G day coppers Pull up a stump crack a coldie or maybe just brew a cuppa cause I'm about to spin you a yarn that's as twisted as a Mallee root This ain't no fairy floss story from the tourist brochures all sunshine and smiling quokkas though it kicks off in Melbourne a city that can dazzle you with its sparkling Yarra the roar of the G on a Saturday arvo and the rich dark scent of a thousand laneway coffees Nah this tale *The Poisoned Jacaranda* dives headfirst into the murky billabong that can simmer just beneath that shiny surface It's about dreams turning to dust about how that sun-drenched promise of a new life *Down Under* can curdle quicker than milk in a heatwave when ambition lust and a few too many dodgy deals get thrown into the pot We've got a sheila with eyes bigger than her heart a couple of blokes who probably should've known better and a spicy mix of passion betrayal and a desperation so thick you could smell it from Bondi to Broome It starts with a whispered promise and ends with the flashing blue and red lights slicing through the suburban quiet the air suddenly sharp with the metallic tang of fear and the bitter scent of something deadly *Creativity Matters : Kasidi vs AI* 01-25 Tri Budhi Sastrio, 2025-05-17

Besides the Introductions which are written in three languages i.e. Indonesian Javanese and English this book is actually common and usual like any other books Nothing new in this book except there is an attempt to compare a human being made poem with a poem composed by AIPG and FVPG The comparison made is also simple because there is no depth analysis just compare and give the rest to the reader It is no question that AI can compose a rhyming poem or a free verse in a blink of our eyes Very fast and without any typo and any grammatical error Just give the key word or even key words to the AI and the poem is emerged Who can challenge or contest this super ability this amazing achievement No one right Even Kasidi the most stubborn critic raised his two hands and admit that now and in the future there is no one like an AI to compose a poem Not give up yet but it is a confession that AI is better stronger faster and cleverer than human being to make the job of composing a poem done in a blink of AI AI is better and faster than human being says Kasidi almost in whisper *Live or Die Tryin'* Yahkhahnahn Ammi, Perrie Daniell Gibson, 2024-04-19
