**Poker Strategy : a Complete Blueprint on Texas Hold Em for Pros and Beginners** Anthony Blundetto, 2012-12-01 This poker book will open your eyes to some new strategies and techniques that will help you become a much better poker player You can soar to new heights using this book and it will help you with your confidence on the table This book is definitely worth a read twice or even three times and it s so great that it deals with poker strategy on a whole and really nothing else but just real Texas Hold Em Poker It is a quick and revolutionary approach to playing the game Its can train the novice or beginner to become intermediary or advanced and can train the advanced person to become a much stronger player If your poker game does not improve after reading this book I don t know what will

Either that or you just aren't following the tips in the book. This book gives you three critical points: What to play, when to play it, and How to read other players. When you have a good hand, another player might have a great hand, but how will you know? Learn why some of the best players dump early to read other players and what they do, and what ends up being their poker tells. This can see you through to the end. Its tournament style at its best. The book looks at table position, the number of players, the different and varying personalities of your opponents, flop textures, which hands to play and which to not play, and so much more that you will definitely be in awe. There is a Volume 2 coming out that shows even more advanced tips. What if you had a template on how to play poker, how much better off would you be? You would be in a great position, wouldn't you? You could set up the entire scenario. Well, sad to say, great poker players will tell you the same thing: EVERY GAME IS DIFFERENT. This means that you must learn to think on your feet and not follow hard and fast rules that will not apply to every situation. How will you know that you are a good poker player when you start to make money? That is true in a sense, but before you start making money, you have to start making better decisions in the game. What's the objective? IT IS TO STAY IN THE GAME. OF COURSE. The pot will be yours, hang in there and let the competition kill each other. Make up your mind, pick up a copy of this great poker book. **The Full Tilt Poker Strategy Guide** Michael Craig, 2014-07-01. The greatest poker players on the planet deliver the most valuable and comprehensive tournament strategy guide ever assembled.
