The Black Death John Hatcher,2008-05-27 A unique blend of history and docudrama that looks at the lives of ordinary people during the Black Death as a third of Europe s population was wiped out Publishers Weekly In this fresh approach to the history of the Black Death John Hatcher a world renowned scholar of the Middle Ages recreates everyday life in a mid fourteenth century rural English village Walsham de Willows as the plague rips through its homes and streets By focusing on the experiences of ordinary villagers as they lived and died during the deadly epidemic of 1345 1350 Hatcher vividly places the reader directly into those tumultuous years and describes in fascinating detail the day to day existence of people struggling with the tragic effects of the plague Dramatic scenes portray how contemporaries must have

experienced and thought about the momentous events and how they tried to make sense of it all Totally absorbing a triumph Simon Winchester The New York Sun Unusually gripping Booklist An unforgettable picture of a society thrown into chaos The Commercial Dispatch Reading Families Rebecca L. Krug,2018-09-05 Rebecca Krug argues that in the later Middle Ages people defined themselves in terms of family relationships but increasingly saw their social circumstances as being connected to the written word Complex family dynamics and social configurations motivated women to engage in text based activities Although not all or even the majority of women could read and write it became natural for women to think of writing as a part of everyday life Reading Families looks at the literate practice of two individual women Margaret Paston and Margaret Beaufort and of two communities in which women were central the Norwich Lollards and the Bridgettines at Syon Abbey The book begins with Paston s letters which were written at her husband s request and ends with devotional texts that describe the spiritual daughterhood of the Bridgettine readers Scholars often assume that medieval women s participation in literate culture constituted a rejection of patriarchal authority Krug maintains however that for most women learning to engage with the written word served as a practical response to social changes and was not necessarily a revolutionary act **Developing a Vision for Ministry** Aubrey Malphurs,2015-10-13 Strong leaders have vision that is both far reaching and focused on the details Having that vision is what separates the church with a hodge podge of ineffective programs and activities from churches that reach people effectively efficiently and consistently with the Good News Now in its third edition this groundbreaking book continues to offer church planters pastors and ministry leaders concrete help with crafting vision statements encouraging buy in from the influencers in the church turning up the energy level and ultimately growing the church Voice and Voicelessness in Medieval Europe Irit Ruth Kleiman,2015-09-30 Twelve medieval scholars from a wide range of disciplines including law literature and religion address the question What did it mean to possess a voice or to be without one during the Middle Ages This collection reveals how the philosophy theology and aesthetics of the voice inhabit some of the most canonical texts of the Middle Ages *The Book of Church Growth* Thom S. Rainer,1998-09-01 The Church Growth Movement has divided devout Christians Even though Rainer is an advocate his aim here is to present an objective view of the movement its history the theology associated with it and the principles which seem to separate churches that grow from those that don t *Servant Leadership and the Black Church Serving as Jesus Served* Dr. Pearlie Johnson-Freeman,2025-08-13 This book provides an overview of the history of the Black Church beginning with the church s origination during the slavery era It demonstrates how the appropriate leadership approach is crucial in meeting the distinctive needs of the Black Church After examining the various leadership approaches it is recommended that servant leaders embody the appropriate leadership characteristics to assure the future of the Black Church because it is the leadership approach by which Jesus served Ten recommendations are provided for leaders who wish to improve their servant leadership approach or learn how to become a servant leader **Medieval Women's Writing**

Diane Watt, 2013-04-18 *Medieval Women's Writing* is a major new contribution to our understanding of women's writing in England 1100-1500. The most comprehensive account to date, it includes writings in Latin and French as well as English and works for as well as by women. Marie de France, Clemence of Barking, Julian of Norwich, Margery Kempe and the Paston women are discussed alongside the Old English lives of women saints. The Life of Christina of Markyate, the St Albans Psalter and the legends of women saints by Osbern Bokenham. *Medieval Women's Writing* addresses these key questions: Who were the first women authors in the English canon? What do we mean by women's writing in the Middle Ages? What do we mean by authorship? How can studying medieval writing contribute to our understanding of women's literary history? Diane Watt argues that female patrons, audiences, readers and even subjects contributed to the production of texts and their meanings, whether written by men or women. Only an understanding of textual production as collaborative enables us to grasp fully women's engagement with literary culture. This radical rethinking of early women's literary history has major implications for all scholars working on medieval literature, on ideas of authorship and on women's writing in later periods. The book will become standard reading for all students of these debates.

Drawing on one of the most comprehensive studies ever on the church, this book reveals the process of becoming a breakout church and the factors that lead to this spiritual metamorphosis.
