Reading Character after Calvin David Mark Diamond, 2024-04-01 How Calvinist theology helps us read characters in the early British novel shedding new light on the origins of modern secularism The strangeness of fictional characters in the eighteenth century novel has been well documented They are two dimensional yet complex they suggest unstable correspondences between the external and the internal In *Reading Character after Calvin* David Mark Diamond traces the religious genealogy of such figures arguing that two dimensionality reproduces through form a model of interpretation that originates in Calvinist Protestant theology In Calvin's teachings every person possessed a spiritual status as saved or damned and their external features ostensibly reflected this inward condition This belief however was always haunted by the possibility of a discrepancy between the two Diamond shows how Calvinism survives in the pages of early novels as a guide to discerning religious hypocrisy and eventually distinctions related to imperial race making He tracks the migration of Calvinist character detection from its original sectarian contexts to the worlds of eighteenth century fiction revealing the process by which religion came unbound from doctrinal orthodoxy and was grafted onto the ambition of racialized global dominion Analyzing a diverse set of texts Diamond offers a fresh account of both how literary character worked and how it works to naturalize question or critique the violence of empire

Readings in the Canon of Scripture David Jasper, 2009-06-23 Canonical criticism is not a recognized branch of biblical studies granting new focus to questions of the authority and truth of the scriptural writings Developed within a critical sense of the dominant historical critical tone of biblical studies canonical criticism as it has been pursued by the American scholars Brevard S Childs and James A Sanders stands as witness to the theological necessity of a more literary approach to the Bible This book both criticizes the canonical enterprise and takes it much further into readings of the canon from the perspective not only of literature but also art and in particular the biblical art of Rembrandt In addition it remains acutely conscious of the contemporary environment of our reading within the political concerns of feminist criticism popular absorption in film and the narratives of the screen and finally the crisis or crises which characterize the so called postmodern condition What emerges is at once highly critical of traditional strategies of canonization and at the same time constructive and concerned to recover the Bible for our own time in readings which move outside the limited academic concerns of the biblical critic or the institutions of the church and religious community

Teenagers, Literacy and School Ken Cruickshank, 2006-09-27 This unique and timely book follows the experiences of four Arabic teenagers their families and their community focusing on the role of literacy in their daily lives and the differences between home and school The author looks at the conflict between expectations and practices at school and in the home arguing that problems are inevitable where class and cultural differences exist Emerging themes include how literacy practices in the community are undergoing rapid

change due to global developments in technology how the patterns of written and spoken language in English and Arabic in the home are linked with social practices in logical and coherent ways how many of the family practices that differ from school culture and language become marginalised Built around these insightful case studies yet grounded in theory this book is of immediate relevance to teachers working in multicultural contexts and students and lecturers in language literacy or on TESOL courses

Reading Ritual Wesley J. Bergen, 2005-05-05 This book draws on a variety of disciplines to undertake a unique analysis of Leviticus 17 Rather than studying the rituals prescribed in Leviticus as arcane historical theological texts of little interest to the modern reader or as examples of primitive rituals that have no parallel in Western society this book provides many points of contact between animal sacrifice rituals and various parts of post modern society Modern rituals such as Monday Night Football eating fast food sending sons and daughters off to war and even the rituals of modern academia are contrasted with the text of Leviticus In addition responses to Leviticus among modern African Christians and in the early church are used to draw out further understandings of how the language and practice of sacrifice still shapes the lives of people This study takes a consciously Christian perspective on Leviticus Leviticus is assumed to be an ongoing part of the Christian Bible The usual Christian response to Leviticus is to ignore it or to claim that all sacrifice has now been superseded by the sacrifice of Jesus This study refutes those simplistic assertions and attempts to reassert the place of Leviticus as a source for Christian self understanding This is volume 417 of JSOTS and volume 9 of Playing the Texts
