**Representations of Anne Frank in American Literature** Rachael McLennan, 2016-08-05 This book explores portrayals of Anne Frank in American literature where she is often invoked if problematically as a means of encouraging readers to think widely about persecution genocide and victimisation often in relation to gender ethnicity and race It shows how literary representations of Anne Frank in America over the past 50 years reflect the continued dominance of the American dramatic adaptations of Frank's *Diary* in the 1950s and argues that authors feel compelled to engage with the problematic elements of these adaptations and their iconic power At the same time though literary representations of Frank are associated with the adaptations critics often assume that these texts unquestioningly perpetuate the problems with the adaptations This is not true This book examines how American authors represent Frank in order to negotiate difficult questions relating to representation of the Holocaust in America and in order to consider gender coming of age and forms of inequality in American culture in various historical moments and of course to consider the ways Frank herself is represented in America This book argues that the most compelling representations of Frank in American literature are alert to their own limitations and may caution against making Frank a universal symbol of goodness or setting up too easy identifications with her It will be of great interest to researchers and students of Frank the Holocaust in American fiction and culture gender studies life writing young adult fiction and ethics

**Mediation, Remediation, and the Dynamics of Cultural Memory** Astrid Erll, Ann Rigney, 2009-07-14 This collection of essays brings together two major new developments in cultural memory studies firstly the shift away from static models of cultural memory where the emphasis lies on cultural products in the direction of more dynamic models where the emphasis lies instead on the cultural and social processes involved in the ongoing production of shared views of the past and secondly the growing interest in the role of the media and their role beyond that of mere storage within these dynamics The specific concern of this collection is linking the use of media to the larger socio cultural processes involved in collective memory

making The focus rests in particular on two aspects of media use the basic dynamics of mediation and remediation The key questions are What role do media play in the production and circulation of cultural memories How do mediation remediation and intermediality shape objects and acts of cultural remembrance How can new emergent media redefine or transform what is collectively remembered The essays of this collection focus on social historical religious and artistic media memories The authors analyze the memory making impact of news media the mediation and remediation of lieux de m moire the medial representation of colonial and postcolonial of Holocaust and Second World War memories and finally the problematization of these very processes in artistic media forms such as novels and movies

### **Holocaust Mothers and Daughters** Federica K.

Clementi, 2013-12-03 In this brave and original work Federica Clementi focuses on the mother daughter bond as depicted in six works by women who experienced the Holocaust sometimes with their mothers sometimes not The daughters memoirs which record the all too human qualities of those who were persecuted and murdered by the Nazis show that the Holocaust cannot be used to neatly segregate lives into the categories of before and after Clementi s discussions of differences in social status along with the persistence of antisemitism and patriarchal structures support this point strongly demonstrating the tenacity of trauma individual familial and collective among Jews in twentieth century Europe

Etty Hillesum and the Flow of Presence Meins G. S. Coetsier, 2008 Although she died cruelly at Auschwitz at the age of twenty nine Etty Hillesum left a lasting legacy of mystical thought in her letters and diaries Hillesum was a complex and powerful witness to the openness of the human spirit to the call of God even under the most harrowing circumstances Her life was as much shaped by Hitler's regime as was that of philosopher Eric Voegelin and as Meins Coetsier reveals her thought lends itself to interpretation from a uniquely Voegelinian perspective *Etty Hillesum and the Flow of Presence* analyzes the life and writings of Hillesum from the standpoint of Voegelin's views on consciousness especially his philosophy of luminous participation in the transcendent ground of being Through a careful reading of her letters and diaries Coetsier reveals the inner development of Hillesum's mystically grounded resistance to Nazism as he guides readers through the symbolism of her spiritual journey making effective use of Voegelin's analytics of experience and symbolization to trace her path to spiritual truth Intertwining the lives works and visions of these two mystical thinkers Coetsier demonstrates his mastery of both Voegelin's philosophy and Hillesum's Dutch language materials He shows how mystical attunement to the flow of presence Voegelin's designation for human responsiveness to the divine is the key to the development of Hillesum's life and writings He displays a special affinity for the suffering and grace filled transformation that she underwent as she approached the end of her life and gained insight into the ultimate purpose of each individual's contribution to the well being and maintenance of the human spirit Retrieving one of the lesser known but most compelling figures of the Holocaust Etty Hillesum and the Flow of Presence is an original contribution to both Voegelin and Hillesum scholarship that reflects these writers strong valuation of the human person It presents Hillesum's life and work in an original and provocative context shedding new light on her experiences and their symbolizations while further broadening the application of Voegelin's thought      *You Shall Tell Your Children* Liora Gubkin, 2007-11-05 Passover is among the most widely observed holidays for American Jews During this festival of redemption Jewish families retell the biblical story of Exodus using a ritual book known as a haggadah often weaving modern tales of oppression through the biblical narrative References to the Holocaust are some of the most common additions to contemporary haggadot However the parallel between ancient and modern oppression which seems obvious to some raises troubling questions for many others Is it possible to find any redemptive meaning in the Nazi genocide Are we adding value to this unforgivable moment in history Liora Gubkin critiques commemorations that violate memory by erasing the value of everyday life that was lost and collapse the diversity of responses both during the Shoah and afterward She recounts oral testimonies from Holocaust survivors cites references to the holiday in popular American culture and analyzes examples of actual haggadot Ultimately Gubkin concludes that it is possible and important to

make a space for Holocaust commemoration all the time recognizing that haggadat must be constantly revisited and performed

**My Mother's Voice** Adrienne Kertzer, 2001-12-11 Named Honor Book of the Year by the Children's Literature Association Winner 2003 Canadian Jewish Book Award for scholarship on a Jewish subject Finalist 2003 Alberta Book Awards Scholarly Book of the Year How do children's books represent the Holocaust How do such books negotiate the tension between the desire to protect children and the commitment to tell children the truth about the world If Holocaust representations in children's books respect the narrative conventions of hope and happy endings how do they differ if at all from popular representations intended for adult audiences And where does innocence lie if the children's fable of Roberto Benigni's *Life is Beautiful* is marketed for adults and far more troubling survivor memoirs such as Anita Lobel's *No Pretty Pictures* A Child of War are marketed for children How should Holocaust Studies integrate discourse about children's literature into its discussions In approaching these and other questions Kertzer uses the lens of children's literature to problematize the ways in which various adult discourses represent the Holocaust and continually challenges the conventional belief that children's literature is the place for easy answers and optimistic lessons

*The Existential Philosophy of Etty Hillesum* Meins G. S. Coetsier, 2014-01-09 In *The Existential Philosophy of Etty Hillesum* Meins G. S. Coetsier breaks new ground by demonstrating the Jewish existential nature of Etty Hillesum's spiritual and cultural life in light of the writings of Martin Buber Emmanuel Levinas and Dietrich Bonhoeffer Hillesum's diaries and letters written between 1941 and 1943 illustrate her struggle to come to terms with her personal life in the context of the Second World War and the Shoah By finding God under the rubble of the horrors she rediscovers the divine presence between humankind while taking up responsibility for the Other as a way to embrace justice and compassion In a fascinating accessible and thorough study Coetsier dispels much of the confusion that assails readers when they are exposed to the bewildering range of Christian and Jewish influences and other cultural interpretations of her writings The result is a convincing and profound picture of Etty Hillesum's path to spiritual freedom
