Scandinavia During The Second World War

Alexander Stephan

Scandinavia During The Second World War:

Scandinavia During the Second World War Henrik S. Nissen, 1983 Omend de fire nordiske stater b de f r og efter krigen ustandseligt understregede det nordiske samarbejdes betydning tvang krigen dem til hver for sig at m tte indtage sit specielle standpunkt

Scandinavia and the Great Powers 1890-1940 Patrick Salmon, 2002-04-11 At the beginning of the twentieth century Scandinavia lay on the margin of European power politics but with the polarisation of international relations in the era of the two world wars Denmark Finland Norway and Sweden became the point where the spheres of influence of three great powers Great Britain Germany and Russia intersected In this book Patrick Salmon uses his extensive research in British German and Scandinavian archives to examine the position of the Nordic countries in the great power rivalries and conflicts of the period 1890 1940 However it does not treat the Nordic countries merely as passive victims It seeks to show that despite the disparity in strength between the great powers and the small states of northern Europe the latter had means of adapting to great power pressures and even influencing the policies of their formidable neighbours

Hitler's Scandinavian Legacy Jill Stephenson, John Gilmour, 2013-06-06 The Scandinavian Nordic countries of Denmark Norway Sweden and Finland experienced the effects of the German invasion in April 1940 in very different ways Collaboration resistance and co belligerency were only some of the short term consequences Each country s historiography has undergone enormous changes in the seventy years since the invasion and this collection by leading historians examines the immediate effects of Hitler s aggression as well as the long term legacies for each country s self image and national identity The Scandinavian countries war experience fundamentally changed how each nation functioned in the post war world by altering political structures the dynamics of their societies the inter relationships between the countries and the popular view of the wartime political and social responses to totalitarian threats Hitler was no respecter of the rights of the Scandinavian nations but he and his associates dealt surprisingly differently with each of them In the post war period this has caused problems of interpretation for political and cultural historians alike Drawing on the latest research this volume will be a welcome addition to the comparative histories of Scandinavia and the Second World War

Scandinavia in the Revolutionary Era Hildor Arnold Barton, 1986

Scandinavia since 1500 Byron J. Nordstrom, 2013-11-30 Though marked by certain geographical linguistic and cultural differences Denmark Finland Iceland Norway Sweden and the Faroe Islands are united by a common bond and a shared history This history comes richly to life in this up to date and thorough account of modern Scandinavia Structuring his history along the lines of traditional European chronology Renaissance Early Modern Modern and Contemporary periods Byron J Nordstrom brings a distinctly twentieth century perspective to his work He shows how religions political ideas economic practices intellectual movements and technological innovations have come to Scandinavia from abroad only to be modified and recast in a uniquely Nordic character Among the many topics he examines are Gustav II s military reforms Danish absolutism the constitutions of the nineteenth and twentieth centuries Scandinavian

modern design management techniques and shopfloor production strategies and the welfare state Surveying political diplomatic social economic and cultural aspects of the region s history Scandinavia since 1500 is a comprehensive yet nuanced portrait of this unique region British Policy and Strategy towards Norway, 1941-45 C. Mann,2012-11-19 After the German occupation of 1940 Britain was forced to reassess its relationship with Norway a country largely on the periphery of the main theatres of the Second World War Christopher Mann examines British military policy towards Norway concentrating on the commando raids deception planning and naval operations History of Scandinavia T. K. Derry,2000-04-07 Traces the history of Scandinavian countries emphasizing common features in their heritage **The Nordic Model of Welfare** Niels Finn Christiansen,2006 In international welfare state scholarship and political discourse the Nordic Model has become a standard concept But how precise is the concept and to what extent do the five Nordic countries fit into this overall pattern In this book a group of Nordic historians trace the historical origins and developments of welfare in the five Nordic countries The aim of this book is to modify the standard concept by emphasising both the common features and the variations between them As a work hypothesis the authors regard Norden as a model with five exceptions The articles in this book are all written by historians who have worked within the framework of a Nordic research project operating under the title The Nordic Welfare Model a Historical Reappraisal **Finland's Search for Security through Defence, 1944-89** Risto E.J. Penttila,1991-06-18 Based on the author s doctoral dissertation at Oxford this study examines with a historical perspective the national defence strategy of Finland 1944 1989 The author explores Finland s dilemma with respect to its geographic position and the Cold War politics between the US and the USSR **Scandinavian Crime Fiction** Paula Arvas,Andrew Nestingen,2011-01-15 This collection of articles studies the development of crime fiction in Denmark Finland Iceland Norway and Sweden since the 1960s offering the first English language study of this widely read and influential form Since the first Martin Beck novel of Maj Sjöwall and Per Wahloo appeared in 1965 the socially critical crime novel has figured prominently in Scandinavian culture and found hundreds of millions of readers outside Scandinavia But is there truly a Scandinavian crime novel tradition Scandinavian Crime Fiction identifies distinct features and changes in the Scandinavian crime tradition through analysis of some of its most well known writers Henning Mankell Stieg Larsson Anne Holt Liza Marklund Leena Lehtolainen and Arnaldur Indriðason among others Focusing on Scandinavian crime fiction s snowballing prominence since the 1990s articles zoom in on the transformation of the genre s social criticism study the significance of cultural and geographical place in the tradition and analyze the cultural politics of crime fiction including struggles over gender equity sexuality ethnicity history and the fate of the welfare state Scandinavian Crime Fiction maps out the contribution of Scandinavian crime writers to contemporary European culture and society making the volume valuable to scholars and the interested public *Hitler Strikes North* Jack Greene,Alessandro Massignani,2013-03-19 A detailed account of Germany s groundbreaking Operation Weser bung the first three dimensional land sea air strategic invasion in

