Reading The Fractures Of Genesis Historical And Literary Approaches:

Reading the Fractures of Genesis David McClain Carr,1996 In *Reading the Fractures of Genesis* David M Carr shows how understanding the history of the formation of the book of Genesis impacts a reading of the book's final form According to Carr a clear understanding of Genesis can be obtained only when one takes seriously its complex and fractured nature a multivoiced text that developed over many centuries Drawing on the best in European and North American scholarship to present this new approach to Genesis he produces a provocative interpretation that helps to bridge the widening gap between opposing methodological camps in the study of Genesis *The Face of Old Testament Studies* David W. Baker,Bill T. Arnold,2004-10 Leading scholars provide an overview of current issues in Old Testament studies *The Origin Myths and Holy Places in the Old Testament* Lukasz Niesiolowski-Spano,Jacek Laskowski,2016-04-08 *Origin Myths and Holy Places in the Old Testament* examines the biblical narratives which describe the origins of holy places It argues for the Hellenistic origin or redaction of most of these narratives Three central questions are addressed are there common features in biblical accounts about the foundation of places of worship are there elements in the aetiological stories that reveal the real mythology rituals of the sanctuary what were the circumstances of the creation of such narratives *Esther against Joseph's Backdrop* Gabriel Fischer Hornung,2024-08-05 An examination of MT Esther's relationship to the Joseph story this study employs recent advances in author oriented biblical intertextuality to address the debate concerning the religious purpose of the Scroll While previous scholarship has seen Esther's divine silence indicating God's hidden hand the characters or readers quiet faiths or the secular concerns of an ancient Jewish nationalism key aspects of Esther's allusive character illustrate how the book purposefully constructs a theology of divine absence As good looking Israelites continue to rise in foreign courts to deliver themselves and their people from imminent dangers the patterns God initiated in the Egyptian past are shown to extend into the Persian present even when the divine remains out of sight Since this diachronically oriented analysis suggests this theological interest was developed by Esther's authors it engages with Esther's ancient Greek witnesses to demonstrate that the MT redactors altered an earlier version of the Scroll to position the Hebrew Megillah alongside Joseph's instructive backdrop By attending to these historical and interpretive issues this work thus speaks to both Scroll scholarship and the study of inner biblical allusions **'Like 'Ilu Are You Wise'** H. H. Hardy,Joseph Lam,Eric D. Reymond,2022-08-15 This volume honors Dennis G Pardee Henry Crown Professor of Hebrew Studies in the Department of Near Eastern Languages and Civilizations at the University of Chicago and one of the preeminent experts in Northwest Semitic languages and literatures particularly Ugaritic studies The thirty seven essays by colleagues and former students reflect the wide range of Professor Pardee's research interests and include among other topics new readings of inscriptions studies of poetic structure and investigations of Late Bronze Age society *Exploring the Composition of the Pentateuch* L. S. Baker Jr.,Kenneth Bergland,Felipe A. Masotti,A. Rahel Wells,2020-12-11 For many years the historical critical quest for a

reconstruction of the origins and development of the Pentateuch or Hexateuch has been dominated by the documentary hypothesis the heuristic power of which has produced a consensus so strong that an interpreter who did not operate within its framework was hardly regarded as a scholar However the relentless march of research on this topic has continued to yield new and refined analyses data methodological tools and criticism In this spirit the contributions to this volume investigate new ideas about the composition of the Pentateuch arising from careful analysis of the biblical text against its ancient Near Eastern background Covering a wide spectrum of topics and diverging perspectives the chapters in this book are grouped into two parts The first is primarily concerned with the history of scholarship and alternative approaches to the development of the Pentateuch The second focuses on the exegesis of particular texts relevant to the composition of the Torah The aim of the project is to foster investigation and collegial dialogue in a spirit of humility and frankness without imposing uniformity In addition to the editors the contributors include Tiago Arrais Richard E Averbeck John S Bergsma Joshua A Berman Daniel I Block Richard Davidson Roy E Gane Duane A Garrett Richard S Hess Benjamin Kilcher Michael LeFebvre Ji Moskala and Christian Vogel

The Storyteller and the Garden of Eden Ellen Ann Robbins, 2012-08-22 The story of the Garden of Eden is one of the most familiar in the Bible But if we read it without preconceptions we discover a narrative as its original audience would have heard it as its author intended Robbins explores why the man was created first and the woman for and from him She elucidates the reason for the particular punishments and why the storyteller gave a woman the starring role She does all this by highlighting the importance of wordplay in the Garden of Eden story This book introduces not only a wordsmith but above all a supreme storyteller who is bound to become a personal favorite

