Schleiermachers To Cecilie And Other Writings By And About Schleiermacher:

Schleiermacher on Religion and the Natural Order Andrew Dole, 2010 Friedrich Schleiermacher 1768 1834 is best known as the father of liberal Protestant theology largely on the strength of his massive work of systematic theology *The Christian Faith* In this book Andrew Dole presents a new account of Schleiermacher's theory of religion Dole argues that Schleiermacher integrates the individualistic side of religion with a set of claims about its social dynamics and that this takes place within a broader understanding of all events in the world as the product of a universal law governed causal nexus

Embedded Grace Kevin M. Vander Schel, 2013-11-01 Scholars are now at work not only rethinking Schleiermachers relation to the modern and contemporary theological tradition but re-examining the dogmatic intricacies and commitments within his texts Situated within this revisionist milieu the author takes up the important issue of the coordination of grace and history in Schleiermacher arguing for its significance in understanding the dynamics of Schleiermachers dogmatics and its grounding and realization in Christology

The Veiled God Ruth Jackson Ravenscroft, 2019-07-22 In *The Veiled God* Ruth Jackson Ravenscroft offers a detailed portrait of Friedrich Schleiermacher's early life ethics and theology in its historical and social context She also critically reflects on the enduring relevance of his work for the study of religion The book analyses major texts from Schleiermacher's early work It argues that his experiments with literary form convey his understanding that human knowledge is inherently social and that religion is thoroughly linguistic and historical The book contends that by making finitude and not freedom a universal aspect to human life Schleiermacher offers rich conceptual resources for considering what it means to be human in this world both in relations of difference to others and in relation to the infinite

The Cambridge Companion to Friedrich Schleiermacher Jacqueline

Mariña, 2005-11-10 Known as the Father of modern theology Friedrich Schleiermacher is without a doubt one of the most important theologians in the history of Christianity Not only relevant to theology he also made significant contributions in areas of philosophy such as hermeneutics ethics philosophy of religion and the study of Plato and he was ahead of his time in espousing a kind of proto feminism Divided into three parts this Companion deals firstly with elements of Schleiermacher s philosophy such as metaphysics epistemology of religious knowledge ethics hermeneutics and contributions to Plato scholarship It goes on to discuss theological topics such as sin and redemption and Christology and the final section is devoted to Schleiermacher s understanding of culture This is the first book in English introducing readers to all the important aspects of Schleiermacher s thought in a systematic way containing essays by some of the best Schleiermacher scholars in Germany and in the English speaking world Schleiermacher, the Study of Religion, and the Future of Theology Brent W. Sockness, Wilhelm Gräb, 2010-02-26 The past three decades have witnessed a significant transatlantic and trans disciplinary resurgence of interest in the early nineteenth century Protestant theologian and philosopher Friedrich Schleiermacher 1768 1834 As the first major Christian thinker to theorize religion in a post Enlightenment context and re conceive the task of theology accordingly Schleiermacher holds a seminal place in the histories of modern Christian thought and the modern academic study of religion alike Whereas his liberalism and humanism have always made him a controversial figure among theological traditionalists it is only recently that Schleiermacher s understanding of religion has become the target of polemics from Religious Studies scholars keen to disassociate their discipline from its partial origins in liberal Protestantism Schleiermacher the Study of Religion and the Future of Theology documents an important meeting in the history of Schleiermacher studies at which leading scholars from Europe and North America gathered to probe the viability of key features of Schleiermacher s theological and philosophical program in light of its contested place in the study of religion *Schleiermachers Philosophie* Andreas Arndt, 2021-09-17 Schleiermacher war Theologe und Philosoph und hat in beiden Disziplinen zeitlebens literarisch und auch als akademischer Lehrer gewirkt Seine Philosophie so die leitende These des Buches ist integraler Bestandteil der Epoche der Klassischen deutschen Philosophie und nur auf dem Boden der nachkantischen Philosophie angemessen zu verstehen W hrend Schleiermachers Rang als Erneuerer der protestantischen Theologie im 19 Jahrhundert unumstritten ist steht er als Philosoph weiterhin im Schatten seiner Zeitgenossen In alle Diskussionen ber seine Philosophie spielt seine Religionsauffassung und Theologie mit hinein und umgekehrt Andreas Arndt zeigt dass die Zusammenstimmung von Philosophie und Religion bzw Theologie aus Schleiermachers Sicht Resultat einer rein philosophischen Gedankenentwicklung und nur im Gleichgewicht beider zu denken ist ein Gleichgewicht das durch die Diskussionslage im Ausgang der Klassischen deutschen Philosophie nachhaltig ersch ttert wurde so dass Schleiermacher nachfolgend nur noch als Glaubens und Religionsphilosoph wahrgenommen wurde Die Aufs tze des Bandes beleuchten den Entwicklungsgang von Schleiermachers philosophischen Positionen wie auch seines Systems Ein besonderer Schwerpunkt