history The German invasion of Denmark and Norway in April 1940 brought a sudden and shocking end to the Phoney War in the West In a single day multiple seaborne and airborne landings established German forces ashore in Norway overwhelming the unprepared Norwegian forces and catching the Allied Powers completely by surprise Their belated response was ill thought out and badly organized and by June 9 all resistance had formally ended The strategic importance of Scandinavian iron ore shipped through the port of Narvik to Germany was the main cause of the campaign The authors show how Allied attempts to interdict these supplies provoked German plans to secure them and also how political developments in the inter war years resulted in both Denmark and Norway being unable to deter threats to their neutrality despite having done so successfully in the First World War The German attack was their first joint air sea and land operation making large scale use of air landing and parachute forces and the Luftwaffe s control of the air throughout the campaign would prove decisive Although costly particularly for the Kriegsmarine it was a triumph of good planning improvisation and aggressive determined action by the troops on the ground Making full use of Norwegian Danish and German sources this book is a full and fascinating account of this highly significant campaign and its aftermath both for the course of the Second World War and the post war history of the two countries conquered with such unprecedented speed *Atlas of the Blitzkrieg* Robert Kirchubel,2019-09-19 Coinciding with the 80th anniversary of the outbreak of World War II this stunning collection of cartography offers a detailed insight into the German Blitzkrieg that overran Europe in the early years of World War II In September 1939 Nazi Germany launched its infamous Blitzkrieg invasion of Poland bringing about the outbreak of World War II Faced with highly tactical and accelerated attacks aimed at disrupting the line of defence and encircling vulnerable troops Allied forces broke under pressure Within the space of a year France had been invaded and occupied while the forces of Great Britain had retreated headlong back across the Channel Further campaigns in the air and at sea sought to subdue the British Isles while more lightning fast attacks in 1941 overran Yugoslavia and Greece leaving the bulk of Continental Europe under Nazi control Though the dominance of the Blitzkrieg method was to be challenged in the latter part of the war as Allied forces found methods of disrupting the attacks and dominating the battlefields its unparalleled success in the early years of the conflict brought Europe to its knees Featuring 98 detailed maps this impressive atlas shows in intricate detail the fighting and physical challenges faced by the German attackers and Allied defenders This will be a treasure for World War II enthusiasts and collectors alike **Twisted Paths** Robert Gerwarth,2007-08-09 An introduction to European history between 1914 and 1945 this text moves beyond the view that it can only be understood in terms of catastrophe arguing that political stability and regime collapse social progress and mass poverty the crisis of European civilization and remarkable cultural achievements existed alongside each other **The Rescue of the Danish Jews** Leo Goldberger,1987 An immensely valuable ocntribution As the last generation of witnesses to the Holocaust testify to its horrors tehy must also testify to its heroes those who risked all to safe lives These movingly told stories restore our faith in the human spirit William

Shirer The mystery of the rescue phenomenon will probably always elude us As the rescuers narratives in this remarkable volume show the acts of saving Jews seemed spontaneous and natural and thus the mystery of the rescue act begins to unravel radiantly The insights which this interdisciplinary collection of essays subtly pieces together show in unique fashion the preconditions or the possibilities of individual and collective courage Dennis B Klein author of *Jewish Origins of the Psychoanalytic Movement* A distinguished group of internationally known individuals Jews and non Jews rescuers and rescued offer their enriching first person accounts and reflections that explore the question Why did the Danes risk their lives to rescue the Jewish population

