Robert De Niro - Portrait of a Legend John Parker, 2009-11-16 With his breath taking breakthrough performance in Martin Scorsese s Mean Streets in 1973 he forged an enormously fruitful collaboration including Taxi Driver Raging Bull and Goodfellas that alongside his roles in the likes of The Godfather Part Two The Deer Hunter and Once Upon a Time in America reads like a list of the top Hollywood films of the last 30 years As a method actor De Niro lives and breathes his roles to bring his unique intensity and brooding menace to the screen be it feasting on pasta to gain 60lbs for Raging Bull or learning to play the saxophone for New York New York nothing is beyond him in his pursuit for

perfection But he s certainly not above sending himself up particularly in recent years in films such as *Analyze This* and *Meet the Parents* where he has honed a previously unheralded talent for comedy acting De Niro cuts an enigmatic figure off screen where he is notoriously reluctant to discuss his life though his relationships with supermodels such as Toukie Smith and his current wife Grace Hightower have often made the news His forays into the director s chair as well as setting up his own production company TriBeCa Productions have seen him more willing to discuss his work and his political views are clear He is an active supporter of the Democrat Party lending his support to Barrack Obama and has pledged to revitalise the TriBeCa region of New York following the September 11 attacks Throughout a career that has seen him date Naomi Campbell live in a mental hospital for his role in *Awakenings* work as a taxi driver beat prostate cancer and even meet the Fockers he s always been at the top of his game

Martin Scorsese's America Ellis Cashmore,2013-05-08 For over four decades Martin Scorsese has been the chronicler of an obsessive society where material possessions and physical comfort are valued where the pursuit of individual improvement is rewarded and where male prerogative is respected and preserved Scorsese has often described his films as sociology and he has a point his storytelling condenses complex information into comprehensible narratives about society In this sense he has been a guide through a dark world of nineteenth century crypto fascism to a fetishistic twentieth century in which goods fame money and power are held to have magical power Author of *Tyson* *Nurture of the Beast* and *Beckham* Ellis Cashmore turns his attention to arguably the most influential living film maker to explore how Scorsese envisions America Greed manhood the city and romantic love feature on Scorsese s landscape of secular materialism They are among the themes Cashmore argues have driven and inform Scorsese s work This is America as seen through the eyes of Martin Scorsese and it is a deeply unpleasant place Cashmore s book discloses how collectively Scorsese s films present an image of America It s an image assembled from the perspectives of obsessive people whether burned out paramedics compulsive entrepreneurs tortured lovers or celebrity fixated comedians It s collected from pool halls taxicabs boxing rings and jazz clubs It s an image that s specific yet ubiquitous It is Martin Scorsese s America

In Living Color Bernadette Giacomazzo,2023-02-15 An entertaining yet candid examination of the popular sketch show *In Living Color* When the pilot for *In Living Color* aired for the first time on April 15 1990 America had never seen anything like it And they loved it Over five seasons the show broke racial cultural and comedy boundaries creating unforgettable sketches that dealt almost exclusively with Black subject matter *In Living Color A Cultural History* celebrates the iconic show and its creators while also providing a conscientious examination of the sketches themselves Bernadette Giacomazzo reveals how the show successfully tackled topics that are still salient today from diversity in Hollywood and workplace racism to mass incarceration and blackfishing while other sketches have not aged quite so well Giacomazzo also looks at how the show helped break the careers of Jamie Foxx Jim Carrey and David Alan Grier amongst others and how its most infamous sketches such as *Fire Marshall* *Bill Homey the Clown* *East Hollywood Squares* and *Men on Film* helped shape comedy in the twenty first century In

