong and Macao and post 1911 overseas Chinese **Christianity**

in China Xiaoxin Wu,2015-07-17 Now revised and updated to incorporate numerous new materials this is the major source for researching American Christian activity in China especially that of missions and missionaries It provides a thorough introduction and guide to primary and secondary sources on Christian enterprises and individuals in China that are preserved in hundreds of libraries archives historical societies headquarters of religious orders and other repositories in the United States It includes data from the beginnings of Christianity in China in the early eighth century through 1952 when American missionary activity in China virtually ceased For this new edition the institutional base has shifted from the Princeton Theological Seminary Protestant to the Ricci Institute for Chinese Western Cultural Relations at the University of San Francisco Jesuit reflecting the ecumenical nature of this monumental undertaking *Christianity in China* Wu Xiaoxin,2017-03-02 A bibliographical guide to the works in American libraries concerning the Christian missionary experience in China **Chinese History** Endymion Porter Wilkinson,2000 Endymion Wilkinson s bestselling manual of

Chinese history has long been an indispensable guide to all those interested in the civilization and history of China In this latest edition now in a bigger format its scope has been dramatically enlarged by the addition of one million words of new text Twelve years in the making the new manual introduces students to different types of transmitted excavated and artifactual sources from prehistory to the twentieth century It also examines the context in which the sources were produced preserved and received the problems of research and interpretation associated with them and the best most up to date secondary works Because the writing of history has always played a central role in Chinese politics and culture special attention is devoted to the strengths and weaknesses of Chinese historiography

Overt and Covert Treasures Clara Wing-chung Ho,2012-08-20 This is the first published volume on a variety of sources for Chinese women s history It is an attempt to explore overt and covert information on Chinese women in a vast quantity of textual and nontextual conventional and unconventional source materials Some chapters reread wellknown texts or previously marginalized texts and brainstorm new ways to use and interpret these sources others explore new sources or previously overlooked or underused materials This book is a valuable product witnessing the concerted effort of twenty some scholars located in different parts of the world
