Conduct Under Fire John A. Glusman, 2006-04-25 The fierce bloody battles of Bataan and Corregidor in the Philippines are legendary in the annals of World War II Those who survived faced the horrors of life as prisoners of the Japanese In *Conduct Under Fire* John A Glusman chronicles these events through the eyes of his father Murray and three fellow navy doctors captured on Corregidor in May 1942 Here are the dramatic stories of the fall of Bataan the siege of the Rock and the daily struggles to tend the sick wounded and dying during some of the heaviest bombardments of World War II Here also is the desperate war doctors and corpsmen waged against disease and starvation amid an enemy that viewed surrender as a disgrace To survive the POWs functioned as a family But the ties that bind couldn t protect them from a ruthless counteroffensive waged by American submarines or from the B 29 raids that burned Japan s major cities to the ground Based on extensive interviews with American British Australian and Japanese veterans as well as diaries letters and war crimes testimony this is a harrowing account of a brutal clash of cultures of a race war that escalated into total war Like *Flags of Our Fathers* and *Ghost Soldiers* *Conduct Under Fire* is a story of bravery on the battlefield and ingenuity behind barbed wire one that reveals the long shadow the war cast on the lives of those who fought it

Coming Out Under Fire Allan Bérubé, 2010-09-07 During World War II as the United States called on its citizens to serve in unprecedented numbers the presence of gay Americans in the armed forces increasingly conflicted with the expanding antihomosexual policies and procedures of the military In *Coming Out Under Fire* Allan B rub examines in depth and detail these social and political confrontation not as a story of how the military victimized homosexuals but as a story of how a dynamic power relationship developed between gay citizens and their government transforming them both Drawing on GIs wartime letters extensive interviews with gay veterans and declassified military documents B rub thoughtfully constructs a startling history of the two wars gay military men and women fought one for America and another as

homosexuals within the military. This book was the inspiration for the 1995 Peabody Award winning documentary film of the same name. It has become a classic since it was published in 1990 just three years prior to the controversial 'Don't Ask, Don't Tell' policy which has continued to serve as an uneasy compromise between gays and the military. With a new foreword by historians John D. Emilio and Estelle B. Freedman, this book remains a valuable contribution to the history of World War II as well as to the ongoing debate regarding the role of gays in the U.S. military.

At Home and under Fire Susan R. Grayzel, 2012-01-09 Although the Blitz has come to symbolize the experience of civilians under attack, Germany first launched air raids on Britain at the end of 1914 and continued them during the First World War. With the advent of air warfare, civilians far removed from traditional battle zones became a direct target of war rather than a group shielded from its impact. This is a study of how British civilians experienced and came to terms with aerial warfare during the First and Second World Wars. Memories of the World War I bombings shaped British responses to the various real and imagined war threats of the 1920s and 1930s, including the bombing of civilians during the Spanish Civil War and ultimately the Blitz itself. The processes by which different constituent bodies of the British nation responded to the arrival of air power reveal the particular role that gender played in defining civilian participation in modern war.

G.I. Nightingales Barbara Tomblin, 2003-11-28 Weaving together information from official sources and personal interviews, Barbara Tomblin gives the first full-length account of the U.S. Army Nurse Corps in the Second World War. She describes how over 60,000 army nurses—all volunteers—cared for sick and wounded American soldiers in every theater of the war: serving in the jungles of the Southwest Pacific, the frozen reaches of Alaska and Iceland, the mud of Italy and northern Europe, or the heat and dust of the Middle East. Many of the women in the Army Nurse Corps served in dangerous hospitals near the front lines; 201 nurses were killed by accident or enemy action, and another 1,600 won decorations for meritorious service. These nurses address the extreme difficulties of dealing with combat and its effects in World War II, and their stories are all the more valuable to women's and military historians because they tell of the war from a very different viewpoint than that of male officers. Although they were unable to achieve full equality for American women in the military during World War II, army nurses did secure equal pay allowances and full military rank, and they proved beyond a doubt their ability and willingness to serve and maintain excellent standards of nursing care under difficult and often dangerous conditions.

Role Development in Professional Nursing Practice Kathleen Masters, 2015-11-18 *Role Development in Professional Nursing Practice*, Fourth Edition, continues to leverage the Nurse of the Future competency model and maintains a focus on the socialization of the professional role.

The Ladies' Repository, 1869 The idea of this women's magazine originated with Samuel Williams, a Cincinnati Methodist who thought that Christian women needed a magazine less worldly than Godey's Lady's Book and Snowden's Lady's Companion. Written largely by ministers, this exceptionally well-printed little magazine contained well-written essays of a moral character, plenty of poetry, articles on historical and scientific matters, and book reviews. Among western writers were Alice Cary, who contributed over a

hundred sketches and poems her sister Phoebe Cary Otway Curry Moncure D Conway and Joshua R Giddings and New England contributors included Mrs Lydia Sigourney Hannah F Gould and Julia C R Dorr By 1851 each issue published a peice of music and two steel plates usually landscapes or portraits When Davis E Clark took over the editorship in 1853 the magazine became brighter and attained a circulation of 40 000 Unlike his predecessors Clark included fictional pieces and made the Repository a magazine for the whole family After the war it began to decline and in 1876 was replaced by the National Repository The Ladies Repository was an excellent representative of the Methodist mind and heart Its essays sketches and poems its good steel engravings and its moral tone gave it a charm all its own Cf American periodicals 1741 1900

Women on the Civil War Battlefield Richard Hall,2006 Drawing on a wealth of regimental histories newspaper archives and a host of previously unreported accounts Hall shows that women served in more capacities and in greater number perhaps several thousand than has previously been

known They served in the infantry cavalry and artillery and as spies scouts saboteurs smugglers and frontline nurses From all walks of life they followed husbands and lovers into battle often in male disguise that remained undiscovered until they were wounded or gave birth and endured the same hardships and dangers as did their male counterparts

A Nurse's Life in War and Peace Eleanor Constance Laurence,1912 PREFACE The charm of these letters it will at once be found depends upon their simplicity their artlessness their obvious candour They present a plain untinted account of a nurse s career of the difficulties she has to face and the problems she has to solve Those who wish to know something of a nurse s life and times will find in this writing a convincing narrative unemotional and matter of fact This is no small merit since the record of nursing experiences is apt to be blurred by exaggeration or made nauseous by sickly romance There is pathos enough in the sick room and in the presence of death but those who come in touch with it would do better to hush the knowledge in their hearts rather than to proclaim it on the house tops Apart from this the world must be a little weary of the astute sick child who lisps melodrama into the ear of the kind nurse as well as of the bizarre aphorisms of the dying tramp Ordered to Care Susan M. Reverby,Susan Reverby,1987-08-28 An engaging study of the dilemmas faced by American nursing which examines the ideology practice and efforts at reform of both trained and untrained nurses in the years between 1850 and 1945 Ordered to Care provides an overall history of nursing s development and places that growth within the context of topical questions raised by women s history and the social history of health care Building upon extensive use of primary and quantitative data the author creates a collective portrait of nursing from the work of the individual nurse to the political efforts of its organizations Dr Reverby contends that nursing s contemporary difficulties are caused by its historical obligation to care in a society that refuses to value caring She examines the historical consequences of this critical dilemma and concludes with a discussion of why nursing will have to move beyond its obligation to care and what the implications of this change would be for all of us Yank ,1942 *The American Experience in World War II: The United States and the*
