Sprandel, 1966 **An Introduction to the Foundations of Education** University of Toledo, 1968 Educational Foundations Alan S. Canestrari, Bruce A. Marlowe, 2004 This anthology of critical readings for students about to enter the teaching profession and for those interested in carefully examining schools and schooling features provocative engaging authors whose views are politicized but whose writing and opinions matter not because they are gadflies but because their ideas work and their achievements as teachers principals and policy shapers are so notable Educational Foundations An Anthology of Critical Readings is organized around the following questions Why teach Who are today's students What makes a good teacher How should we assess student learning What does a good school look like How does one develop a critical voice in the face of state mandates administrative edicts and the continuous cycle of reform and retrenchment Alan S Canestrari and Bruce A Marlowe's answers are bold and refreshing They eschew the unquestioning compliance so characteristic of new teachers Also by taking a hard look at traditional educational practice they serve as models for the kind of reflective practitioners we hope pre service students will become when they enter the field The key feature of this anthology are the readings by authors who have discovered their own critical voices so that new teachers can begin to develop their own These readings offer a platform for discussion and debate that may be used by instructors to

increase student knowledge of pedagogy and to provide authentic opportunities for potential teachers to think critically about teaching and learning

Educational Foundations Bruce Maxwell, Lauren Bialystok, 2022-12-15 The first reference work to provide an authoritative state of the field mapping of the foundational disciplines of education

Thinking about Schools Eleanor Blair Hilty, 2018 Designed specifically for students with little or no education background Thinking About Schools is an essential collection of classic and contemporary readings that provides a complete balanced overview of educational foundations Anchored in classic scholarship from the 1960s to today this book also incorporates a number of thought provoking popular essays that will engage students and encourage critical thinking about vital issues concerning the purpose of education curriculum content the roles and responsibilities of students and teachers and new directions for education in the twenty first century In addition to selecting each reading for its impact and accessibility editor Eleanor Blair Hilty further promotes student comprehension by including introductions discussion questions guides to further reading and related resources for each of the five parts Provided by publisher

Exploring Education Alan R. Sadovnik, Peter Cookson, Jr., Susan Semel, Ryan Coughlan, 2017-10-10 This much anticipated fifth edition of Exploring Education offers an alternative to traditional foundations texts by combining a point of view analysis with primary source readings Pre and in service teachers will find a solid introduction to the foundations disciplines history philosophy politics and sociology of education and their application to educational issues including school organization and teaching curriculum and pedagogic practices education and inequality and school reform and improvement This edition features substantive updates including additions to the discussion of neo liberal educational policy recent debates about teacher diversity updated data and research and new selections of historical and contemporary readings At a time when foundations of education are marginalized in many teacher education programs and teacher education reform pushes scripted approaches to curriculum and instruction Exploring Education helps teachers to think critically about the what and why behind the most pressing issues in contemporary education