Encyclopedia of Historians and Historical Writing Kelly Boyd, 2019-10-09 The Encyclopedia of Historians and Historical Writing contains over 800 entries ranging from Lord Acton and Anna Comnena to Howard Zinn and from Herodotus to Simon Schama Over 300 contributors from around the world have composed critical assessments of historians from the beginning of historical writing to the present day including individuals from related disciplines like Jürgen Habermas and Clifford Geertz whose theoretical contributions have informed historical debate Additionally the Encyclopedia includes some 200 essays treating the development of national regional and topical historiographies from the Ancient Near East to the history of sexuality In addition to the Western tradition it includes substantial assessments of African Asian and Latin American historians and debates on gender and subaltern studies

The Americanization of Europe Alexander Stephan, 2006 Using Germany as a case study of the impact of American culture throughout a period characterized by a totalitarian system two destructive wars ethnic cleansing and economic disaster this book explores the political and cultural parameters of Americanization and anti Americanism

The Scandinavian International Society Laust Schouenborg, 2013 This book provides a comprehensive analysis of Scandinavia as a regional international society including the Nordic Peace and the rise of the Scandinavian welfare state Schouenborg aims to take the next big step in the theoretical development of the English School of International Relations particularly the structural version introduced by Barry Buzan He analyses the formation of a Scandinavian regional international society over a 200 year period and develops the concepts of primary institutions and binding forces as an analytical framework In doing so he not only offers one of the first systematic applications of English School structural theory but also sheds a new comparative light on the distinctiveness of Scandinavian international relations and provides a novel intervention in the debates about the emergence of the so called Nordic Peace In the first part of the book Schouenborg explains the core concepts and discusses how one may distinguish a regional international society from the broader global international society in which it is embedded In the second part he provides an in depth study of the Scandinavian case focussing on the periods 1815 to 1919 1919 to 1989 and 1989 to 2010 The Scandinavian International Society will be of interest to students and scholars of international relations theory Scandinavian international relations and history and researchers engaged in comparative welfare state studies

Hitler's Arctic War Chris Mann, Christer Jörgensen, 2003-03-13 A thorough and thought provoking

study of Germany's campaign in Norway, Finland, and the USSR during World War II. 110 photos, 6 maps. A History of Denmark Knud J. V. Jespersen, 2018-09-08. In this introductory guide, Knud Jespersen traces the process of disintegration and reduction that helped to form the modern Danish state and the historical roots of Denmark's international position. Beginning with the Reformation in the sixteenth century, Jespersen explains how the Denmark of today was shaped by wars, territorial losses, domestic upheavals, new methods of production, and changes in thought. Focusing on the interplay between history, politics, and economics, this illuminating text offers an insider's view of Danish identity formation over the last centuries. This engaging textbook is an ideal resource for undergraduate and postgraduate students taking courses on Danish, Scandinavian, or Nordic History. Concise and accessible, it will also appeal to anyone interested in gaining a clear understanding of the development of Denmark.

Folklore Fights the Nazis Kathleen Stokker, 1997-02-01. Armed with jokes, puns, and cartoons, Norwegians tried to keep their spirits high and foster the Resistance by poking fun at the occupying Germans during World War II. Despite a 1942 ordinance mandating death for the ridicule of Nazi soldiers, Norwegians attacked the occupying Nazis and their Norwegian collaborators by means of anecdotes, quips, insinuating personal ads, children's stories, Christmas cards, mock postage stamps, and symbolic clothing. In relating this dramatic story, Kathleen Stokker draws upon her many interviews with survivors of the Occupation and upon the archives of the Norwegian Resistance Museum and the University of Oslo. Central to the book are four joke notebooks kept by women ranging in age from eleven to thirty who found sufficient meaning in this humor to risk recording and preserving it. Stokker also cites details from wartime diaries of three other women from East, West, and North Norway. Placing the joking in historical, cultural, and psychological context, Stokker demonstrates how this seemingly frivolous humor, in fact, contributed to the development of a resistance mentality among an initially confused, paralyzed, and dispirited population stunned by the German invasion of their neutral country. For this paperback edition, Stokker has added a new preface offering a comparative view of resistance through humor in neighboring Denmark.

Reviewing **Scandinavia During The Second World War**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence. Its capacity to evoke emotions, stimulate contemplation, and stimulate metamorphosis is really astonishing.
