guiding principles of governance **Manhood Acts** Michael Schwalbe, 2015-11-17 In *Manhood Acts* Michael Schwalbe offers a new perspective on the social construction of manhood and its relationship to male domination. Schwalbe argues that study of masculinity has lost touch with its feminist roots and has been seduced by the politically safe notion of multiple masculinities. *Manhood Acts* delineates the practices males use to construct women and men as unequal categories. Schwalbe reclaims the radical feminist insights that gender is a field of domination not a field of play and that manhood is fundamentally about exerting or resisting control. *Manhood Acts* arrives at the conclusion that abolishing gender as a system of oppression will require more than transgressive self presentation. It will be necessary to end the exploitive economic relationships that necessitate manhood itself.

Marxist Humanism and Communication Theory Christian Fuchs, 2021-03-16 This book outlines and contributes to the foundations of Marxist humanist communication theory. It analyses the role of communication in capitalist society. Engaging with the works of critical thinkers such as Erich Fromm, E. P. Thompson, Raymond Williams, Henri Lefebvre, Georg Lukács, Lucien Goldmann, Günther Anders, M. N. Roy, Angela Davis, C. L. R. James, Rosa Luxemburg, Eve Mitchell, and Cedric J. Robinson, the book provides readings of works that inform our understanding of how to critically theorise communication in society. The topics covered include the relationship of capitalism, racism, and patriarchy; communication and alienation; the base-superstructure problem; the question of how one should best define communication; the political economy of communication; ideology critique; the connection of communication and struggles for alternatives. Written for a broad audience of students and scholars interested in contemporary critical theory, this book will be useful for courses in media and communication studies, cultural studies, Internet research, sociology, philosophy, political science, and economics. This is the first of five *Communication and Society* volumes, each one outlining a particular aspect of the foundations of a critical theory of communication in society.

Black Convicts Santilla Chingaipe, 2024-10-30 Longlisted for the 2025 Stella Prize Readings Best Books of 2024 Non Fiction. The story of Australia's Black convicts has been all but erased from our history. In recovering their lives, Santilla Chingaipe offers a fresh understanding of this fatal shore, showing how empire, slavery, race, and memory have shaped our nation. The defining read of the decade. This is a work of global significance. Meanjin. On the First Fleet of 1788, at least 15 convicts were of African descent. By 1840, the number had risen to almost 500. Among them were David Stuurman, a revered South African chief transported for anti-colonial insurrection; John Caesar, who became Australia's first bushranger; Billy Blue, the stylishly dressed ferryman who gave his name to Sydney's Blues Point; and William Cuffay, a prominent London Chartist who led the development of Australia's labour movement. Two of the youngest were cousins from Mauritius, girls aged just 9 and 12, sentenced over a failed attempt to poison their mistress. But although some of these lives were documented and their likenesses hang in places like the National Portrait Gallery, even their descendants are often unaware of their existence. By uncovering lives whitewashed out of our history in stories spanning Africa, the Americas, and Europe, *Black Convicts* also

traces Australia's hidden links to slavery which both powered the British Empire and inspired the convict system itself. Situating European settlement in its global context Chingaipe shows that the injustice of dispossession was driven by the engine of labour exploitation. Black Convicts will change the way we think about who we are. **The ^A Struggle for Freedom from Fear** Alison Brysk, 2018-08-01

How can we understand and contest the global wave of violence against women? In this book Alison Brysk shows that gender violence across countries tends to change as countries develop and liberalize but not in the ways that we might predict. She shows how liberalizing authoritarian countries and transitional democracies may experience more shifting patterns and greater levels of violence than less developed and democratic countries due to changes and uncertainties in economic and political structures. While a combination of international action, law, public policy, civil society mobilization and changes in social values work to decrease gender violence, Brysk assesses the potential limits and balance of these measures. *The Kpim of Feminism* Uzoma Ukagba, George Uzoma Ukagba, George Uzoma Ukagba, 2010-02. The idea behind *The Kpim of Feminism* was rooted in the mind of Fada Iroegbu in 2004 following a friendly but heated argument he had with Mrs Wioletta Ukagba, the wife of one of the current co-editors of this book, who challenged Fada Iroegbu to direct his sharp brain and pen to the defence of women, especially the Nigerian women who were and still are passing through various kinds of transvaluation of values, economic exploitation, cultural and scientific manipulations, political marginalization and irredentism and various shades of sexualisation, harassment, exploitation and commercialization. Fada Iroegbu took up this challenge to kpinimize womanhood but unfortunately was unable to completely realise his dream before death struck. As it is with many great and indefatigable minds or thinkers who left behind unfinished works, we, his friends, family, interlocutors, well-wishers, men and women of good will, have come together to actualize one of his felt knowledge dreams. The fight for equality between women and men can sometimes not only be exaggerated but also plunged in controversy; we cannot fathom. The search for the truth about the relationship that ought to exist between male and female should constitute *The Kpim of Feminism*. Dr George Uzoma Ukagba, Editor, University of Benin. In light of the word feminism conjuring up different images to different people, *The Kpim of Feminism* reflects the sensitivity and objectivity to the concept of feminism by scholars drawing from their fields and life experiences. The book insists that women and men be encouraged to emancipate and empower one another together. Dr Obioma Des Obi, Editor, Imo State University. *The Kpim of Feminism*, a rare harvest of academic erudition from across the globe, showcases the different modalities from which issues, theories and debates on feminism and other gender-related polemics, past, present and future, could be considered. Dr Iks J Nwankwor, Editor, University of Uyo. Without mincing words, this book is a welcome intellectual assembly and has come out at the right time with deep critical insights and values for students, researchers and public and policy issues in both local and global prospects. Patrick Iroegbu, Ph.D., *The Kpim Book Project Series* Coordinator, Father Pantaleon Iroegbu Foundation Grant, MacEwan University. *Feminist Interpretations of Mary Astell* Alice Sowaal, Penny A.
