Opening Mexico Julia Preston, Samuel Dillon, 2005-03-15 The Story of Mexico's political rebirth by two Pulitzer prize winning reporters Opening Mexico is a narrative history of the citizens movement which dismantled the kleptocratic one party state that dominated Mexico in the twentieth century and replaced it with a lively democracy Told through the stories of Mexicans who helped make the transformation the book gives new and gripping behind the scenes accounts of major episodes in Mexico's recent politics Mexico's Institutional Revolutionary Party led by presidents who ruled like Mesoamerican monarchs came to be called the perfect dictatorship But a 1968 massacre of student protesters by government snipers ignited the desire for democratic change in a generation of Mexicans Opening Mexico recounts the democratic revolution that unfolded over the following three decades It portrays clean vote crusaders labor organizers human rights monitors investigative journalists Indian guerrillas and dissident political leaders such as President Ernesto Zedillo Mexico's Gorbachev It traces the rise of Vicente Fox who toppled the authoritarian system in a peaceful election in July 2000 Opening Mexico dramatizes how Mexican politics works in smoke filled rooms and profiles many leaders of the country's elite It is the best book to date about the modern history of the United States southern neighbor and is a tale rich in implications for the spread of democracy worldwide

Hope and Frustration Carlos B. Gil, 1992 This volume aims to spotlight six of contemporary Mexico's most important opposition figures In depth interviews conducted by Carlos B Gil introduce the reader to such increasingly influential leaders as Jesus Gonzalez Schmal of the conservative PAN Cuauhtemoc Cardenas the most successful opposition candidate in Mexico's history and Jorge Alcocer Villanueva who has long helped direct various offshoots of the Communist Party in Mexico

Democratizing Mexico Jorge I. Domínguez, James A. McCann, 1998 In this groundbreaking study of Mexican public opinion and elections Jorge Domínguez and James McCann examine the attitudes and behaviors of Mexican voters from the 1950s to the 1990s and find evidence of both support for and increasing independence from the nation's ruling party They make extensive use of polls conducted during the 1988 1991 and 1994 national elections and draw from in depth interviews with leading political figures including major presidential candidates Although the 1994 presidential election showed that Mexican citizens are making their opinions known and felt at the polls Domínguez and McCann argue that Mexico cannot be considered a democracy as long as party elites fail to ensure truly free and fair elections Democratizing Mexico makes it clear however that Mexican citizens are ready for democratic politics

The Oxford Handbook of Mexican Politics Roderic Ai Camp, 2012-02-16 A comprehensive view of the remarkable transformation of Mexico's political system to a democratic model The contributors to this volume assess the most influential institutions actors policies and issues in the country's current evolution toward democratic consolidation

Riot and Rebellion in Mexico Ana

Sabau, 2022-02-08 Many scholars assert that Mexico's complex racial hierarchy inherited from Spanish colonialism became obsolete by the turn of the nineteenth century as class based distinctions became more prominent and a largely mestizo population emerged But the residues of the colonial caste system did not simply dissolve after Mexico gained independence Rather Ana Sabau argues ever present fears of racial uprising among elites and authorities led to persistent governmental techniques and ideologies designed to separate and control people based on their perceived racial status as well as to the implementation of projects for development in fringe areas of the country Riot and Rebellion in Mexico traces this race based narrative through three historical flashpoints the Bajío riots the Haitian Revolution and the Yucatan's caste war Sabau shows how rebellions were treated as racially motivated events rather than political acts and how the racialization of popular and indigenous sectors coincided with the construction of whiteness in Mexico Drawing on diverse primary sources Sabau demonstrates how the race war paradigm was mobilized in foreign and domestic affairs and reveals the foundations of a racial state and racially stratified society that persist today

RESTAURACIÓN DE LA CONCIENCIA Juan Jesús Neri, En el dramático cierre de una trilogía que ha explorado los límites de la realidad y la conciencia Restauración de la Conciencia La Renovación Universal nos sumerge en la culminación de una saga épica donde la Federación Galáctica enfrenta su mayor desafío Después de las intensas batallas físicas y astrales de las entregas anteriores esta última parte promete una revolución no solo en la forma en que los seres de la federación perciben su existencia sino en cómo eligen influir en el ciclo eterno del cosmos Con la introducción de la revolucionaria matemática de la psique la federación tiene por primera vez en sus manos la capacidad de predecir y potencialmente alterar los patrones de la conciencia colectiva Esta nueva herramienta ofrece esperanza de escapar a los destructivos ciclos del pasado pero también plantea preguntas profundas sobre el libre albedrío la ética y la naturaleza del destino A medida que la federación se prepara para implementar esta tecnología a gran escala surgen

conflictos internos y externos que ponen a prueba su unidad y sus ideales Los líderes deben navegar por intrigas políticas resistencia cultural y amenazas externas de civilizaciones que ven esta nueva tecnología como una abominación o una amenaza existencial Mientras los protagonistas liderados por la visionaria Lara buscan forjar un nuevo camino para su civilización se encuentran con antiguas entidades cósmicas cuyos intereses se entrelazan misteriosamente con los de la federación Estos encuentros no solo desafían su comprensión del universo sino que también los llevan a cuestionar la verdadera naturaleza de la conciencia y su lugar en el cosmos Restauración de la Conciencia La Renovación Universal es una exploración profunda de temas científicos y filosóficos tejida en una narrativa de ciencia ficción que es tan emocionante como introspectiva Con su mezcla de acción misterio y profundidad emocional esta novela no solo concluye la trilogía sino que también invita a los lectores a reflexionar sobre su propio entendimiento del universo y su capacidad para cambiarlo

El enriquecimiento ilícito, el lavado de activos, el testaferrato y la extinción de dominio en Colombia Moisés Sabogal Quintero, 2020-02-01 Si bien hacia el año 1997 me quejaba en una de mis investigaciones publicadas sobre uno de los temas que concita el presente texto acerca del mal denominado privilegio mafioso que tenemos los colombianos por pertenecer a uno de los Países más corruptos del mundo tristemente hoy día ello persiste y en mayor proporción pero con el consuelo que otros Estados como México se encuentran ya en iguales condiciones Sin embargo no todo es oscuro pues con respecto al redireccionamiento en la sustitución de cultivos del actual Gobierno en su lucha por erradicar tan grave mal así como la administración de justicia sancionando sus infractores las cosas van cambiando pues la ardua labor desarrollada y planificada por el Estado con organismos especializados en la materia y el fortalecimiento de todas las instituciones antidelictivas de un lado han hecho que a la vez la justicia venga siendo más eficaz en la lucha contra los flagelos delictivos Es por lo anterior que tal situación me ha concitado nuevamente a volver sobre algunos de estos temas y a tocar otros que no había estudiado con profundidad así como los cambios de estrategias gubernamentales de legislaciones y el ambiente jurisprudencial en donde los jueces aún continúan afrontando con valor dichos flagelos pues como se dice le perdieron el miedo siendo la justicia hoy día más independiente mostrándose fortalecida y confrontando con las mismas leyes al ejecutivo al legislativo cuando algunos de sus miembros enmarcan su comportamiento en tales punibles
