No Nukes Anna Gyorgy, 1979 The Day the Grid Went Down David J. Nicks, 2013-02 The Day the Grid Went Down is a compelling novel about what could happen to the world should a truly catastrophic economic collapse occur The book is largely based on the true life experiences of author David J Nicks and other real world events such as the partial economic collapse of 2008 Using the 2012 elections as a point of departure The Day the Grid Went Down spins off into a cautionary tale of fiction that draws persuasive parallels between where we might currently be heading and prophecies from the Bible Fact and fiction interweave throughout the book as Nicks juxtaposes his own story with an imagined but very feasible scenario involving a total economic collapse and the worldwide chaos that would likely ensue as a result Author David J Nicks is a South Carolina native who works as an insulator specializing in nuclear plants and fire protection systems Although he has written other books in the past The Day the Grid Went Down is the first that he's had published It was inspired by

current events that in the author's opinion present the very real possibility of an impending economic collapse Publisher's website <http://sbpra.com> DavidJNicks **The Doomsday Drifter** Mark DaSilva, 2019-03-06 Apocalypse Loss Regret Evil Injustice Find out how one man an unlikely hero must battle through a dystopian nightmare to find his missing family in this deep dark and provocative thriller Included is a free sneak peek at book two Wrecking Man Included is a free sneak peek at book two The Wrecking Man Keywords Apocalypse Family Gas Combat Survival Devil Executive Terrorist Quest Hero

The Light at Lindisfarne Hugh Malafry, 2012-04 A YEAR BEFORE HE KINDLED THE LIGHT at Lindisfarne Albert Weiland demonstrated the transmutation of simple into complex elements with a controlled release of power in a device no larger than a desktop computer He called it his Graalreaktor The world had its holy grail of energy and a problem It worked only in Weiland's presence and he would not say how The revelation by so eminent a physicist of what appeared to be cold fusion set markets reeling The authorities occupied Weiland Labs confiscated the old man's cryptic notes and assigned teams to evaluate his work but to no avail Still his device worked and his peers demanded answers You do not smash a river but harvest it Weiland said So my Graalreaktor is a lens focusing influence of forces already present Unable to reproduce Weiland's work his peers shunned and the press mocked his grail reactor I have given you a vessel like the sun rooted in the firmament but you shall not have it until you solve an enigma he countered In cold stone I shall kindle a light that will never fail who solves the mystery will have my Graalreaktor And so Weiland withdrew to Lindisfarne to work his magic
