Literature and the Irish Famine 1845-1919 Melissa Fegan,2002-08-08

The impact of the Irish famine of 1845-1852 was unparalleled in both political and psychological terms. The effects of famine-related mortality and emigration were devastating in the field of literature no less than in other areas. In this incisive new study, Melissa Fegan explores the famine's legacy to literature, tracing it in the work of contemporary writers and their successors down to 1919. Dr Fegan examines both fiction and non-fiction, including journalism, travel narratives, and the Irish novels of Anthony Trollope. She argues that an examination of famine literature that simply categorizes it as minor or views it only as a silence or an absence misses the very real contribution that it makes to our understanding of the period. This is an important contribution to the study of Irish history and literature, sharply illuminating contemporary Irish mentalities.

William Maginn and the British Press David E. Latané, 2016-02-11 The first scholarly treatment of the life of William Maginn 1794-1842. David Latané's meticulously researched biography follows Maginn's life from his early days in Ireland through his career in Paris and London as political journalist and writer, and finally to his sad decline and incarceration in debtor's prison. A founding editor of the daily *Standard* 1827, Maginn was a prodigal author and editor. He was an early and influential contributor to *Blackwood's Edinburgh Magazine* and a writer from the Tory side for *The Age*, *New Times*, *English Gentleman*, *Representative*, *John Bull*, and many other papers. In 1830 he launched *Fraser's Magazine for Town and Country*, the early venue for such Victorians as Thackeray and Carlyle, and he was intimately involved with the poet L. E. L. In 1837 he wrote the prologue for the first issue of *Bentley's Miscellany*, edited by Dickens. Through painstaking archival research into Maginn's surviving letters and manuscripts, as well as those of his associates, Latané restores Maginn to his proper place in the history of nineteenth-century print culture. His book is essential reading for nineteenth-century scholars, historians of the book and periodical, and anyone interested in questions of authorship in the period.

Screening Enlightenment Hiroshi Kitamura, 2017-03-31 During the six and a half year occupation of Japan 1945-1952, U.S. film studios in close coordination with Douglas MacArthur's Supreme Command for the Allied Powers launched an ambitious campaign to extend their power and influence in a historically rich but challenging film market. In this far-reaching enlightenment campaign, Hollywood studios disseminated more than six hundred films to theaters, earned significant profits, and showcased the American way of life as a political, social, and cultural model for the war-shattered Japanese population. In *Screening Enlightenment*, Hiroshi Kitamura shows how this expansive attempt at cultural globalization helped transform Japan into one of Hollywood's key markets. He also demonstrates the prominent role American cinema played in the reeducation and reorientation of the Japanese on behalf of the U.S. government. According to Kitamura, Hollywood achieved widespread results by turning to the support of U.S. government and military authorities, which offered privileged deals to American movies while rigorously controlling Japanese and other cinematic products. The presentation of American ideas and values as an emblem of culture, democracy, and sophistication also allowed the U.S. film industry to expand. However, the studios' efforts would not have been nearly as extensive without the Japanese intermediaries and consumers who interestingly served as the program's best

publicists Drawing on a wide range of sources from studio memos and official documents of the occupation to publicity materials and Japanese fan magazines Kitamura shows how many Japanese supported Hollywood and became active agents of Americanization A truly interdisciplinary book that combines U S diplomatic and cultural history film and media studies and modern Japanese history Screening Enlightenment offers new insights into the origins of this unique political and cultural transpacific relationship
