American Film Noir Genres, Characters, and Settings Harold Hellwig, 2023-03-20 American Film Noir Genres Characters and Settings argues that film noir style evolved out of American literature prior to the 1930s and continues to evolve long after the classic films that defined its presence in cinema While many critics suggest that the film noir tradition ceased after the mid 1950s labeling similar films produced later as neo noir Harold Hellwig contends that film noir itself has continued to evolve beyond cinema to include television series such as CSI Have Gun Will Travel and

Frasier among others Hellwig posits that rather than being a single genre in and of itself film noir comprises several genres including detective procedurals science fiction the Western and even comedy This book examines different elements of American film noir including the characters and settings it is often defined by and its contexts within different adaptations in both film and television Scholars of film studies American literature and media studies will find this book of particular interest

Chambers's Journal of Popular Literature, Science and Arts ,1861 *The Half-vanished Structure* Magnus Ullén,2004 This book takes issue with the tendency in twentieth century Hawthorne criticism to blur the distinction between symbolism and allegory Rejecting the long standing notion that Hawthorne is a symbolist in allegorical disguise Ullén argues that allegory is the key to understanding how religion sexuality aesthetics and politics are interwoven in Hawthorne's writings The study presents a model for allegorical interpretation of general applicability which is brought to bear on each of Hawthorne's mature romances and on the oft neglected Wonder Books written for children An unparalleled analysis of the formal intricacies of Hawthorne's writings this book is an eloquent plea for the necessity of grounding ideological analysis in aesthetical considerations

Pragmatism and Literary Studies Winfried Fluck,1999 Chamber's Journal of Popular Literature, Science and Arts ,1861 **Pseudology** Marcel Danesi,2024-09-11 In an age where fake news conspiracy theories and outright lies by political and cultural leaders are commonplace we may be becoming accustomed to lying or worse even immune to it Pseudology unravels the reasons for this by describing a science of lying that looks at various aspects of this trait from how it affects the brain to how it distorts perception Interest in lying goes back to antiquity and writing and debate has only increased in the present day but what is missing is a treatment that synthesizes the work from linguists political scientists anthropologists psychologists neuroscientists and sociologists tying them to the philosophical and literary views of lying throughout history Such a treatment can be called pseudology an interdisciplinary science for classifying collating and assessing ideas about lying This book is a comprehensive treatment of pseudology emphasising the importance of studying lying in our current climate Pseudology addresses questions such as What is a lie Why do we lie Why are we so susceptible to lying How does lying activate false beliefs and generate hatred of others How has lying shaped the course of history at least to some extent How has lying been adopted as a basic thematic element in literature and the arts Synthesising research from a broad range of disciplines and from the perspective of a leading cognitive linguist this text weaves ideas and theories about lying cohesively into an overall interdisciplinary science This landmark book is vital for students and scholars of language as well as anyone interested in politics sociology or psychology
