Victor Caston

Reading Platos Theaetetus:

Reading Plato's Theaetetus Timothy D. J. Chappell, 2005-01-01 This book intersperses philosophical commentary with a new translation of the whole dialogue to present an original case for thinking that Plato's aim in the Theaetetus is to further the cause of his own anti-empiricist theory of knowledge by testing and destroying a series of empiricist theories of knowledge

Theaetetus Plato, Aeterna Press, 2015-09-01 SOME dialogues of Plato are of so various a character that their relation to the other dialogues cannot be determined with any degree of certainty The Theaetetus like the Parmenides has points of similarity both with his earlier and his later writings The perfection of style the humour the dramatic interest the complexity of structure the fertility of illustration the shifting of the points of view are characteristic of his best period of authorship The vain search the negative conclusion the figure of the midwives the constant profession of ignorance on the part of Socrates also bear the stamp of the early dialogues in which the original Socrates is not yet Platonized Had we no other indications we should be disposed to range the Theaetetus with the Apology and the Phaedrus and perhaps even with the Protagoras and the Laches Aeterna Press

The Unity of Oneness and Plurality in Plato's Theaetetus Daniel Bloom, 2015-07-16 The Unity of Oneness and Plurality in Plato's Theaetetus offers a reading of the Theaetetus that shows how the characters' failure to give an acceptable account i.e. a logos of knowledge is really a success the failure being a necessary result of the dialogue's implicit proof that there can never be a complete logos of knowledge The proof of the incompatibility of knowledge and logos rests on the recognition that knowledge is always of what is and hence is always of what is one while logos is inherently multiple Thus any attempt to give a logos of what is known amounts to turning what is one into something multiple and hence that which is expressed by any logos must be other than that which is known In this way The Unity of Oneness and Plurality in Plato's Theaetetus provides its readers with developed sketches of both a Platonic epistemology and a Platonic ontology An account of the incompleteness of all accounts is obviously a very slippery undertaking Plato's mastery of his craft is on full display in the dialogue Besides offering a reading of Plato's epistemology and ontology The Unity of Oneness and Plurality in Plato's Theaetetus investigates the insights and difficulties that arise from a close reading of the dialogue through a sustained analysis that mirrors the movement of the dialogue offering a commentary on each of the primary sections and showing how these sections fit together to supply an engaged reader with a unified whole

Knowledge and Truth in Plato Catherine Rowett, 2018-04-19 Several myths about Plato's work are decisively challenged by Catherine Rowett the idea that Plato agreed with Socrates about the need for a definition of what we know the idea that he set out to define justice in the Republic the idea that knowledge is a kind of true belief or that Plato ever thought that it might be something like that the idea that knowledge proper is propositional and that the Theaetetus was Plato's best attempt to define knowledge as a species of belief and that it only failed due to his incompetence Instead Rowett argues that Plato was replacing the failed methods of Socrates including his attempt to find a definition or single common factor and that

