Fraser's Angel Richard Leviton, 2006-02-14 A mystical whimsical romp through the universe and the Heavens for an answer to a question that cannot wait until tomorrow Fraser He's English eight years old and has a big question One night in bed he calculates distances between things his house and his uncle's his uncle's and London and then on to the Moon the nearest star and beyond until he experiences infinity He sits up in bed riveted with this question when you go all the way across the universe what's on the other side of all the stars As if on cue the next morning Elouesa an angel assigned to him starts to provide Fraser with an answer but it's an answer that is an experience and it will take him around an Earth he's never even suspected out into the galaxy at so intimate a level he'll find his nose pressed against its very edge and even beyond that into the wild mysterious and very exciting universe A host of characters will give Fraser bits of the answer along the way Such as Perflummery the cosmic clown whose bag of marbles contains all the universes The enigmatic Purplissance who flies him through the silent heart of the Quiddity Panalon the blue starred dolphin and celestial cocktail party bon vivant And the Uncle Blaises the angelic Marx Brothers of Heaven joking dancing quipping and always quoting from their unique book The Angel's Guide to the World It all comes pummeling back to Earth and reality when Fraser goes to school the next day and shows his classmates and teacher what's he learned And he's lucky to have Uncle Arthur on hand because he knows where Fraser's been and with whom And the question Does Fraser get it answered Indeed But you'll have to read Fraser's Angel to find out what it is
