Speak Tibetan, Like a Tibetan Dhondup Tsering, 2001 *Learning to Be Tibetan* Miaoyan Yang, 2017-03-17 Since the founding of the People's Republic of China in 1949 the Chinese Communist Party CCP has launched a nation wide ethnic identification project to recognize ethnic minorities which are widely considered as peripheral barbarian inferior backward and distrusted State schooling is expected to play a significant political role in civilizing and integrating these ethnic minorities As an important part of Chinese state schooling fifteen tertiary minority institutions have been established assuming a primary goal of cultivating minority officials who are loyal to the CCP This study situating in the context of Minzu University of China MUC the best university designated specifically for the education of ethnic minorities seeks to explore the intersection between state schooling and ethnic identity construction of Tibetan students Ethnographic data has revealed how educational backgrounds of MUC's Tibetan students have influenced the ways in which they interpret negotiate and assert their Tibetan-ness Four patterns of ethnic identification are discussed 1 For the min kao min students meaning having received bilingual education in Chinese and Tibetan prior to MUC in Tibetan studies being Tibetan means assuming an ethnic mission of promoting Tibetan language and culture 2 For the min kao min students in other majors being Tibetan embodies having a different physical appearance wearing different clothing engaging in different religious practices holding cultural beliefs and generally under achieving academically in Han dominant settings 3 For the inland Tibetan school graduates being Tibetan means having a reflective awareness of their cultural and language loss due to their dislocated schooling and a determination to make up for the past by innovatively initiating organizing or participating in Tibetan cultural programs 4 For the min kao han meaning having received mainstream education the same as Han Chinese prior to MUC students being Tibetan is simply a symbolic identity that they sometimes utilize to gain preferential treatments With the exception of most of the min kao han students Tibetan identity has been revitalized and strengthened after studying and living in MUC In the process the unity of the Tibetan group has been promoted and enhanced Tibetan students different approaches to ethnic identification provide us with useful lessons about ethnic identity dynamics in relation to education culture and ethnic politics

As opposed to other interpretations that see Tibetans as exotic ethnic others this study reveals that Tibetan students ethnic identification is meaningful when they strategically negotiate with the Han Chinese dominant narratives This study contributes to the understanding of ethnic politics and interethnic dynamics in China An Introduction to the Grammar of the Tibetan Language Sarat Chandra Das,1915 *Journal of the Royal Asiatic Society* ,1895 **Journal of the Royal Asiatic Society of Great Britain and Ireland** ,1895 **For Tibet, With Love** Isabel Losada,2011-06-06 Sometimes you just have to do something don t you Sometimes an injustice comes along and you think No this cannot be and rather than just turn off the TV you know it s time to act So begins Isabel Losada s extraordinary FOR TIBET WITH LOVE in which she explores whether it s possible for an ordinary person to change the world just a little and if something so serious can be achieved with joy in one s heart From visits to Nepal and Tibet to meetings with the Chinese ambassador and Tibetan awareness raising groups Isabel single handedly hatches a stunning PR coup involving Nelson s Column a 15 metre banner and a base jumping parachutist that captured headlines worldwide And then she meets the Dalai Lama Warm and funny moving and thought provoking the astonishing FOR TIBET WITH LOVE celebrates the fact that we can make a difference

Caravan to Tibet Deepa Agarwal,2015-10-01 Fourteen year old Debu sets off across the high mountain passes from Kumaon to Tibet to search for his father who got lost in a blizzard the year before Adventures follow thick and fast a forced stay in a monastery with a boy lama who takes a fancy to him his capture by the cruel enigmatic bandit Nangbo who has magical powers and a stay in the legendary goldfields of Thok Jalong And finally a heart pounding breathtaking horse race Does Debu find his father Does he win the race Pick up this page turner to find out *The Politics of Language Oppression in Tibet* Gerald Roche,2024-11-15 In *The Politics of Language Oppression in Tibet* Gerald Roche sheds light on a global crisis of linguistic diversity that will see at least half of the world s languages disappear this century Roche explores the erosion of linguistic diversity through a study of a community on the northeastern Tibetan Plateau in the People s Republic of China Manegacha is but one of the sixty minority languages in Tibet and is spoken by about 8 000 people who are otherwise mostly indistinguishable from the Tibetan communities surrounding them Recently many in these communities have switched to speaking Tibetan and Manegacha faces an uncertain future The author uses the Manegacha case to show how linguistic diversity across Tibet is collapsing under assimilatory state policies He looks at how global advocacy networks inadequately acknowledge this issue highlighting the complex politics of language in an inter connected world *The Politics of Language Oppression in Tibet* broadens our understanding of Tibet and China the crisis of global linguistic diversity and the radical changes needed to address this crisis **Echoes from Dharamsala** Keila Diehl,2002-06-03 In *Echoes from Dharamsala* Keila Diehl uses music to understand the experiences of Tibetans living in Dharamsala a town in the Indian Himalayas that for more than forty years has been home to Tibet s government in exile The Dalai Lama s presence lends Dharamsala s Tibetans a feeling of being in place but at the same time they have physically and psychologically constructed Dharamsala as

