**No Passion Spent** George Steiner, 1996 Spanning a considerable time these essays turn on a central theme what is meant by reading a serious text at a time when theories of language and literature question the very possibility of any agreed meaning and at a time when new technologies seem likely to replace books as we have known them since Gutenberg The question is brought to bear deliberately on the Bible Homer and Shakespeare

Stephenson, 2010 Hope What is it How do we get it Is it part of being human Is it something that carries us through hard times Is it something illusory This book which stems from the 4th Inter Disciplinary net conference on Hope Probing the Boundaries held in September 2008 at Mansfield College in Oxford England explores all of these questions and many more As a truly inter disciplinary venture this book approaches the theme of hope from the point of view of the philosophical theological political literary psychological and sociological and presents hope not just as an abstract theme to be pondered but as an aspect of human living and thinking that has a profound impact on our lives The conclusions reached in each chapter demonstrate the variety of ways in which hope is conceived as well as the tensions inherent in any discussion of the benefits of hope and the intricacies in dealing with hope on a theoretical and a practical level This book is perfect for anyone wondering where hope fits into our lives during these troubling times

**Volume 12, Tome IV: Kierkegaard's Influence on Literature, Criticism and Art** Jon Stewart, 2016-12-05 While Kierkegaard is primarily known as a philosopher or religious thinker his writings have also been used extensively by literary writers critics and artists This use can be traced in the work of major cultural figures not just in Denmark and Scandinavia but also in the wider world They have been attracted to his creative mixing of genres his complex use of pseudonyms his rhetoric and literary style and his rich images parables and allegories The present volume documents

this influence in the different language groups and traditions Tome IV examines Kierkegaard's surprisingly extensive influence in the Anglophone world of literature and art particularly in the United States His thought appears in the work of the novelists Walker Percy James Baldwin Flannery O'Connor William Styron Don DeLillo and Louise Erdrich He has also been used by the famous American literary critics George Steiner and Harold Bloom The American composer Samuel Barber made use of Kierkegaard in his musical works Kierkegaard has also exercised an influence on British and Irish letters W H Auden sought in Kierkegaard ideas for his poetic works and the contemporary English novelist David Lodge has written a novel *Therapy* in which Kierkegaard plays an important role Cryptic traces of Kierkegaard can also be found in the work of the famous Irish writer James Joyce

[A Theology Of Reading](#) Alan Jacobs, 2018-03-08 If the whole of the Christian life is to be governed by the law of love the twofold love of God and one's neighbor what might it mean to read lovingly That is the question that drives this unique book Through theological reflection interspersed with readings of literary texts Shakespeare and Cervantes Nabokov and Nicholson Baker George Eliot and W H Auden and Dickens Jacobs pursues an elusive quarry the charitable reader

**The Phenomenology of Love and Reading** Cassandra Falke, 2018-05-31 The current revival of interest in ethics in literary criticism coincides fortuitously with a revival of interest in love in philosophy The literary return to ethics also coincides with a spate of neuroscientific discoveries about cognition and emotion But without a philosophical grounding this new work cannot speak convincingly about literature's relationship to our ethical lives Jean Luc Marion's articulation of a phenomenology of love provides this philosophical grounding The Phenomenology of Love and Reading accepts Jean Luc Marion's argument that love matters for who we are more than anything more than cognition and more than being itself Cassandra Falke shows how reading can strengthen our capacity to love by giving us practice in love's habits attention empathy and a willingness to be overwhelmed Confounding our expectations literature equips us for the confounding events of love which Falke suggests are not rare and fleeting but rather constitute the most meaningful and durable part of our everyday life

**First of the Year: 2008** Benj DeMott, 2017-07-05 This is the first in a continuing series of reminders that the past informs the present as it infuses the future As Benj DeMott notes the aim of *First of the Year* is to define the democratic imperatives and demotic tones that make our ongoing politics of culture matter This annual publication is grounded in the needs of dissed people disenfranchised disadvantaged disinherited discomfited and dismissed But the concept has been sharpened to acknowledge that though the underdog is owed sympathy the mad dog is owed a bullet In short *First of the Year* is very much an effort of the twenty first century The publication aims to be more than a launching pad for writers It attempts to bridge the gap between radical perspectives without losing focus on the centrality of African American culture to the national conversation The coming together of figures like Armond White Kate Millett Lorenzo Thomas Russell Jacoby Adolph Reed and Amiri Baraka is quite unlike what can be found in standard literary and social publications They treat the African American condition as a policy issue or an executive summary report not as a touchstone

for the state of the nation as a whole The initial volume also deals extensively and seriously with the issue of humanism and terror the nature of social movements electoral and urban politics and the musical trends of our time It does so with a sense of urgency often denied in mainstream literary reviews Issues of standards are addressed from the angle of African American cultural traditions and the mind body problem as a matter of race not just of metaphysics In a nutshell this volume intends to open a new chapter in the Harlem Renaissance or better an American renaissance with a Harlem lilt First of the Year is an attempt to make political arguments breathe through cultural voices Contributors include Sheldon Wolin Jean Bethke Elshtain Kurt Vonnegut Paul Berman Cha     Reader in Tragedy Marcus Nevitt,Tanya Pollard,2019-02-07 This unique anthology presents the important historical essays on tragedy ranging from antiquity to the present divided into historical periods and arranged chronologically Across its span it traces the development of theories and philosophies of tragedy enabling readers to consider the ways in which different varieties of environmentalist feminist leftist and postcolonial thought have transformed the status of tragedy and the idea of the tragic for recent generations of artists critics and thinkers Students of literature and theatre will find this collection an invaluable and accessible guide to writing from Plato and Aristotle through to Freud Nietzsche Schopenhauer and 21st century theorists Ideas of tragedy and the tragic have been central to the understanding of culture for the past two millennia Writers and thinkers from Plato through to Martha Nussbaum have analyzed the genre of tragedy to probe the most fundamental of questions about ethics pleasure and responsibility in the world Does tragedy demand that we enjoy witnessing the pain of others Does it suggest that suffering is inevitable Is human sexuality tragic Is tragedy even possible in a world of rolling news on a digitally connected planet where atrocity and trauma from around the globe are matters of daily information In order to illustrate the different ways that writers have approached the answers to such questions this Reader collects together a comprehensive selection of canonical writings on tragedy from antiquity to the present day arranged in six sections each featuring an introduction providing concise and informed historical and theoretical frameworks for the texts     **The Politics of Art** ,2022-06-08
