Reading In Politics:

Reading Politics with Machiavelli Ronald J. Schmidt, Jr, 2018-06-01 Political theorist Wendy Brown has argued recently that contemporary neoliberalism with its relentless obsession on the economy has all but undone the tenets of democracy This book suggests one way of thinking out of the current moment and it does so by looking to a perhaps unlikely figure Niccolo Machiavelli Ronald J Schmidt Jr argues that if we imitate Machiavelli s interpretive method in reading The Prince and Discourses of Livy we can find in them solutions to the neoliberal problems Brown warns about **Reading, Society and Politics in Early Modern England** Kevin M. Sharpe, Steven N. Zwicker, 2003-07-10 This book charts the changes in reading habits that reflect broader social and political shifts in early modern England Women, Reading, and the Cultural Politics of Early Modern England Edith Snook, 2017-07-05 A study of the representation of reading in early modern Englishwomen s writing this book exists at the intersection of textual criticism and cultural history It looks at depictions of reading in devotional works maternal advice books poetry fiction and manuscripts for evidence of ways in which women conceived of reading in sixteenth and early seventeenth century England Among the texts considered are Katherine Parr Lamentation of a Sinner Anne Askew The Examinations of Anne Askew Dorothy Leigh The Mothers Blessing Elizabeth Grymston Miscelanea Meditations Memoratives Anne Cornwallis s commonplace book Folger MS V a 89 Aemelia Lanyer Salve Deus Rex Judaeorum The Death and Passion of Our Lord Jesus Christ Bodleian MS Don e 17 and Mary Wroth The First Part of The Countess of Montgomery s Urania **Eric Voegelin's Political Readings** Bernat Torres, Josep Monserrat Molas, 2021-07-22 Eric Voegelin s Political Readings fills a critical void by providing an original approach to studying the work of Eric Voegelin one of the major political philosophers of the twenty first century Across six chapters experts guide the reader from classical to modern times presenting six political philosophers who have had an impact on the life and philosophical production of Eric Voegelin Philosophers examined include Plato Aristotle Saint Augustine Hobbes Weber and Kelsen Through this innovative structure the chapters collectively illustrate how Voegelin was an exceptional thinker through his engagement with political philosophers both modern and antique The plurality of unique academic perspectives and voices enriches our understanding of Voegelin s own thought while also encouraging a re think of ancient and modern thinkers and the transformation and continuity between these Designed for students and scholars alike Eric Voegelin s Political Readings will appeal to all those with an interest in Voegelin as well as readers familiar with classical and modern political philosophers Reading Postcolonial Literature Hayley G. Toth, 2025-03-10 An Open Access edition is available thanks to the kind sponsorship of the libraries participating in the Jisc Open Access Community Framework OpenUP initiative Debates about reading in postcolonial studies rarely discuss non professional readers except to secure the authority of professional reading practices In Reading Postcolonial Literature Hayley G Toth places non professional reading practices in dialogue with received academic wisdom to debunk common sense assumptions about non professional readers as Western

or neocolonial consumers Drawing on reading practices recorded in academic books journal articles and on online book reviewing platforms like Amazon and Goodreads Toth draws attention to important continuities between professional and non professional practices of reading postcolonial literature At the same time she highlights that non professionals often have little desire to emulate the practices of professional postcolonial critics Precisely by not adopting the established protocols and methods of postcolonial studies non professional readers call attention to the limits of dominant approaches to reading in the discipline Across four chapters Toth examines the relationship between reading and identity during the Rushdie affair the difference between reading and address the challenges posed by difficult texts and the legitimacy of non understanding and the reception of popular texts primarily read by non professional audiences Reading Postcolonial Literature demonstrates that reception matters in any claims we make about the value of reading postcolonial literature and offers new ways forward for the practice study and teaching of reading in the discipline *Interlingual Readings of Political Discourse* ,2024-02-06

This volume provides a timely reflection of this growing interdisciplinary field of translation interpreting and political discourse It includes very recent work carried out by researchers from a range of countries The chapters illustrate new trends and perspectives in the interdisciplinary research field and extends previous research The volume covers both translation and interpreting modes in monolingual bilingual and multilingual contexts It features the convergences and synergies between the two modes and thus provides new insights on these different modes of language communication Furthermore instead of situating translation in politics or politics in translation the volume treats political discourse and translation interpreting at equal levels thus allowing more room for the discussion of the interdisciplinary nature of the field

Typing Politics Richard Davis,2009-05-26 Examines the growing role of blogs in United States politics and the relationship between blogs and the mainstream media discussing the content and audience of political blogs and the general perception of their role in journalism **Interpreting the Political** Terrell Carver,Matti Hyvarinen,2013-02-01 Uses linguistic and semiotic analytical techniques to interrogate the use of language in the construction of political discourses An impressively broad range of methodologies is used each to explore a substantive political issue *T&T Clark Handbook of Political Theology* Rubén Rosario Rodríguez,2019-10-03 The T and the contributors then build on previously discussed historical resources and methods to engage with contemporary issues and challenges emphasizing interreligious dialogue even while addressing concerns of relevance to a particular faith tradition The volume concludes with three essays that look at the future of political theology from the perspective of each Abrahamic religion Complete with select bibliographies for each topic this companion features the most current overview of political theology that will reach a broader global audience of students and scholars Comparative Politics Jan W. van Deth,1998 This book tackles the issues involved in and explores the strategies to deal with many of the problems of establishing equivalence when conducting comparative research in politics
