Passions Slave:

The Passions Robert C. Solomon, 1993-01-01 An abridged reprint of the Doubleday edition of 1976 with new preface and conclusion by the author **Passion's slave** Richard Ashe King, 1889 *Teaching on the Fight Against the Main Sinful Passions and on the Christian Virtues - Love, Humility, Meekness* varios Church Fathers, Wealth without work Pleasure without conscience Science without humanity Knowledge without character Politics without principle Commerce without morality Worship without sacrifice <https://vidjambov.blogspot.com/2023/01/book-inventory-vladimir-djambov-talmach.html> The goal of the Christian life is to acquire the Holy Spirit in communion with God Communion with God is the essence of our salvation in Christ Jesus our Lord The path to salvation is the fulfillment of the commandments of God life in Christ or what is the same the Christian pious virtuous life The Christian virtuous life of every Christian has two essential aspects the struggle against tempting evil the struggle against sinful passions and vices and the acquisition of Christian virtues This book is devoted to these vital issues the fight against the main sinful passions vices and the acquisition of basic Christian virtues This far from finished work arose on the basis of conversations that the author acting as a mentor conducted with students of the seminary These conversations have been completed and expanded brought into the system Many books have been written on the fight against passions and on Christian virtues by people experienced in the spiritual life under the guidance of Sts fathers There are also extensive scientific works from the field of asceticism This same book is not a scientific treatise or study rather it is a systematized collection of patristic thoughts on individual most important issues of active Christian life which has mainly a moral and edifying purpose The author in his work sought to present the patristic teaching and experience in a form that is understandable and intelligible to the modern reader and to show their necessary applicability in the life of every Christian for the commandments of God and the laws of spiritual life are common to all Christians no matter what way of life and ascetic labor they pursue In particular the author had in mind that the book would serve as a manual for students of the seminary candidates for the priesthood so that they could get acquainted with the patristic teaching on this issue in an assembled form Acquaintance of the candidate of the priesthood with the questions of Christian asceticism according to the teaching and experience of Sts fathers and ascetics is of great importance for their future pastoral activity The second and immediate goal of writing this work was also one's own benefit in order to move oneself to correction to the denunciation of one's poor soul so that although being ashamed of words as St John of the Ladder began to work having not yet acquired any good deed but only words And Rev Nilus of Sinai points out that he who does not do good should speak of good things so that being ashamed of words he begins deeds 2 The book is divided into two parts The first part gives general concepts about sin sinful passions and self love as the source of all sin and vice Then a strategic teaching is presented about each of the main passions separately about pride and vanity about gluttony and fornication and the fight against them about greed and anger about envy slander and condemnation and finally about sinful sadness and despondency The second part is

devoted to the study of the main Christian virtues love humility meekness temperance and chastity those virtues that a Christian needs to acquire in the active eradication of the above main passions Therefore when studying chapters for example on carnal passions gluttony and fornication it is useful to follow this from the 2nd part to assimilate the patristic teaching about the main eradicators of these passions the virtues of temperance and chastity When studying the issue of struggle with self love pride greed and envy one should follow this by studying the patristic teaching on love and humility Anger has its opposite in meekness etc

Preaching Bondage Chris L. De Wet, 2025-04-29 Preaching Bondage introduces and investigates the novel concept of doulology the discourse of slavery in the homilies of John Chrysostom the late fourth century priest and bishop Chris L de Wet examines the dynamics of enslavement in Chrysostom's theology virtue ethics and biblical interpretation and shows that human bondage as a metaphorical and theological construct had a profound effect on the lives of institutional slaves The highly corporeal and gendered discourse associated with slavery was necessarily central in Chrysostom's discussions of the household property education discipline and sexuality De Wet explores the impact of doulology in these contexts and disseminates the results in a new and highly anticipated language bringing to light the more pervasive fissures between ancient Roman slaveholding and early Christianity The corpus of Chrysostom's public addresses provides much of the literary evidence for slavery in the fourth century and De Wet's convincing analysis is a groundbreaking contribution to studies of the social world in late antiquity

Living with Nietzsche Robert C. Solomon, 2003-08-21 Friedrich Nietzsche is one of the most popular and controversial philosophers of the last 150 years Narcissistic idiosyncratic hyperbolic irreverent never has a philosopher been appropriated deconstructed and scrutinized by such a disparate array of groups movements and schools of thought Adored by many for his passionate ideas and iconoclastic style he is also vilified for his lack of rigor apparent cruelty and disdain for moral decency In *Living with Nietzsche* Solomon suggests that we read Nietzsche from a very different point of view as a provocative writer who means to transform the way we view our lives This means taking Nietzsche personally Rather than focus on the true Nietzsche or trying to determine what Nietzsche really meant by his seemingly random and often contradictory pronouncements about the Big Questions of philosophy Solomon reminds us that Nietzsche is not a philosopher of abstract ideas but rather of the dazzling personal insight the provocative challenge the incisive personal probe He does not try to reveal the eternal verities but he does powerfully affect his readers goading them to see themselves in new and different ways It is Nietzsche's compelling invitation to self scrutiny that fascinates us engages us and guides us to a rich inner life Ultimately Solomon argues Nietzsche is an example as well as a promulgator of passionate inwardness a life distinguished by its rich passions exquisite taste and a sense of personal elegance and excellence

