Lewis,2012-03-01 Revised and expanded edition of Jon E Lewis's ever popular account of the American West The book is at once a history and a compendium of western lore It tells what life on the frontier was really like and gives a human portrait of the tough and sometimes violent way of life experienced by the early pioneers The gunfighters and the cowboys women Indians and others all have their part to play and as well as the historical accounts there are intriguing anecdotes of everyday life on the plains from how Montana cowboys warmed up their horses bits to the words of the Navajo medicine chants *Planters' Notes* ,1967 Some no include reports compiled from information furnished by State Foresters and others **Report** ,1901 **Reports...** ,1901 Pioneer Trails West Western Writers of America,1985 Distributed by the University of Nebraska Press for Caxton Press Nineteen veteran authors members of the Western Writers of America all have been collected in this volume of essays detailing the travails and triumphs of the whites who emigrated west along the Pioneer Trails Report of the Industrial Commission on Transportation ... Ticket Scalping Kerry

Segrave,2006-11-15 Ticket scalping is as much an American staple as apple pie Beginning as early as the mid 1800s scalpers known as sidewalk men were charging all the traffic would bear for event tickets Although these speculators were generally viewed as pariahs and public opinion was against the practice legal attempts to limit their activities were far from successful Boston enacted laws as early as 1873 while Pennsylvania followed suit in 1884 Still such measures did little good since some laws were declared unconstitutional and for the ones that were upheld the fines were negligible with jail time rarely served Over the years as moral objections to scalping dimmed the public became more tolerant as the practice became increasingly prevalent By the 1990s the capitalist mantras of free market and economic principles of supply and demand were even being used to justify the practice This volume details the ways in which scalping has changed over the years from a one man business to an agency controlled enterprise from performances by Jenny Lind to Billy Joel The book examines the general situation public opinion and legal perception of scalping for four distinct periods 1850 1899 1900 1917 1918 1949 and 1950 2005 Emphasis is placed on the ways in which public and legal perception of the practice has evolved over this period Scalping slowly gaining a more positive status has become more accepted as part of the economic practice of free markets
