Scholars William Bruneau,Donald C. Savage,Canadian Association of University Teachers,2002-03-07 Canada s universities have lost their autonomy Under the guise of accountability reformers from government and large corporations have undermined the original purposes of these institutions insisting that they operate according to a business model The chief tool used to effect this change is the performance indicator a method of evaluation and ranking well suited to measuring sales per square foot for example but useless in assessing qualities such as critical thinking creativity and wisdom Evaluating use of performance indicators in Canada the United States United Kingdom and New Zealand the authors challenge readers to look beyond this narrow business based measure of value and to consider more creative and effective methods of evaluation Counting Out the Scholars is a penetrating analysis of current methods of performance evaluation in the university one that offers alternatives to the prevailing orthodoxy **The Maritime Provinces Rough Guides Snapshot**

Clarence Epstein, 2012-03-19. T00:00:00-04:00. Of the fifty religious buildings discussed in this book, only a precious few remain standing despite the fact that Montreal boasts one of the largest and most eclectic groupings of Georgian and Victorian structures of any city in North America. Following the British conquest of New France in 1759, a remarkable series of transformations took place in the small Catholic trading town of Montreal. Given the diversity of settlers forced to live side by side, the new church buildings that were to rise became strategic public spaces, meeting places, as well as power bases. It was no wonder that by the time Mark Twain toured Canada's first metropolis in the 1880s, he found that one could not throw a brick in the place without breaking a church window. By addressing the social, religious, and architectural issues surrounding these colonial era structures, it will become apparent that Montreal was at once a shining jewel in England's imperial crown, a chief outpost of Catholicism in the New World, as well as the British North American headquarters for more than a dozen independent congregations. *Agricultural Gazette of Canada*.