Sworn Enemies C. A. Strine, 2013-03-01 *Sworn Enemies* explains how the book of Ezekiel uses formulaic language from the exodus origin tradition especially YHWH's oath to craft an identity for the Judahite exiles This language openly refutes an autochthonous origin tradition preferred by the non exiled Judahites while covertly challenging Babylonian claims that YHWH was no longer worthy of worship After specifying the layers of meaning in the divine oath the book shows how Ezekiel uses these connotations to construct an explicit public transcript that denies and mocks the non exiles appeals to a combined Abraham and Jacob tradition e g Ezek 35 Simultaneously Ezekiel employs the oath's exodus connotations to support a disguised polemic that resists Babylonian claims that YHWH was powerless to help the exiles When YHWH swears as I live the text goes on to implicitly replace Marduk with YHWH as the deity who controls nations and history e g Ezek 17 Ezekiel thus shares the monotheistic concepts found in Deutero Isaiah and elsewhere Finally using James C Scott's concept of hidden transcripts the author shows how both polemics cooperate to define a legitimate Judahite nationalism and faithful Yahwism that allows the exiles to resist these threatening others

Deuteronomy Don C. Benjamin,2025-01-31 The Oxford Handbook of Deuteronomy is a gateway to what legal traditions teach about the cultural identity and social world of the people of YHWH how they thought about themselves and about their world and how they faced and resolved the challenges of daily life This Handbook introduces readers to significant topics in the thriving conversation and the rich diversity in the academic community studying Deuteronomy [Introduction to Reading the Pentateuch](#) Jean Louis Ska,2006 When Jean Louis Ska s *Introduzione alla lettura del Pentateuco* was first published in Italy it was quickly hailed as the most attractive and usable introduction to the Pentateuch to appear in modern times Because of its strengths it was soon translated into French The English translation published by Eisenbrauns has been completely reviewed and updated including the bibliography by Ska Among the book s many strengths are its close attention to the ways in which modern cultural history has affected Pentateuchal interpretation attention to providing the kinds of examples that are helpful to students presentation of a good balance between the history of interpretation and the data of the text and the clarity of Ska s writing For both students and scholars many consider this book the best contemporary introduction to the Pentateuch **The Promise to the Patriarchs** Joel S. Baden,2013-04-04 Joel S Baden examines the

promise of land and progeny to the patriarchs Abraham Isaac and Jacob a central recurring feature of the Pentateuch **Going Up and Going Down** Yitzhak (Itzik) Peleg,2015-06-18 In *Going Up and Going Down* Yitzhak Peleg argues that the story of Jacob s dream Genesis 28 10 22 functions as a *mise en abyme* as a figure trope or structure that somehow reflects in compact form in miniature the larger structure in which it appears Greenstein Close examination reveals that focusing on the vision of Jacob s dream and understanding it as a symbolic dream facilitates an explanation of the dream and its meaning

Scholars have historically classified the dream as theophany the purpose of which is to explain how Beth El became a sacred place and as such the vision in Jacob's dream is generally accepted as merely ornamental or even lacking a message in itself. Whilst Peleg does not contradict or seek to go against identification of the dream as theophany he sees a more nuanced purpose behind its presentation. Peleg's proposal is that the description of the vision and especially that of the movement of the angels is not embellishment supplementation or scenic background of God's message but that it directly symbolizes the path taken by the Patriarchs to and from the Promised Land. Furthermore the narrative context and visual description in the dream in which Angels of God were going up and down it appears when Jacob is on his way to Harran that is to say when he is about to leave Israel.

Scribal Representations and Social Landscapes of the Iron Age Shephelah Mahri

Leonard-Fleckman, 2025 The Shephelah borderlands in the southwestern region of Iron Age Israel ca 1200-586 BCE are one of the most intensely excavated areas in the world a complex social political place standing between the central highlands and the coastal home of the so called biblical Philistines. Yet the lives of these people on the margins of ancient Israel are lost to us today left only in the fragments of archaeological remains and in the Bible's entangled representations of the proximate Other. In *Scribal Representations and Social Landscapes of the Iron Age Shephelah* Mahri Leonard Fleckman delves into how the Other is created and fashioned in ancient witnesses to these regions by analyzing identity in the Iron Age Shephelah. Focusing on two contemporary archaeological sites with plausible ancient connections Tel Batash ancient Timnah and Tell es Safi ancient Gath she journeys through texts and archaeology that bear witness to the social and political complexities of the region. Significantly she presents irresolution as a practice for scholars of the Hebrew Bible and the ancient Levant and illustrates how resisting conclusions can be an asset to investigating the distant past. Along the way she advances new hypotheses that illuminate biblical passages describing individuals and communities from the region such as the stereotypical Philistines Samson Tamar Delilah and others. The book draws together a range of critical perspectives to spark compelling conversations about identity and history between anthropologists archaeologists biblical scholars literary theorists and historians.