Living Color was one of the few sketch shows of the 1990s that effectively tackled racial and social issues with humor. It did so more successfully than Saturday Night Live ever did because unlike the long standing late night show, In Living Color had a largely Black writer's room. This cultural history finally gives the influential show and its creators the recognition they deserve for their role in changing the face of television. Transnationalism in Practice Paul Giles, 2019-07-30. This volume brings together a collection of 14 essays in the fields of American studies, literature, and religion, written between 1994 and 2009 by the UK's leading critic in this area. There is also a new introduction. Sacred Profanity Aubrey Malone, 2010-02-26. This book offers a history of films with Biblical, spiritual, and supernatural themes. This volume follows the evolution of one of the Hollywood's longest running thematic concerns. From the silent era to the present, Sacred Profanity: Spirituality at the Movies examines the rich diversity of films with spiritual themes, films that reflect our own fascination with the divine and supernatural while evoking the specific times in which they were created. From *Birth of a Nation* to *Angels and Demons*, Sacred Profanity discusses over 180 films with an insightful movie lover's approach. Coverage encompasses Biblical stories like *King of Kings*, films about spiritual characters such as *The Nun's Story*, foreign masterpieces like *The Seventh Seal*, movies that incorporate spiritual symbolism such as *Taxi Driver* and *Cool Hand Luke*, horrifying visions of the Satanic like *The Exorcist*, and controversial works like *The Last Temptation of Christ*. The book also looks at the history of Hollywood's attempt to maintain moral order through censorship, as well as the growing influence of filmmakers' own spiritual beliefs on the movies we see. **Remaking Chinese Cinema** Yiman Wang, 2013-03-31. From melodrama to Cantonese opera, from silents to 3D animated film, *Remaking Chinese Cinema* traces cross-Pacific film remaking over the last eight decades. Through the refractive prism of Hollywood, Shanghai, and Hong Kong, Yiman Wang revolutionizes our understanding of Chinese cinema as national cinema. Against the diffusion model of national cinema spreading from a central point, Shanghai, in the Chinese case, she argues for a multi-local process of co-constitution and reconstitution. In this spirit, Wang analyzes how southern Chinese cinema, *huanan dianying*, morphed into Hong Kong cinema through trans-regional and trans-national interactions that also produced a vision of Chinese cinema. Among the book's highlights are a rereading of *The Goddess*, one of the best known silent Chinese films in the West, from the perspective of its wartime Mandarin/Cantonese remake, the excavation of a hybrid genre, the Western costume Cantonese opera film inspired by Hollywood's fantasy films of the 1930s and produced in Hong Kong well into the mid-twentieth century, and a rumination on Hollywood's remake of Hong Kong's *Infernal Affairs* and the wholesale incorporation of Chinese elements in *Kung Fu Panda 2*. Positing a structural analogy between the utopic vision of the national cinema and the location-specific collective subject position, the author traces their shared urge to infinitesimally approach but never fully and finitely reach a projected goal. This energy precipitates the ongoing processes of cross-Pacific film remaking, which constitute a crucial site for imagining and enacting without absolving issues of national and regional border politics. These issues unfold in relation to global formations such as colonialism, Cold War ideology, and postcolonial

postsocialist globalization As such *Remaking Chinese Cinema* contributes to the ongoing debate on trans national cinema from the unique perspective of century long border crossing film remaking *Exploring Textual Action* Anders M Gullestad, Patrizia Lombardo, Lars Saetre, 2010-12-31 *Exploring Textual Action* questions how we analyse works of art after the performative turn and shows how the interplay of performativity textual action space and topography and the converging of genres and art forms is essential in modern drama theatre prose fiction poetry and film The volume also fosters a keen concern for the development of congenial theory Its 14 detailed essays analyse works of art ranging from Balzac Melville and George Eliot to Breton Kafka Benjamin Blixen and Woolf and from W C Williams Bresson and Scorsese to Sarraute Duras Reygadas Dumont and Waltz The approach of these studies discloses the art works as creative and dynamic utterances with active and shaping forces so powerful and consequential that they have the potential to transform human perception and blur clear distinctions between art and real life Using an alternative and dynamic method and suggesting a direction towards the detailed analysis of literature art media and culture *Exploring Textual Action* addresses current debates within the humanities

Hollywood Incoherent Todd Berliner, 2010-10-01 Most books about American film in the 1970s tell stories about iconoclastic auteurs working in the shadow of the Vietnam War Stepping away from this tradition Todd Berliner gives us a bold and compelling study of the strange paradoxical narrative style of seventies films which seemed to flout the canonical structure of the well made film Berliner sheds new light on a well studied period His lively prose and the delight he takes in explicating the classics of that era make this book a real pleasure to read Stephen Prince Professor of Cinema at Virginia Tech and author of *Firestorm American Film in the Age of Terrorism* The wave of innovative filmmaking that surged in 1970s Hollywood has come to be cherished as dearly by many cineastes as the earlier golden age of studio filmmaking American filmmaking of this period has been much discussed in relation to the crisis of the film industry and the sociopolitical currents of the time Todd Berliner's important study focuses on what is usually taken for granted in such work the form texture and tone of the films themselves and the experiences that they create for spectators His exacting and wide ranging study explores the interplay between narrative unity and incongruity as it is manifested in different ways in acknowledged classics directed by Coppola Friedkin Scorsese and Cassavetes as well as in many less well known films Berliner also shows how these films have had a lasting impact on Hollywood filmmaking *Hollywood Incoherent* provides the sustained and systematic exploration of the aesthetics of the Hollywood Renaissance that the films deserve and the field of film studies needs Murray Smith Professor of Film Studies University of Kent
