Scattering Of Seeds The Creation Of Canada:

Scattering of Seeds Lindalee Tracey,1997 *A Scattering of Seeds* Lindalee Tracey,1999 A SCATTERING OF SEEDS THE CREATION OF CANADA is based on a series of documentary films exploring the dreams, daring and determination of Canada's first immigrants. It is a journey into the hopes and triumphs of the many groups who built a nation. In this wonderful and moving book, Lindalee Tracey has taken the best stories from the first two seasons of this award-winning series, which has been airing on the History Channel and in French on Radio Canada's RDI. This book draws on a rich archive of home movies, photographs, letters, home diaries and oral history. The chapters provide personal portraits celebrating the diversity of the first families who arrived during Canada's formative years of nation building. From the early French, Ukrainian and Irish settlers to the more recent Chinese, Japanese, Finnish and Sikh immigrants, this kaleidoscope of images and experiences is unparalleled. There is conflict, oppression and the occasional sinking of hearts, yet the resolve and character of these immigrants is what built our nation and allows it to grow. At the root of each story is the instinct to contribute something, to leave something to mark the efforts of life. Who we were before we became who we are is our lasting legacy and our greatest teacher. A SCATTERING OF SEEDS demonstrates a profound understanding of community that continues to shape a country still in transition. *Scattering of Seeds: The Creation of Canada: A 26 Part Television Series*, Features A Scattering of

Seeds The Creation of Canada a series of 26 documentary films exploring the journey of Canada's first immigrants interpreted by Canada's White Pine Pictures based in Toronto, Ontario. Describes each episode of the 26 part television series.

A scattering of seeds Lindalee Tracey,1997 *A Scattering of Seeds [electronic Resource] : the Creation of Canada, a 39-part Television Series Celebrating the Contribution of Immigrants to Canada*, The River of History Peter Farrugia,2005 The articles in this collection are dedicated to the proposition that human beings make history not just in the sense of being agents of change in the here and now but in the sense that we interpret, appropriate and make use of the past for our own purposes in the future. Covering topics that range from teaching history to the concept of property rights and the discipline of history in the television age, these essays will radically alter the notion of how we make history. It will show that we are never fully able to bend history to our will and that as we attempt to do so we are often shocked at the turns it takes despite our best efforts to shape it for future generations. **Wired Into Teaching Jewish Virtues** Scott Mandel,1990
