Dickerson, 2019-08-01 Biblical narratives are not simply sacred stories for religious communities. They are stories that provide transformative insight into cultural biases By putting historical criticism and reception history into dialogue with womanist biblical hermeneutics Luke Widows Judges and Stereotypes offers a provocative reading of Jesus parable about a widow who confronts a judge and obtains what she seeks by means of physical threat Rather than simply reading the widow as the model for one who prays always and does not lose heart Luke 18 1 Dickerson shows that read in the context of Luke s wider narrative the widow domesticated and robbed both of her agency and moral ambiguity is more likely demanding vengeance instead of justice Likewise rather than simply reading the judge as one who neither feared God nor had respect for people Luke 18 2 Dickerson argues that the judge is both an ideal man and one who compromises standards of ancient masculinity Then reading both the widow and judge through African American stereotypes Mammy Jezebel Sapphire Cool Black Male Master Pastor and Foolish Judge that are used to degrade debase and control and reading them into and in light of the parable Dickerson demonstrates how the parable calls into question these stereotypes thereby producing new liberative readings Men Speak Out Shira Tarrant, 2013-02-11 Men Speak Out Views on Gender Sex and Power Second Edition highlights new essays on pornography pop culture queer identity Muslim masculinity and the war on women With personal candor and political insight this collection of diverse authors explores sex work digital activism incarceration domestic violence surviving incest and standing firmly as male allies facing the backlash against women s reproductive rights Featuring eleven new essays and six revised thematic sections this second edition of a favorite anthology continues to encourage robust discussion and vibrant debate about masculinity and the possibilities for progressive change The contemporary compelling essays in Men Speak Out appeal to students scholars activists and everyday readers Speaking in Queer Tongues William Leap, Tom Boellstorff, 2004 Language is a fundamental tool for shaping identity and community including the expression or repression of sexual desire Speaking in Queer Tongues investigates the tensions and adaptations that occur when processes of globalization bring one system of gay or lesbian language into contact with another Western constructions of gay culture are now circulating widely beyond the boundaries of Western nations due to influences as diverse as Internet communication global dissemination of entertainment and other media increased travel and tourism migration displacement and transnational citizenship The authority claimed by these constructions and by the linguistic codes embedded in them is causing them to have a profound impact on public and private expressions of homosexuality in locations as diverse as sub Saharan Africa New Zealand Indonesia and Israel Examining a wide range of global cultures Speaking in Queer Tongues presents essays on topics that include old versus new sexual vocabularies the rhetoric of gay oriented magazines and news media verbal and nonverbalized sexual imagery in poetry and popular culture and the linguistic consequences of the globalized gay rights movement Marking Feminist Times Margaret Henderson, 2006 With its challenge to nearly every facet of Australian society and culture the Australian women's movement has achieved much in a

short period of time And it has attracted controversy fiery denunciation and equally passionate loyalty This book explores how such a revolutionary social movement remembers its past The women s movement has always recognised the political importance of history narrative and language to changing the way we think and hence to changing the world How then does feminism mark its own past times and what stories does it tell of the campaigns struggles defeats victories and activists What is remembered and what is forgotten How do its narratives of its recent history counter those told by the mainstream culture By reading novels film television autobiographies newspaper and magazine articles and academic histories Marking Feminist Times traces the making of a feminist collective memory the reasons for its emergence the shapes taken and the narratives that recur And in so doing this book reveals a feminist collective memory haunted by the early loss of an authentically revolutionary movement Married... But Lonely David E. Clarke, 2013 Seven steps you can take with or without your spouse s help Cover Nobody's Hero M. W. Craven, 2024-12-03 Exhilarating and darkly comic Craven effectively mixes the unvarnished brutality and high body count of Lee Child with the black humor of Mick Herron A must read Publishers Weekly starred review This high body count romp is told with such verve and relish that even readers who shy from mayhem might find themselves on Koenig's side as he hurtles from one impossible near death experience to the next The New York Times Book Review A man who can t feel fear is in a race against time to find a woman who knows a secret that could take down the United States When a shocking murder and abduction on the streets of London leads investigators to open a safe in Langley for the first time in ten years they find a note directing them to a few key individuals Three of the people on the list are dead The fourth is Ben Koenig Koenig has no idea why his name is on the list Then he realizes that he knows the woman who carried out the killings Ten years earlier without being told why he was tasked with helping her disappear Far from being a deranged killer she is the gatekeeper of a secret that could take down America and for the safety of the country she has been in hiding for years until now And if she has resurfaced the danger may be closer and more terrifying than anyone can imagine Ben Koenig has to find her before it s too late But Ben suffers from a syndrome that means he can t feel fear He doesn't always know when he should walk away or when he s leading others into danger Fast brutal smart and violent Nobody's Hero is an engrossing story of contract killers international terrorism hard choices and the future of the country and the world as we know it Craven has unleashed Ben Koenig into the thriller world Long may he raise hell in the pages David Baldacci
