Anna Di Lellio, Garentina Kraja

Paper House The Ending Of Yugoslavia:

A Paper House Mark Thompson, 1992 Paper House Mark Thompson, 1992 The Dissolution of Yugoslavia and the Badinter Arbitration Commission Steve Terrett, 2017-11-22 This title was first published in 2000 Yugoslavia dissolved at a time when rhetoric of the New World Order was firmly established in legal and political discourse Nevertheless the largely positive appraisal of international law's response to the Iraq Kuwait conflict has not been mirrored in relation to Yugoslavia This book evaluates the peace making efforts of the major institutional actors whilst focusing specifically on the Badinter Arbitration Commission an ad hoc EC created organ required to provide legal advice on the issues surrounding Yugoslavia's dissolution Initially composed of constitutional lawyers aiming to redraft Yugoslavia's constitution the Commission soon faced problems of public international law Its jurisprudence challenges international lawyers to reassess their state centric conceptions of international law in a world where most conflicts war crimes and human rights abuses exist within rather than between States This book is vital reading for anyone interested in international law international relations politics and central eastern European studies *Contested Nationalism* Nina Caspersen, 2010 Only unity saves the Serbs is the famous call for unity in the Serb nationalist doctrine But even though this doctrine was ideologically adhered to by most of the Serb leaders in Croatia and Bosnia disunity characterized Serb politics during the Yugoslav disintegration and war Nationalism was contested and nationalist claims to homogeneity did not reflect the reality of Serb politics This book provides a comprehensive analysis of Serb politics and challenges widespread assumptions regarding the Yugoslav conflict and war It finds that although Slobodan Milosevic played a highly significant role he was not always able to control the local Serb leaders Moreover it adds to the emerging evidence of the lack of importance of popular attitudes hardline dominance was generally based on the control of economic and coercive resources rather than on elites successfully playing the ethnic card It moves beyond an assumption of automatic ethnic outbidding and thus contributes toward a better understanding of intra ethnic rivalry in other cases such as Israel Palestine Northern Ireland Nagorno Karabakh and Rwanda **The Strongest Link** Anna Di Lellio, Garentina Kraja, 2025-06-12 From February 1998 until June 1999 a war between the forces of the Federal Republic of Yugoslavia and the separatist Kosovo Liberation Army ravaged Kosovo The counterinsurgency quickly turned into a state led campaign of ethnic cleansing that resulted in the killing deportation and rape of thousands of Albanian civilians While it is estimated that over 20 000 women were victims of sexual violence during the war for nearly two decades after its end few survivors have come forward to publicly discuss what they endured In *The Strongest Link* Anna Di Lellio and Garentina Kraja aim to break that silence by presenting an oral history of women who survived weaponized rape during the Kosovo War In their own voices twenty women describe the war's terror as well as the nightmares that still haunt them today Through these narratives readers are given a glimpse into what it's like to be a woman whose life has been altered and undone by a violent regime war and patriarchal rules We see how these women suffered but also how they exhibited

immense bravery and an unflagging dedication to their families and communities Di Lellio and Kraja contextualize these narratives within a history of state repression ethnic cleansing and lack of justice By weaving these women s stories together and placing them within a chronological storyline these stories can be read as one might listen to a choir Each woman s unique voice and story can be heard but their power lies in a shared song a story of courage and strength One Europe, Many Nations James B. Minahan, 2000-07-30 Dominating world politics since 1945 the Cold War created a fragile peace while suppressing national groups in the Cold War s most dangerous theater Europe Today with the collapse of Communism the European Continent is again overshadowed by the specter of radical nationalism as it was at the beginning of the century Focusing on the many possible conflicts that dot the European landscape this book is the first to address the Europeans as distinct national groups not as nation states and national minorities It is an essential guide to the national groups populating the so called Old World groups that continue to dominate world headlines and present the world community with some of its most intractable conflicts While other recent reference books on Europe approach the subject of nations and nationalism from the perspective of the European Union and the nation state this book addresses the post Cold War nationalist resurgence by focusing on the most basic element of any nationalism the nation It includes entries on nearly 150 groups surveying these groups from the earliest period of their national histories to the dawn of the 21st century In short essays highlighting the political social economic and historical evolution of peoples claiming a distinct identity in an increasingly integrated continent the book provides both up to date information and historical background on the European national groups that are currently making the news and those that will produce future headlines **The Dark Side of Democracy** Michael Mann, 2005 Publisher Description **Balkan Tragedy** Susan L. Woodward, 1995-04-01 Yugoslavia was well positioned at the end of the cold war to make a successful transition to a market economy and westernization Yet two years later the country had ceased to exist and devastating local wars were being waged to create new states Between the fall of the Berlin Wall in November 1989 and the start of the war in Bosnia Herzegovina in March 1992 the country moved toward disintegration at astonishing speed The collapse of Yugoslavia into nationalist regimes led not only to horrendous cruelty and destruction but also to a crisis of Western security regimes Coming at the height of euphoria over the end of the cold war and the promise of a new world order the conflict presented Western governments and the international community with an unwelcome and unexpected set of tasks Their initial assessment that the conflict was of little strategic significance or national interest could not be sustained in light of its consequences By 1994 the conflict had emerged as the most challenging threat to existing norms and institutions that Western leaders faced And by the end of 1994 more than three years after the international community explicitly intervened to mediate the conflict there had been no progress on any of the issues raised by the country s dissolution In this book Susan Woodward explains what happened to Yugoslavia and what can be learned from the response of outsiders to its crisis She argues that focusing on ancient ethnic hatreds and military

