The book gives readers a window into the heart of spiritual community, the power of commitment and the joy of living a life dedicated to personal transformation and spiritual awakening. It is an invitation to delve into the essence of spiritual life to explore the beauty and power of devotion and testifies joyously about a life lived in and for God that mirrors the soul's eternal quest for purpose and happiness.

Say Yes to Your Life Leo Booth, 2021-03-16

Say Yes to Your Life brings spirituality to life through daily meditations. Keeping his focus on the positive and creative, Leo Booth draws inspiration from artists, philosophers and popular writers to deliver a message of hope to people in recovery. By revealing God in everyday occurrences, the spiritual guru draws a clear distinction between religion and spirituality.

Say Yes to Your Spirit Leo Booth, 2010-01-01

Say Yes to Your Spirit is a daily affirmations book for everyone. In Say Yes to Your Spirit Leo Booth offers 365 daily meditations that instill positive spiritual messages into each day of the year. Each affirmation emphasizes taking responsibility for our lives and illustrates our daily dance in God's power and how it can lead to success, health, prosperity and healing. With its powerful messages, Say Yes to Your Spirit invites readers to turn inward to their spirit and give them the daily positive boosts they need.

The Happy Heretic Leo Booth, 2012-12-03

Religion can be source of comfort when facing struggles both personal and universal. But clinging to religion as a codependent fix for all problems can cultivate excessive fear, shame, guilt and low self esteem. Acclaimed author Reverend Leo Booth, a Unity minister and former Episcopal priest, warns that a belief in tenets like "Everything happens for a reason" and "This is in God's hands" can be the first step in developing religious codependency. Rev. Leo turns traditional thinking and spirituality upside down by suggesting that many toxic messages emanate from core religious beliefs. In The Happy Heretic, he challenges beliefs like original sin, a dogmatic one way path to God, the shaming of human sexuality, religious codependency and the exclusiveness of Jesus' perfection within the human race. The arguments he presents are derived from Pelagius, a fourth century monk who challenged the teachings of St. Augustine, and Rumi, a revolutionary thirteenth century poet and philosopher. In his confessions, St. Augustine states, "It is only by Your grace and mercy that You have melted away the ice of my evil." Pelagius felt this idea lacked balance. It affirmed only God's role and didn't speak to our involvement. Likewise, Rumi believed that God's spirit exists within all human beings and enables divine creativity in life. The theology, philosophy and recited prayers we learned through organized religion often emphasize the idea that we are sinful people who are dependent upon a powerful and punishing God. The Happy Heretic

provides an escape from this shadow by encouraging readers to enter into a partnership with God affirming personal dignity alongside responsibility in other words free will and the choices we make determine much of the success or failure we encounter Real life examples of the core issues surrounding religious codependency along with Seven Spiritual Insights help readers rethink their religious beliefs including the prayers they grew up with to form a deeper more spiritual understanding of who they are and their connection with God In this thought provoking read Reverend Leo calls himself a heretic a person who is willing to think differently and he invites readers to discover an alternative explanation for how we experience God's grace The Happy Heretic explains this divine relationship in ways that make us feel alive empowered and still true to who we are The Happy Heretic confronts toxic religious messages and brings a spiritual awareness that affirms human possibility and responsibility This book is not for the fainthearted John Bradshaw author of Homecoming

Spirituality and Recovery Leo Booth, 2012-10-01 Spirituality is recognizing that we have the power to change the things in our lives that bring us pain Whether it's simply a life in need of greater positivity or a life ravaged by addiction each of us holds the key to initiating the healing process Spirituality is recovery This is the essence of the message in Spirituality instead you discover it because spirituality has already been given to us all of us at birth Spirituality Recovery will show readers how to Identify the difference between existing and living See the spiritual through the pain Recognize moments in your life when you can see and understand who you really are turning a moment of suffering into an opportunity for growth and even joy Embrace the poetic concept that walking on water is something anyone can do Understand and live with something we all have two heads a sick head and a healthy head Identify your IC that certain something that turns someone who uses alcohol into a destructive alcoholic Surrender to live and find your miracle a way to live with your pain whether physical or psychological Spirituality Recovery serves as a much needed guidebook to the topic of spirituality Simple to read yet profound in its insights Spirituality Recovery speaks to the many people throughout the world who do not practice a religion yet are spiritual in the way they live their lives and conduct their relationships
