**SCAM** Edzard Ernst, 2018-06-22 So called alternative medicine SCAM is popular and therefore important no matter whether we love or loathe it Consequently an impressive number of books about SCAM are already available Most of them however are woefully uncritical overtly promotional and dangerously misleading Not so this one This book was written by someone who received SCAM as a patient practised SCAM as a doctor and researched SCAM as a scientist It provides an insider's perspective by covering aspects of SCAM which most other books avoid and by questioning the many tacitly accepted assumptions and wild extrapolations that underpin SCAM The text is factual occasionally dosed with a touch of humour or satire The aim is not only to inform but also to entertain It is written principally for members of the general public who have an interest in healthcare and are tired of the promotional counter knowledge produced by SCAM enthusiasts It is an exercise in critical thinking that might prevent you from wasting your money on or endangering your health with bogus treatments Cassell's household guide Cassell, ltd, 1877 Organized Crime C. ZeroZeroZero Roberto Saviano, 2016-08-30 An electrifying internationally bestselling investigation of the global cocaine trade now a series on Prime Video starring Andrea Riseborough Dane DeHaan and Gabriel Byrne from the author of the 1 international bestseller Gomorrah Zero zero zero flour is the finest whitest available It is also the nickname among narco-traffickers for the purest cocaine on the market And it is the title of Roberto Saviano's unforgettable exploration of the inner workings of the global cocaine trade its rules and armies and the true depth of its reach into the world economy Saviano's Gomorrah his explosive account of the Neapolitan mob the Camorra was a worldwide sensation It struck such a nerve with the Camorra that Saviano has lived with twenty four hour police protection for more than eight years During this time he has come to know law enforcement agencies and officials around the world With their cooperation Saviano has broadened his perspective to take in the entire global corporate entity that is the drug trade and the complex money

laundering operations that allow it to function often with the help of the world's biggest banks. The result is a harrowing and groundbreaking synthesis of literary narrative and geopolitical analysis exploring one of the most powerful dark forces in our economy. Saviano tracks the shift in the cocaine trade's axis of power from Colombia to Mexico and relates how the Latin American cartels and gangs have forged alliances with crime syndicates across the globe. He charts the increasing sophistication of these criminal entities as they diversify into other products and markets. He also reveals the astonishing increase in the severity of violence as they have fought to protect and extend their power. Saviano is a writer and journalist of rare courage and a thinker of impressive intellectual depth, able to see connections between far-flung phenomena and bind them into a single epic story. Most drug war narratives feel safely removed from our own lives. Saviano offers no such comfort. Both heart-racing and eye-opening, *ZeroZeroZero* is an investigative story like none other. Praise for *ZeroZeroZero*: Saviano has developed a literary style that switches from vivid descriptions of human depravity to a philosophical consideration of the meaning of violence in the modern world. Most important of all is the hope Saviano gives to countless victims of criminal violence by standing up to its perpetrators. *Financial Times*