he replaced those methods with methods derived from geometry including methods that involve inference from shadows to their originals a method which Rowett calls the iconic method As a result we should see that Plato is presenting the knowledge that is acquired as non propositional and pictorial in nature and that it is to be identified not with knowledge of facts nor of objects but of types qua types types that stand to the tokens that are used in our enquiry as original to shadow The book includes detailed studies of the Meno Republic and Theaetetus and argues that the insights that Plato brings about the nature of conceptual knowledge its importance in underpinning all other activities and about the notion of truth as it applies to conceptual competence are significant and should be taken seriously as a corrective to areas in which current analytic philosophy has lost its way *Plato's Theaetetus* Plato,2020-05-21 Theaetetus the Sophist and the Statesman are a trilogy of Platonic dialogues that show Socrates formulating his conception of philosophy as he prepares the defense for his trial Originally published together as The Being of the Beautiful these translations can be read separately or as a trilogy Each includes an introduction extensive notes and comprehensive commentary that examines the trilogy s motifs and relationships Seth Benardete is one of the very few contemporary classicists who combine the highest philological competence with a subtlety and taste that approximate that of the ancients At the same time he has set himself the entirely modern hermeneutical task of uncovering what the ancients preferred to keep veiled of making explicit what they indicated and hence of showing the naked ugliness of artificial beauty Stanley Rose Graduate Faculty Philosophy Journal Seth Benardete 1930 2001 was professor of classics at New York University He was the author or translator of many books most recently The Argument of the Action Plato s Laws and Plato s Symposium all published by the University of Chicago Press **Plato's Parmenides Reconsidered** M. Tabak,2015-05-13 Plato s Parmenides Reconsidered offers a very accessible detailed and historically sensitive account of Plato s Parmenides Against the prevailing scholarly wisdom he illustrates conclusively that Parmenides is a satirical dialogue in which Plato attempts to expose the absurd nature of the doctrines and method of his philosophical opponents *Plato: Theaetetus and Sophist* ,2015-11-24 Plato s Theaetetus and Sophist are two of his most important dialogues and are widely read and discussed by philosophers for what they reveal about his epistemology and particularly his accounts of belief and knowledge Although they form part of a single Platonic project these dialogues are not usually presented as a pair as they are in Christopher Rowe s new and lively translation Offering a high standard of accuracy and readability the translation reveals the continuity between these dialogues and others in the Platonic corpus especially the Republic The supporting introduction and notes help the reader to follow the arguments as they develop explaining their structure context and interpretation This new edition challenges current scholarly approaches to Plato s work and will pave the way for fresh interpretations both of Theaetetus and Sophist and of Plato s writings in general Theaetetus Plato,Bernard Williams,M. J. Levett,Myles Burnyeat,1992-01-01 M J Levett s elegant translation of Theaetetus first published in 1928 is here revised by Myles Burnyeat to reflect contemporary standards of accuracy while retaining the style imagery

and idiomatic speech for which the Levett translation is unparalleled Bernard Williams's concise introduction illuminates the powerful argument of this complex dialogue and illustrates its connections to contemporary metaphysical and epistemological concerns The ^AOxford Handbook of Plato ,2019-10-07 This second edition of The Oxford Handbook of Plato includes updates to many of the original chapters as well as new chapters from six leading scholars of ancient philosophy Hugh Benson on the Apology Crito and Euthyphro James Warren on the Protagoras and Gorgias Lindsay Judson on the Meno Luca Castagnoli on the Phaedo Susan Sauv Meyer on the Laws and David Sedley on Plato's theology These contributions add depth to both the dialogues and topics covered in this new edition **Plato** Plato,2010-04-16 Theaetetus written by legendary author Plato is widely considered to be one of the greatest classic and historical texts of all time This great classic will surely attract a whole new generation of readers For many Theaetetus is required reading for various courses and curriculums And for others who simply enjoy reading timeless pieces of classic literature this gem by Plato is highly recommended Published by Classic Books International and beautifully produced Theaetetus would make an ideal gift and it should be a part of everyone's personal library **Essays on Plato's Epistemology** Franco Trabattoni,2016-03-21 An Innovating approach to Plato's philosophy Through a careful survey of several significant Platonic texts mainly focussing on the nature of knowledge Essays on Plato's Epistemology offers the reader a fresh and promising approach to Plato's philosophy as a whole From the very earliest reception of Plato's philosophy there has been a conflict between a dogmatic and a sceptical interpretation of his work and thought Moreover the two sides are often associated respectively with a metaphysical and an anti metaphysical approach This book continuing a line of thought that is nowadays strongly present in the secondary literature and also followed by the author in over thirty years of research maintains that a third way of thinking is required Against the widespread view that an anti dogmatic philosophy must go together with an anti metaphysical stance Trabattoni shows that for Plato on the contrary a sober and reasonable assessment of both the powers and limits of human reason relies on a proper metaphysical outlook **The Oxford Handbook of Plato** Gail Fine,2008-08-13 Plato is the best known and continues to be the most widely studied of all the ancient Greek philosophers The twenty one commissioned articles in The Oxford Handbook of Plato provide in depth and up to date discussions of a variety of topics and dialogues The result is a useful state of the art reference to the man many consider the most important philosophical thinker in history Each article is an original contribution from a leading scholar and they all serve several functions at once they survey the lay of the land express and develop the authors own views and situate those views within a range of alternatives This Handbook contains chapters on metaphysics epistemology love language ethics politics art and education Individual chapters are devoted to each of the following dialogues the Republic Parmenides Theaetetus Sophist Timaeus and Philebus There are also chapters on Plato and the dialogue form on Plato in his time and place on the history of the Platonic corpus on Aristotle's criticism of Plato and on Plato and Platonism Framing the Dialogues: How to Read

