

Reading Romantics

TEXT AND CONTEXT

PETER J. MANNING

Reading Romantic Texts And Contexts

Joseph C. Sitterson

Reading Romantics Texts And Contexts:

Reading Romantics Peter J. Manning, 2023 A series of essays which seek to reconnect Romantic literature with the motives from which it springs and the social relations within which it exists Among the writers discussed are Wordsworth and Byron
Reading Romantics Peter J. Manning, 1990 These thirteen essays some previously published and others appearing here for the first time are united by a continuing endeavour to join formalism with wider concerns They seek to reconnect literature with the motives from which it springs and the social relations within which it exists There is fusion of psychoanalytic insight textual criticism and historical scholarship Amongst the writers discussed are Wordsworth and Byron

Romantic Texts and Contexts Donald H. Reiman, 1987 **Reading Public Romanticism** Paul Magnuson, 2014-07-14
Reading Public Romanticism is a significant new example of the linking of esthetics and historical criticism Here Paul Magnuson locates Romantic poetry within a public discourse that combines politics and esthetics nationalism and domesticity sexuality and morality law and legitimacy Building on his well regarded previous work Magnuson practices a methodology of close historical reading by identifying precise versions of poems reading their rhetoric of allusion and quotation in the contexts of their original publication and describing their public genres such as the letter He studies the author's public signature or motto the forms and significance of address used in poems and the resonances of poetic language and tropes in the public debates According to Magnuson reading locations means reading the writing that surrounds a poem the paratext or frame of the esthetic boundary In their particular locations in the public discourse romantic poems are illocutionary speech acts that take a stand on public issues and legitimate their authors both as public characters and as writers He traces the public significance of canonical poems commonly considered as lyrics with little explicit social or political commentary including Wordsworth's Immortality Ode Coleridge's This Lime Tree Bower My Prison Frost at Midnight and The Ancient Mariner and Keats's On a Grecian Urn He also positions Byron's Dedication to Don Juan in the debates over Southey's laureateship and claims for poetic authority and legitimacy Reading Public Romanticism is a thoughtful and revealing work Originally published in 1998 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **Byron, Poetics and History** Jane Stabler, 2002-12-05
Jane Stabler offers the first full scale examination of Byron's poetic form in relation to historical debates of his time Responding to recent studies of publishing and audiences in the Romantic period Stabler argues that Byron's poetics developed in response to contemporary cultural history and his reception by the English reading public Drawing on extensive new archive research into Byron's correspondence and reading Stabler traces the complexity of the intertextual dialogues

that run through his work For example Stabler analyses Don Juan alongside Galignani's Messenger Byron's principal source of news about British politics while in Italy and refers to hitherto unpublished letters between Byron's publishers and his friends to reveal a powerful impulse among his contemporaries to direct his controversial poetic style to their own conflicting political ends This fascinating study will be of interest to Byronists and more broadly to scholars of Romanticism in general

Romanticism and Gender Anne K. Mellor, 2013-08-06 Taking twenty women writers of the Romantic period *Romanticism and Gender* explores a neglected period of the female literary tradition and for the first time gives a broad overview of Romantic literature from a feminist perspective

Romantic Period Writings, 1798-1832 Ian Haywood, 1998 *Romantic Period Writings 1798 1832* provides a valuable insight into the condition of Britain in the early part of the nineteenth century It includes original documents from a range of disciplines and discourses Each section includes a scholarly introduction select bibliography and annotations Among the material assembled in the anthology are writings by previously neglected or under represented women working class men black radicals and conservative and evangelical polemicists as well as several unfamiliar texts by canonical writers The writings are organised into sections on Radical Journalism Political Economy Atheism Nation and State Race and Empire Gender Literary Institutions

Romantic Poems, Poets, and Narrators Joseph C. Sitterson, 2000 *Students of Blake Coleridge Wordsworth and Keats* should appreciate these readings of the major romantic poems The book presents a guide to the various and complex discourses formalist psychoanalytic deconstructive and new historicist in which these poems have been reviewed

William Wordsworth in Context Andrew Bennett, 2015-02-12 *William Wordsworth's poetry* responded to the enormous literary political cultural technological and social changes that the poet lived through during his lifetime 1770 1850 and to his own transformation from young radical inspired by the French Revolution to Poet Laureate and supporter of the establishment The poet of the egotistical sublime who wrote the pioneering autobiographical masterpiece *The Prelude* and whose work is remarkable for its investigation of personal impressions memories and experiences is also the poet who is critically engaged with the cultural and political developments of his era *William Wordsworth in Context* presents thirty five concise chapters on contexts crucial for an understanding and appreciation of this leading Romantic poet It focuses on his life circle and composition on his reception and influence on the significance of late eighteenth and early nineteenth century literary contexts and on the historical political scientific and philosophical issues that helped to shape Wordsworth's poetry and prose

Romantic Aversions J. Douglas Kneale, 1999 *Romanticism* is often regarded as a turning point in literary history the time when writers such as Wordsworth and Coleridge renounced the common legacy of poets and sought to create a new literature Yet despite their emphasis on originality genius and spontaneity the first generation Romantics manifest a highly intertextual style that while repressing certain classical and neoclassical literary conventions reveals a deep dependence on those same rhetorical practices Repression results in the symptoms of originality but it inevitably leads to the return of tradition in a different form

As recognized, adventure as well as experience about lesson, amusement, as without difficulty as bargain can be gotten by just checking out a book **Reading Romanticism Texts And Contexts** plus it is not directly done, you could bow to even more nearly this life, just about the world.

We give you this proper as with ease as simple pretension to get those all. We come up with the money for Reading Romanticism Texts And Contexts and numerous books collections from fictions to scientific research in any way. among them is this Reading Romanticism Texts And Contexts that can be your partner.
