Say It With Silence:

Mask in the Mirror Nidhi Chawla, 2010-04 The process of weaving a fictional dream can be painful and also joyful path to self discovery realizes an ordinary man when he sits down to reveal his thoughts and bring to life characters whose lives would confront and impact his heart and mind As the people of the imaginary world open the Writer s eyes to his own soul he relishes his intimate sentiments and sees the color of his emotions Caught in an imaginary fabrication where at times he basks in the beauty of creation and at moments he suffers its loneliness There is transformation and simultaneous transition during these years of writing the beginning commences in the cold winter and rejuvenating spring comes in the end But the big question is will the Writer and his realm of fiction survive or both perish without the world ever reading his words and recognizing his worth Mask in the Mirror is a gripping story of self discovery introspection and a touching saga of how fictional life can change the real life of an ordinary man

Since 1948 Nancy E. Berg, Naomi B. Sokoloff, 2020-10-01 2021 CHOICE Outstanding Academic Title Toward the end of the twentieth century an unprecedented surge of writing altered the Israeli literary scene in profound ways As fresh creative voices and multiple languages vied for recognition diversity replaced consensus Genres once accorded lower status such as the graphic novel and science fiction gained readership and positive critical notice These trends ushered in not only the discovery and recovery of literary works but also a major rethinking of literary history In Since 1948 scholars consider how recent voices have succeeded older ones and reverberated in concert with them how linguistic and geographical boundaries have blurred how genres have shifted and how canon and competition have shaped Israeli culture Charting surprising trajectories of a vibrant challenging and dynamic literature the contributors analyze texts composed in Hebrew Yiddish and Arabic by Jews and non Jews and by Israelis abroad as well as writers in Israel What emerges is a portrait of Israeli literature as neither minor nor regional but rather as transnational multilingual and worthy of international attention

Humanism Anthony B. Pinn, 2015-08-27 Who are the Nones What does humanism say about race religion and popular culture How do race religion and popular culture inform and affect humanism The demographics of the United States are changing marked most profoundly by the religiously unaffiliated or what we have to come to call the Nones Spread across generations in the United States this group encompasses a wide range of philosophical and ideological perspectives from some in line with various forms of theism to those who are atheistic and all sorts of combinations in between Similar changes to demographics are taking place in Europe and elsewhere Humanism Essays on Race Religion and Popular Culture provides a much needed humanities based analysis and description of humanism in relation to these cultural markers Whereas most existing analysis attempts to explain humanism through the natural and social sciences the what of life Anthony B Pinn explores humanism in relation to how life is arranged socialized ritualized and framed This ground breaking publication brings together old and new essays on a wide range of topics and themes from the African American experience to the development of humanist churches and the lyrics of Jay Z

Audio Culture, Revised Edition Christoph Cox, Daniel Warner, 2017-07-27 The groundbreaking Audio Culture Readings in Modern Music Continuum September 2004 paperback original maps the aural and discursive terrain of vanguard music today Rather than offering a history of contemporary music Audio Culture traces the genealogy of current musical practices and theoretical concerns drawing lines of connection between recent musical production and earlier moments of sonic experimentation It aims to foreground the various rewirings of musical composition and performance that have taken place in the past few decades and to provide a critical and theoretical language for this new audio culture This new and expanded edition of the Audio Culture contains twenty five additional essays including four newly commissioned pieces Taken as a whole the book explores the interconnections among such forms as minimalism indeterminacy musique concrète free improvisation experimental music avant rock dub reggae ambient music hip hop and techno via writings by philosophers cultural theorists and composers Instead of focusing on some crossover between high art and popular culture Audio Culture takes all these musics as experimental practices on par with and linked to one another While cultural studies has tended to look at music primarily popular music from a sociological perspective the concern here is philosophical musical and historical Audio Culture includes writing by some of the most important musical thinkers of the past half century among them John Cage Brian Eno Ornette Coleman Pauline Oliveros Maryanne Amacher Glenn Gould Umberto Eco Jacques Attali Simon Reynolds Eliane Radigue David Toop John Zorn Karlheinz Stockhausen and many others Each essay has its own short introduction helping the reader to place the essay within musical historical and conceptual contexts and the volume concludes with a glossary a timeline and an extensive discography