She Is Weeping Dannelle Gutarra Cordero, 2021-11-18 Dannelle Gutarra Cordero's expansive study incorporates writers cultural figures and intellectuals from antiquity to the present day to analyze how discourses on emotion serve to create and maintain White

supremacy and racism Throughout history scientific theories have played a vital role in the accumulation of power over colonized and racialized people Scientific intellectual discourses on race gender and sexuality characterized Blackness as emotionally distinct in both deficiency and excess a contrast with the emotional benevolence accorded to Whiteness Ideas on racialized emotions have simultaneously driven the development of devastating body politics by enslaving structures of power Bold and thought provoking *She Is Weeping* provides a new understanding of racialized emotions in the Atlantic World and how these discourses proved instrumental to the rise of slavery and racial capitalism racialized sexual violence and the expansion of the carceral state ***Slavery in the Cultural Imagination*** MARRIGJE PAIJMANS, Karwan Fatah-Black, 2025-10-01

With the rising tide of scholarly and societal interest in the history and legacy of colonialism and slavery this collection offers a much needed diachronic analysis of the cultural representations of the lives and afterlives of those subjected to slavery and indenture It focuses on the history of the neerlandophone space defined as the complex linguistic space spanning former Dutch colonies This collection gives a *longue dur e* overview with cases from the early modern period to the present day revealing the deep roots of the colonial cultural archive Scholars from a wide variety of disciplines demonstrate how attention to the layered and polyphonic qualities of narratives can reveal silent and disruptive voices in colonial discourse as well as collective emotions and imaginations that have hitherto remained unrecorded in historical sources They discuss different aesthetic poetic and storytelling practices including literature archival and legal documents performance architecture photography and philosophy formed both in the metropolis and by enslaved and indentured peoples in the colonies **The Unbound God** Chris L. de Wet, 2017-07-14 This volume examines the prevalence function and socio political effects of slavery discourse in the major theological formulations of the late third to early fifth centuries AD arguably the most formative period of early Christian doctrine The question the book poses is this in what way did the Christian theologians of the third fourth and early fifth centuries appropriate the discourse of slavery in their theological formulations and what could the effect of this appropriation have been for actual physical slaves This fascinating study is crucial reading for anyone with an interest in early Christianity or Late Antiquity and slavery more generally **Hamlet and Emotions** Paul Megna, Brid Phillips, R.S. White, 2019-02-01 This volume bears potent testimony not only to the dense complexity of Hamlet's emotional dynamics but also to the enduring fascination that audiences adaptors and academics have with what may well be Shakespeare's moodiest play Its chapters explore emotion in Hamlet as well as the myriad emotions surrounding Hamlet's debts to the medieval past its relationship to the cultural milieu in which it was produced its celebrated performance history and its profound impact beyond the early modern era Its component chapters are not unified by a single methodological approach Some deal with a single emotion in Hamlet while others analyse the emotional trajectory of a single character and still others focus on a given emotional expression e.g. sighing or crying Some bring modern methodologies for studying emotion to bear on Hamlet others explore how Hamlet anticipates modern discourses on emotion and still others

ask how Hamlet itself can complicate and contribute to our current understanding of emotion **Jewish Slavery in Antiquity** Catherine Hezser,2005-12-22 This book is the first comprehensive analysis of Jewish attitudes towards slavery in Hellenistic and Roman times Against the traditional opinion that after the Babylonian Exile Jews refrained from employing slaves Catherine Hezser shows that slavery remained a significant phenomenon of ancient Jewish everyday life and generated a discourse which resembled Graeco Roman and early Christian views while at the same time preserving specifically Jewish nuances Hezser examines the impact of domestic slavery on the ancient Jewish household and on family relationships She discusses the perceived advantages of slaves over other types of labor and evaluates their role within the ancient Jewish economy The ancient Jewish experience of slavery seems to have been so pervasive that slave images also entered theological discourse Like their Graeco Roman and Christian counterparts ancient Jewish intellectuals did not advocate the abolition of slavery but they used the biblical tradition and their own judgements to ameliorate the status quo