Openings and Closures in Plato, 2020-12-07 Framing the Dialogues How to Read Openings and Closures in Plato is a collection of 14 chapters with an Introduction that focuses on the intricate and multifarious ways in which Plato frames his dialogues Its main aim is to explore both the association between inner and outer framework and how this relationship contributes to and sheds light upon the framed dialogues and their philosophical content All contributors to the volume advocate the significance of closures and especially openings in Plato arguing that platonic frames should not be treated merely as trimmings or decorative literary devices but as an integral part of the central philosophical discourse The volume will prove to be an invaluable companion to all those interested in Plato as well as in classical literature in general

Protagoras and the Challenge of Relativism Ugo Zilioli, 2016-04-15 Protagoras was an important Greek thinker of the fifth century BC the most famous of the so called Sophists though most of what we know of him and his thought comes to us mainly through the dialogues of his strenuous opponent Plato In this book Ugo Zilioli offers a sustained and philosophically sophisticated examination of what is in philosophical terms the most interesting feature of Protagoras thought for modern readers his role as the first Western thinker to argue for relativism Zilioli relates Protagoras relativism with modern forms of relativism in particular the robust relativism of Joseph Margolis gives an integrated account both of the perceptual relativism examined in Plato's Theaetetus and the ethical or social relativism presented in the first part of Plato's Protagoras and offers an integrated and positive analysis of Protagoras thought rather than focusing on ancient criticisms and responses to his thought This is a deeply scholarly work which brings much argument to bear to the claim that Protagoras was and remains Plato's subtlest philosophical enemy *Plato's Forms* William A. Welton, 2002-01-01 The theory of forms usually attributed to Plato is one of the most famous of philosophical theories yet it has engendered such controversy in the literature on Plato that scholars even debate whether or not such a theory exists in his texts Plato's Forms Varieties of Interpretation is an ambitious work that brings together in a single volume widely divergent approaches to the topic of the forms in Plato's dialogues With contributions rooted in both Anglo American and Continental philosophy the book illustrates the contentious role the forms have played in Platonic scholarship and suggests new approaches to a central problem of Plato studies

Conversation and Self-Sufficiency in Plato A. G. Long, 2013-04-11 Plato's dialogues were part of a body of fourth century literature in which Socrates questioned and usually got the better of friends associates and supposed experts A G Long considers how Plato explained the conversational character of Socratic philosophy and how Plato came to credit first Socrates and then more generally the philosopher with an alternative to conversation internal dialogue or self questioning Conversation and self sufficiency in Plato begins with a study of the Platonic dialogues where conversation and its advantages are discussed and the aim of this study is to spell out precisely why and for what purposes Plato treats conversation as necessary or preferable The book then traces the emergence of internal dialogue as an alternative to conversation After his introduction of internal dialogue Plato uses dialogue form not only to explore the attractions of

conversation but also to show what is possible without conversation and in particular to show how a theory can be subjected to a proper critique without the direct involvement of its proponent Throughout the book Long explores Platonic discussions of conversation or unaccompanied thought in relation to the dialogical exchanges in which they are found *Philosophos* Mary Louise Gill, 2012-09-20 Plato famously promised to complement the Sophist and the Statesman with another work on a third sort of expert the philosopher but we do not have this final dialogue Mary Louise Gill argues that Plato promised the Philosopher but did not write it in order to stimulate his audience and encourage his readers to work out for themselves the portrait it would have contained The Sophist and Statesman are themselves members of a larger series starting with the Theaetetus Plato's investigation of knowledge and the whole series relies on the Parmenides the second part of which presents a philosophical exercise introduced as the first step in a larger philosophical program Gill contends that the dialogues leading up to the missing Philosopher though they reach some substantive conclusions are philosophical exercises of various sorts designed to train students in dialectic the philosopher's method and that a second version of the Parmenides exercise closely patterned on it spans parts of the Theaetetus and Sophist and brings the philosopher into view This is the exercise about being the subject matter studied by Plato's philosopher Plato hides the pieces of the puzzle and its solution in plain sight forcing his students and modern readers to dig out the pieces and reconstruct the project Gill reveals how in finding the philosopher through the exercise the student becomes a philosopher by mastering his methods She shows that the target of Plato's exercise is internally related to its pedagogical purpose **The Routledge Handbook of Propositions** Chris Tillman, Adam Murray, 2022-09-30 Propositions are routinely invoked by philosophers linguists logicians and other theorists engaged in the study of meaning communication and the mind To investigate the nature of propositions is to investigate the very nature of our connection to each other and to the world around us As one of the only volumes of its kind The Routledge Handbook of Propositions provides a comprehensive overview of the philosophy of propositions from both historical and contemporary perspectives Comprising 33 original chapters by an international team of scholars the volume addresses both traditional and emerging questions concerning the nature of propositions and our capacity to engage with them in thought and in communication The chapters are clearly organized into the following three sections I Foundational Issues in the Theory of Propositions II Historical Theories of Propositions III Contemporary Theories of Propositions Essential reading for philosophers of language and mind and for those working in neighboring areas The Routledge Handbook of Propositions is suitable for upper level undergraduate study as well as graduate and professional research *The Oxford Handbook of The History of Analytic Philosophy* Michael Beaney, 2013-06-20 During the course of the twentieth century analytic philosophy developed into the dominant philosophical tradition in the English speaking world In the last two decades it has become increasingly influential in the rest of the world from continental Europe to Latin America and Asia At the same time there has been deepening interest in the origins and history of analytic philosophy as analytic philosophers examine the