not Tibet as a temporary resting place to which many are unable or unwilling to become attached. Not surprisingly, this community struggles with notions of home, displacement, ethnic identity, and assimilation. Diehl's ethnography explores the contradictory realities of cultural homogenization, hybridity, and concern about ethnic purity as they are negotiated in the everyday lives of individuals. In this way, she complicates explanations of culture change provided by the popular idea of global flow. Diehl's accessible, absorbing narrative argues that the exiles' focus on cultural preservation while crucial has contributed to the development of essentialist ideas of what is truly Tibetan. As a result, foreign or modern practices that have gained deep relevance for Tibetan refugees have been devalued. Diehl scrutinizes this tension in her discussion of the refugees' enthusiasm for songs from blockbuster Hindi films, the popularity of Western rock and roll among Tibetan youth, and the emergence of a new genre of modern Tibetan music. Diehl's insight into the soundscape of Dharamsala is enriched by her own experiences as the keyboard player for a Tibetan refugee rock group called the Yak Band. Her groundbreaking study reveals the importance of music as a site where official and personal, old and new representations of Tibetan culture meet and where different notions of Tibetan-ness are being imagined, performed, and debated. *Spoiling Tibet* Gabriel

Lafitte, 2013-09-12 The mineral-rich mountains of Tibet so far have been largely untouched by China's growing economy. Nor has Beijing been able to settle Tibet with politically reliable peasant Chinese. That is all about to change as China's 12th Five Year Plan from 2011 to 2015 calls for massive investment in copper, gold, silver, chromium, and lithium mining in the region, with devastating environmental and social outcomes. Despite great interest in Tibet worldwide, *Spoiling Tibet* is the first book that investigates mining at the roof of the world. A unique, authoritative guide through the torrent of online posts, official propaganda, and exile speculation. **India and Tibet** Sir Francis Edward Younghusband, 1910 **Coming Home to Tibet**

Tsering Wangmo Dhompa, 2016-07-12 In this compelling poetic memoir of love, loss, and longing, a daughter's pilgrimage to her mother's native Tibet becomes a journey of homecoming and self-discovery. In this beautifully written memoir, a daughter travels to her mother's Tibetan homeland and finds both her own deep connections to her heritage and a people trying to maintain its cultural integrity despite Chinese occupation. After her mother dies in a car accident in India, Tsering Wangmo Dhompa decides to take a handful of her ashes back to her homeland in Tibet. Her mother left Tibet in her youth as a refugee and lived in exile the rest of her life, always yearning to return home. When the author arrives at the foothills of her mother's ancestral home in a nomadic village in East Tibet, she realizes that she had been preparing for this homecoming her whole life. *Coming Home to Tibet* is Dhompa's evocative tribute to her mother and a homeland that she knew little about. Dhompa's story is interlaced with poetic prose describing the land, people, and spirit of the country as experienced by a refugee seeing her country for the first time. It's an intriguing memoir and also an unusual inside view of life in contemporary Tibet among ordinary people trying to negotiate the changes enforced on it by Chinese rule and modern society. *A History of Modern Tibet, 1913-1951* Melvyn C. Goldstein, 2023-11-15 The Tibetan Question: the nature of Tibet's political status vis-à-vis China has

been the subject of often bitterly competing views while the facts of the issue have not been fully accessible to interested observers While one faction has argued that Tibet was in the main historically independent until it was conquered by the Chinese Communists in 1951 and incorporated into the new Chinese state the other faction views Tibet as a traditional part of China that split away at the instigation of the British after the fall of the Manchu Dynasty and was later dutifully reunited with New China in 1951 In contrast this comprehensive study of modern Tibetan history presents a detailed non partisan account of the demise of the Lamaist state Drawing on a wealth of British American and Indian diplomatic records first hand historical accounts written by Tibetan participants and extensive interviews with former Tibetan officials monastic leaders soldiers and traders Goldstein meticulously examines what happened and why He balances the traditional focus on international relations with an innovative emphasis on the intricate web of internal affairs and events that produced the fall of Tibet Scholars and students of Asian history will find this work an invaluable resource and interested readers will appreciate the clear explanation of highly polemicized and often confusing historical events The Tibetan Question the nature of Tibet s political status vis vis China has been the subject of often bitterly competing views while the facts of the issue have not been fully accessible to interested observers While one faction has argued that T
