Schlumpf Automobile Collection:

The Schlumpf Automobile Collection Wolfgang Drehsen,1989 This book shares the valuable collection of the Schlumpf brothers whose collection of 427 beautiful classic cars including 122 Bugatis made it Europe s most exciting auto collection Now known as the National Auto Museum of France this amazing collection is presented in this book for all the world to see **Schlumpf Collection: National Automobile Museum** ,2001 **The National Automobile Museum Mulhouse** Jean-Claude Delerm,1994 **Schlumpf - The intrigue behind the most beautiful car collection in the world** Ard op de Weegh,Arnoud op de Weegh,2018-11-20 This fabulous collection of cars was brought together by two French brothers Hans Fritz Schlumpf and consists of hundreds of the most beautiful cars ever produced The Schlumpf affair is perhaps one of the most famous stories in the car collectors world covered extensively by the media in the mid 1970s when the collection was seized by the trade unions and later by the French government The Schlumpf brothers were accused of fraudulent actions to obtain their collection but following extensive research by the authors of this book the true story behind the collection is revealed Ard and Arnoud op Weegh spent many years investigating the Schlumpf affair and discovered many previously unpublished documents which prove that the Schlumpf brothers have been wrongly accused over the years This book is written to tell the true story behind the collection and also to rehabilitate the Schlumpf family name The book is beautifully illustrated with some rare photographs and features many of the beautiful cars that make up the Schlumpf collection *The Schlumpf Automobile Collection* Halwart Schrader,1977 *The Automobile* James Lincoln Collier,2006 Presents the history of the automobile explains how an automobile works and looks at the use of automobiles today **The Routledge Companion to Automobile Heritage, Culture, and Preservation** Barry L. Stiefel,Jennifer Clark,2019-12-06 The Routledge Companion to Automobile Heritage Culture and Preservation explores automotive heritage its place in society and the ways we might preserve and conserve it Drawing on contributions from academics and practitioners around the world and comprising six sections this volume carries the heritage discourse forward by exploring the complex and sometimes intricate place of automobiles within society Taken as a whole this book helps to shape how we think about automobile heritage and considers how that heritage explores a range of cultural intellectual emotional and material elements well outside of the automobile body itself Most importantly perhaps it questions how we might better acknowledge the importance of automotive heritage now and in the future The Routledge Companion to Automobile Heritage Culture and Preservation is unique in that it juxtaposes theory with practice academic approaches with practical experience and recognizes that issues of preservation and conservation belong in a broad context As such this volume should be essential reading for both academics and practitioners with an interest in automobiles cultural heritage and preservation *Strange But True Tales of Car Collecting* Keith Martin,The Editors of Sports Car Market,2017-10-24 These bizarre true stories of collectors and their cars is a whole lot of fun The Virginian Pilot Have you heard of the fellow who squirrelled away dozens of

Chevelles Camaros and other classic muscle cars in semi trailers How about the president of Shakespeare fishing rods who sold thirty Bugattis for a mere 85 000 What about the English nobleman who cut up and buried his Ferrari hoard in an elaborate insurance scam Or how about the Duesenberg abandoned in a Manhattan parking garage for decades only to be uncovered by Jay Leno Most car collectors exhibit a healthy enthusiasm for their hobby by digging into their favorite marques chasing parts swapping stories and generally living the car guy lifestyle Some however step over that fine line between enthusiasm and obsession and that s where these legendary car collector stories come from In Strange but True Tales of Car Collecting Keith Martin and the staff of Sports Car Market Magazine recount the wildest most eccentric over the top stories of collectors and their collections This likable book serves as a Ripley s Believe It or Not for car obsessives The New York Times

The Automobile Clay McShane,2017-07-06 Originally published in 1997 and now re issued with some updated material this chronology lists the major events in the history of the automobile The automobile cannot be understood without knowing about its pre history including technologies such as railroads carriages and trolley cars Material on these is included to the extent that they represented preludes to the modern car culture The volume also includes material about the technology design and production of cars and their manufacturers The ancillary fields of oil production and refining and road building are also covered Focussed mainly but not exclusively on the USA this chronology discusses the car and its role in social geographical and political change