foundations of their tradition and question many of the assumptions of their predecessors This has led to greater historical self consciousness among analytic philosophers and more scholarly work on the historical contexts in which analytic philosophy developed This historical turn in analytic philosophy has been gathering pace since the 1990s and the present volume is the most comprehensive collection of essays to date on the history of analytic philosophy It contains state of the art contributions from many of the leading scholars in the field all of the contributions specially commissioned The introductory essays discuss the nature and historiography of analytic philosophy accompanied by a detailed chronology and bibliography Part One elucidates the origins of analytic philosophy with special emphasis on the work of Frege Russell Moore and Wittgenstein Part Two explains the development of analytic philosophy from Oxford realism and logical positivism to the most recent work in analytic philosophy and includes essays on ethics aesthetics and political philosophy as well as on the areas usually seen as central to analytic philosophy such as philosophy of language and mind Part Three explores certain key themes in the history of analytic philosophy

Oxford Studies in Ancient Philosophy, Volume 55 Victor

Caston,2018-11-30 Oxford Studies in Ancient Philosophy is a volume of original articles on all aspects of ancient philosophy The articles may be of substantial length and include critical notices of major books OSAP is now published twice yearly in both hardback and paperback Have you seen the latest OSAP is what scholars of ancient philosophy say to each other when they meet in corridors or on coffee breaks Whether you work on Plato or Aristotle on Presocratics or sophists on Stoics Epicureans or Sceptics on Roman philosophers or Greek Neoplatonists you are liable to find OSAP articles now dominant in the bibliography of much serious published work in your particular subject not safe to miss Malcolm Schofield Cambridge University OSAP was founded to provide a place for long pieces on major issues in ancient philosophy In the years since it has fulfilled this role with great success over and over again publishing groundbreaking papers on what seemed to be familiar topics and others surveying new ground to break It represents brilliantly the vigour and the increasingly broad scope of scholarship in ancient philosophy and shows us all how the subject should flourish M M McCabe King s College London

The Enigmatic Realm of **Reading Platos Theaetetus**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing in short supply of extraordinary. Within the captivating pages of **Reading Platos Theaetetus** a literary masterpiece penned with a renowned author, readers set about a transformative journey, unlocking the secrets and untapped potential embedded within each word. In this evaluation, we shall explore the book's core themes, assess its distinct writing style, and delve into its lasting impact on the hearts and minds of those who partake in its reading experience.

Reading Platos Theaetetus Introduction

In the digital age, access to information has become easier than ever before. The ability to download Reading Platos Theaetetus has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Reading Platos Theaetetus has opened up a world of possibilities. Downloading Reading Platos Theaetetus provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Reading Platos Theaetetus has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Reading Platos Theaetetus. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Reading Platos Theaetetus. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Reading Platos Theaetetus, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Reading Platos

Theaetetus has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Reading Platos Theaetetus Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Reading Platos Theaetetus is one of the best book in our library for free trial. We provide copy of Reading Platos Theaetetus in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Reading Platos Theaetetus. Where to download Reading Platos Theaetetus online for free? Are you looking for Reading Platos Theaetetus PDF? This is definitely going to save you time and cash in something you should think about.