aggression was a way to avoid the problem and misunderstood nationalism in post communist states The real origin of the Yugoslav conflict Woodward explains is the disintegration of governmental authority and the breakdown of a political and civil order a process that occurred over a prolonged period The Yugoslav conflict is inseparable from international change and interdependence and it is not confined to the Balkans but is part of a more widespread phenomenon of political disintegration Woodward s analysis is based on her first hand experience before the country s collapse and then during the later stages of the Bosnian war as a member of the UN operation sent to monitor cease fires and provide humanitarian assistance She argues that Western action not only failed to prevent the spread of violence or to negotiate peace but actually exacerbated the conflict Woodward attempts to explain why these challenges will not cease or the Yugoslav conflicts end until the actual causes of the conflict the goals of combatants and the fundamental issues they pose for international order are better understood and addressed

From Peacekeeping to Peacemaking Nicholas Gammer, Teleglobe Raoul-Dandurand Chair of Strategic and Diplomatic Studies, Université du Québec à Montréal. Centre d'études des politiques étrangères et de sécurité, 2001 This examination of Canada s response to the disintegration of the Federal State of Yugoslavia considers how Canadian foreign policy was formed and the role of the prime minister in this decision making Gammer political science Okanagan University College argues that Mulroney used his office to redefine international standards on humanitarian intervention Gammer also outlines the risks in doing this and considers the impact of Mulroney s stance on the behavior of Canadian troops He considers the role of political leadership in foreign affairs and its relationship to legitimacy c Book News Inc

The Politics of the Extreme Right Paul Hainsworth, 2016-10-06 Fascist authoritarian anti Semitic and extremist movements made a powerful and devastating contribution to the 20th century While the experiences of the 1930s and 1940s served to delegitimise such forces contemporary Europe and the USA have witnessed the resurgence of extreme right wing politics Rapid socio economic change the appeal of nationalism the failures of mainstream political parties and intense campaigning around issues such as immigration security and unemployment have all fuelled the phenomenon This book a sequel to *The Extreme Right in Europe and the USA* provides a comprehensive and analysis of the nature and prevalence of extreme right movements in Europe both West and East and in the USA at the turn of the millennium The authors reveal the uneven process of extreme right wing revival which has varied from country to country depending on specific political cultures and circumstances with some movements confined to the margins while others have moved towards the political mainstream They examine the ideas policies personalities organizations voters and reasons for the success of extreme right wing movements in a range of countries as well as providing a more general examination of the nature and politics of the extreme right

Dismembering the State P. H. Liotta, 2001-01-01 P H Liotta s previous book *The Wreckage Reconsidered* was acclaimed as a tour de force of scholarship In *Dismembering the State* Liotta continues to challenge numerous assumptions about the disintegration of Yugoslavia His research uses an ecological or holistic perspective to address

interwoven questions such as the role of military intervention as coercive diplomacy the use of chaos as a strategy against America s and NATO s technological military predominance and the influence of post Cold War European democratic and economic reforms This book considers how a host of factors from 1991 to 1999 combined to contribute significantly to both the disintegration of the nation state and to the continued instability of the present states of the former Yugoslavia Of interest to both scholars and sophisticated lay readers Liotta has fashioned a scholarly assessment of this timely and complex topic that promises to be as innovative as it is erudite **The formation of Croatian national identity** Alex

Bellamy,2013-07-19 This electronic version has been made available under a Creative Commons BY NC ND open access license This book assesses the formation of Croatian national identity in the 1990s It develops a novel framework calling into question both primordial and modernist approaches to nationalism and national identity before applying that framework to Croatia In doing so the book provides a new way of thinking about how national identity is formed and why it is so important An explanation is given of how Croatian national identity was formed in the abstract via a historical narrative that traces centuries of yearning for a national state The book shows how the government opposition parties dissident intellectuals and diaspora groups offered alternative accounts of this narrative in order to legitimise contemporary political programmes based on different versions of national identity It then looks at how these debates were manifested in social activities as diverse as football religion economics and language This book attempts to make an important contribution to both the way we study nationalism and national identity and our understanding of post Yugoslav politics and society Nation and

Identity in Contemporary Europe Brian Jenkins,Spyros A. Sofos,2003-09-02 The resilience of nationalism in contemporary Europe may seem paradoxical at a time when the nation state is widely seen as being in decline The contributors of this book see the resurgence of nationalism as symptomatic of the quest for identity and meaning in the complex modern world Challenged from above by the supranational imperatives of globalism and from below by the complex pluralism of modern societies the nation state in the absence of alternatives to market consumerism remains a focus for social identity Nation and Identity in Contemporary Europe takes a fully interdisciplinary and comparative approach to the national question Individual chapters consider the specifics of national identity in France Germany Britain Italy Iberia Russia the former Yugoslavla and Poland while looking also at external forces such as economic globalisation European supranationalism and the end of the Cold War Setting current issues and conflicts in their broad historical context the book reaffirms that nations are not natural phenomena but constructed forms of social identity whose future will be determined in the social arena The History of

