Reading the Gospels--a Guide to Readers and Teachers J. Kingsley Dalpadado,1976 *Reading the Gospels Wisely* Jonathan T. Pennington,2012-07-01 This textbook on how to read the Gospels well can stand on its own as a guide to reading this New Testament genre as Scripture It is also ideally suited to serve as a supplemental text to more conventional textbooks that discuss each Gospel systematically Most textbooks tend to introduce students to historical critical concerns but may be less adequate for showing how the Gospel narratives read as Scripture within the canonical framework of the entire New Testament and the whole Bible yield material for theological reflection and moral edification Pennington neither dismisses nor duplicates the results of current historical critical work on the Gospels as historical sources Rather he offers critically aware and hermeneutically intelligent instruction in reading the Gospels in order to hear their witness to Christ in a way that supports Christian application and proclamation An Introduction to The Gospels Mitchell G. Reddish,2011-09-01 An Introduction to the Gospels is designed to be a textbook for courses on the Gospels for use at the college and beginning seminary level Reflecting the most recent scholarship and written in an accessible style the volume covers all four of the Gospels including a survey of the world of the Gospels The book opens with a discussion of the origin development and interrelationships of the Four Gospels After a chapter length treatment of each canonical Gospel and the non canonical Gospels the work concludes with a discussion of the historical Jesus debate In An Introduction to the Gospels Mitchell G Reddish provides a solid convenient survey of the Gospels in an accessible textbook format presents up to date scholarship in a field that has been dominated by older texts gives a balanced presentation of the content of the Gospels **Religious Books, 1876-1982** ,1983 Prepared by the R R Bowker Company s Department of Bibliography in collaboration with the Publications Systems Department Page opposite t p Includes indexes Author Index 3901 4069 Title Index 4071 4389

Gospels before the Book Matthew Larsen, 2018-07-02. What does it look like to read the texts we now call the gospels like first and second century readers? There is no evidence of anyone regarding the gospel as a book published by an author until the end of the second century. So put differently, what does it mean to read the gospels before the book? For centuries, the ways people discuss the gospels have been shaped by later ideas that have more to do with the printing press and modern notions of the author than ancient writing and reading practices. In *Gospels before the Book*, Matthew D. C. Larsen challenges several subtle yet problematic assumptions about authors, books, and publication at work in early Christian studies. He then explores a host of underappreciated elements of ancient textual culture, such as unfinished texts, accidental publication, post-publication revision, and the existence of multiple authorized versions of the same work. Turning to the gospels, he argues that the earliest readers and users of the text we now call the Gospel according to Mark treated it not as a book published by an author but as an unfinished, open, and fluid collection of notes, *hypomnemata*. In such a scenario, the Gospel according to Matthew would not be regarded as a separate book published by a different author but as a continuation of the same unfinished gospel tradition. Similarly, it is not the case that of the five different endings in the textual tradition we now call the Gospel according to Mark, one is right and the others are wrong. Rather, each represents its own

effort to fill a perceived deficiency in the gospel Larsen offers a new methodological framework for future scholarship on early Christian gospels **Bible Teacher's Commentary** Larry Richards, Lawrence O. Richards, 2002 In this outstanding Christian Education resource the entire Bible Genesis 1 to Revelation 22 is divided into teachable units There are many link to life ideas to help teach each unity to any age group **The Gospel to the Romans [electronic resource]** Brian J. Incigneri, 2003-01-01 This book proposes that Mark's Gospel was written in late 71 for the traumatised Christians of Rome who feared further arrests after Titus return from Jerusalem to help them face their fears and forgive those who had already failed
