Success for All Robert E. Slavin, Nancy A. Madden, 2001-01-01

Success for All is a comprehensive reform model for elementary school that combines state of the art curriculum research based instructional methods assessments and professional development with one to one tutoring extensive family support services and other strategies to ensure that every child is successful in the early grades and then builds on that success throughout the elementary years Started in 1987 it is the most widely used of all reform designs It is currently in about 1800 schools serving more than a million U S children mostly in high poverty schools It is also the most extensively researched comprehensive reform program with two dozen evaluations carried out in eight research institutions Success for All Research and Reform in Elementary Education is the first edited volume presenting research on Success for All in the U S and in five other countries for which the program has been adapted This book presents a description of Success for All an overall summary of all achievement studies reviews of research original presentations of new research and discussions of the impacts and the implications of this research and dissemination for educational policy and practice in many arenas

Reading for Success in the Elementary School Earl H. Cheek, Rona F. Flippo, Jimmy D. Lindsey, 1996

Learning to Read and Write in One Elementary School Connie Juel, 2012-12-06

When a fourth grade student Jenny was asked about reading she stated I love to read you get real neat ideas I really like books about animals and biographies I m writing my autobiography now Oh I also really like Judy Blume books Her enthusiasm for reading is evident as she tells you about the Judy Blume book she just read Are You There God It s Me Margaret 1970 Jenny reads almost every night at home Jenny s classmate through 4 years of elementary school Anna responds when asked about reading I hate to read it s boring Anna says she never reads at home She says she d rather watch television or play with friends Anna would even rather clean her room than read She explains I d rather clean my room because it makes the room look neat Reading makes my head hurt because it s so boring and no fun Jenny and Anna attended a large neighborhood elementary school in Austin Texas The school is located in a lower socioeconomic status SES area of small houses duplexes mld apartments About 45% of the children at the school are Hispanic 35% are African American and 20% are Anglo The school consistently ranks among the lowest schools in the district on standardized reading achievement tests Upon entering first grade neither Jenny nor Anna could read the words that were to appear in their first preprimer reader

Practice books are often simple how to lists or straightforward recipes and the practitioner still does not know why the activity is related to the

outcome they seek In essence they lose how the specifics of the practice are related to the theory of change or the theory of how the problem developed in the first place This leads to practitioners potentially removing crucial elements of best practice procedures when making modifications to tackle new or different problems in an unfamiliar context By understanding the theoretical underpinnings practitioners can better plan for adjustments because they know how the outcomes they seek are informed by the theory Engagingly written and perfect for day to day use this book translates state of the art research and interdisciplinary theory into practical recommendations for those working with children and adolescents A Course of Study for the Elementary Schools of Wisconsin Wisconsin.