Serbia John K. Cox,2002-05-30 With the outbreak of war in the former Yugoslavia in 1991 interest in Balkan history has increased and become emotionally charged This balanced and engagingly written history of Serbia will help readers to understand the complex web of Serbian history politics society and culture and how the Serbs have dealt with the many political military and socioeconomic challenges in their history It attempts to remove the veil of stereotypes and myths

obscuring the significant details and developmental processes in the history of Serbia and in its relations with its neighbors In addition to examining the political history of Serbia in the context of Central Europe the author a specialist in Balkan history shows how societal and cultural developments affected Serbian history and reflected political and economic events A timeline of significant events in the history of Serbia and an introductory chapter on Serbia today are followed by 12 chronologically organized narrative chapters that tell the story of this land from the splendor of medieval Serbia to a new beginning after the downfall of Slobodan Milosevic Four historical maps brief biographies of key figures in Serbian history a glossary of terms and a bibliographic essay provide valuable resource material for readers Every library should update its collection of materials on Serbia with this current history Saviours of the Nation Jasna Dragovic-Soso,2002-10-09 Jasna Dragovi Soso asks why this strong and apparently democratic opposition movement subsequently turned towards an extreme form of nationalism and had by the end of the 1980s accepted Milo evi s undemocratic policies Based on the author s extensive primary source research and interviews with key protagonists Saviours of the Nation examines both the causes and the consequences of the opposition s transformation into a nationalist force Highlighting the role of historical context it argues that three main factors contributed to the intellectuals elaboration of a radical nationalist ideology abandonment of cultural Yugoslavism in conjunction with the post Tito crisis of the state difficulties in solving the thorny Kosovo question and relationships between the dissidents and their Slovenian counterparts Soso also includes a thorough analysis of the Memorandum of the Serbian Academy and the intellectuals relations with Milo evi She argues that the intellectual opposition s search for Serbian statehood at any price undermined its ability to present a convincing political alternative allowing the regime to overcome its crisis of legitimacy and continue its reckless and belligerent policies The Balkans After the Cold War Tom Gallagher,2003-09-02 At the end of the Cold War the Balkan states of South East Europe were in crisis They had emerged from two decades of hardline communism with their economies in disarray and authoritarian leaders poised to whip up nationalist feelings so as to cling on to power The break up of Yugoslavia followed in 1991 along with prolonged instability in Romania Bulgaria and Albania The Balkans After The Cold War analyzes these turbulent events which led to violence on a scale not seen in Europe for nearly 50 years and offers a detailed critique of Western policy towards the region This volume follows on from the recently published Outcast Europe The Balkans 1789 1989 from the Ottomans to Milosevic also by Tom Gallagher **The American Bibliography of Slavic and East European Studies** Patt Leonard,Rebecca Routh,2020-02-27 This bibliography first published in 1957 provides citations to North American academic literature on Europe Central Europe the Balkans the Baltic States and the former Soviet Union Organised by discipline it covers the arts humanities social sciences life sciences and technology Historical Dictionary of Croatia Robert Stallaerts,2009-12-22 Croatia a former republic of Yugoslavia has been a self declared independent state since July 25 1991 To its own people however it is a much older country that is finally getting another chance to forge a nation The Croats trace their roots back

many centuries and the depth of this resurgent nationalism helps explain why Yugoslavia split as it did and where it did As Croatia and its people try to make a success of their new state they can take hope in the notable progress that has already been made in regards to its economic restructuring democratization and a rapprochement with their neighbors and Europe more broadly The third edition of the Historical Dictionary of Croatia relates the history of this country through a detailed chronology an introduction a bibliography and cross referenced dictionary entries on significant persons places and events institutions and organizations and political economic social cultural and religious facets **A Slow Burning Fire** Marko Ilic, 2021-02-16 Yugoslavia s diverse and interconnected art scenes from the 1960s to the 1980s linked to the country s experience with socialist self management In Yugoslavia from the late 1960s to the late 1980s state supported Student Cultural Centers became incubators for new art This era s conceptual and performance art known as Yugoslavia s New Art Practice emerged from a network of diverse and densely interconnected art scenes that nurtured the early work of Marina Abramovi Sanja Ivekovi Neue Slowenische Kunst NSK and others In this book Marko Ili offers the first comprehensive examination of the New Art Practice linking it to Yugoslavia s experience with socialist self management and the political upheavals of the 1980s *War and Change in the Balkans* Brad K. Blitz, 2006-10-12 A contemporary history of the Balkans from the break up of Yugoslavia to the present day first published in 2006

Paper House The Ending Of Yugoslavia: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the fascinating narratives that have charmed audiences this year. The Must-Read : Colleen Hoover "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Paper House The Ending Of Yugoslavia : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and suspenseful novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
