READINGS IN INDIGENOUS RELIGIONS

Readings In Indigenous Religions

Scott S. Elliott, Matthew Waggoner

Readings In Indigenous Religions:

Readings in Indigenous Religions Graham Harvey, 2002-08-27 In China at a time when few girls are taught to read or write Ruby dreams of going to the university with her brothers and male cousins

Readings in the Theory of Religion Scott S. Elliott, Matthew Waggoner, 2016-06-16 Readings in the Theory of Religion brings together classic and contemporary texts to promote new ways of thinking about religion The texts reflect the diverse methods used in the study of religion text and textuality ritual the body gender and sexuality religion and race religion and colonialism and methodological and theoretical issues in the study of religion Readings in the Theory of Religion is an indispensable introduction to theoretical and interdisciplinary approaches in religious studies and provides the student with all the tools needed to understand this fascinating and wide ranging field

Handbook of Indigenous Religion(s) Greg Johnson, Siv Ellen Kraft, 2017-06-06 Extremely distant and distinct indigenous communities have over recent decades become more like themselves and more like each other a paradox prevalent globally but inadequately explained by established analytical frames particularly with regard to religion Addressing this rich and unfolding context the Handbook of Indigenous Religion s engages a wide variety of locations and perspectives Drawing upon the efforts of a diverse group of scholars working at the intersection of indigenous studies and religious studies this volume includes a programmatic introduction that argues for new ways of conceptualizing the field of indigenous religion s numerous case study based examples and an Afterword by Thomas Tweed

A World Religions Reader Ian S. Markham, Christy Lohr Sapp, 2020-01-24 A comprehensive and accessible textbook which explores the traditions and beliefs of the world s living religions the fully updated and revised new edition The World Religions Reader is an inclusive student friendly examination of the history teaching practices and appeal of the world s major religions Covering both the fundamentals and complexities of each religious tradition this popular textbook brings together significant texts from scriptures and scholars as well as writings from philosophers and other significant thinkers throughout history Students are provided with an introduction and overview of the tradition taken through its primary texts and presented with a text which seeks to persuade the student of the tradition s merits This new edition has been thoroughly updated to be even more accessible for students new to interreligious engagement and to reflect current trends and developments in religions worldwide Every chapter opens with a substantial overview which orients the new student and then flows into a carefully chosen set of texts a regular textbook is now combined with a Reader New content examines areas such as the Rastafarian tradition while revised chapters cover secular humanism and indigenous and emerging religious traditions The methodology of the book focuses on an empathetic approach representing each tradition from the perspective of a conventional adherent enabling students to develop understanding of each tradition and appreciate similarities and differences in their most typical forms Invites students to study each tradition from the perspective of a follower aiming to understand why the tradition is popular and powerful Explores representative passages world views rituals and institutions ethical expressions and modern

outlooks for each religion Features discussions of interfaith perspectives on the role of women in religious traditions and the impact of world events and politics on interfaith communication Encourages students to consider questions of truth the relation of religion and society and the changing nature of a tradition in the modern world Includes a complete set of pedagogical tools and instructor resources including end of chapter fact sheets topic summaries key term sections and essay and discussion questions The World Religions Reader Fourth Edition is an ideal textbook for undergraduate and graduate courses in religion especially for liberal arts and non affiliated colleges as well as general readers wishing to increase their knowledge of the world s religious traditions

The World's Religions Peter B. Clarke, Peter Beyer, 2009-05-07 This comprehensive volume focuses on the world s religions and the changes they have undergone as they become more global and diverse in form It explores the religions of the world not only in the regions with which they have been historically associated but also looks at the new cultural and religious contexts in which they are developing It considers the role of migration in the spread of religions by examining the issues raised for modern societies by the increasing interaction of different religions The volume also addresses such central questions as the dynamics of religious innovation which is evidenced in the rise and impact of new religious and new spirituality movements in every continent

Vernacular Religion in Everyday Life Marion Bowman, Ulo Valk, 2014-10-14 Vernacular religion is religion as people experience understand and practice it It shapes everyday culture and disrupts the traditional boundaries between official and folk religion The book analyses vernacular religion in a range of Christian denominations as well as in indigenous and New Age religion from the nineteenth century to today How these differing expressions of belief are shaped by their individual communal and national contexts is also explored What is revealed is the consistency of genres the persistence of certain key issues and how globalization in all its cultural and technological forms is shaping contemporary faith practice The book will be valuable to students of ethnology folklore religious studies and anthropology

The SAGE Encyclopedia of the Sociology of Religion Adam Possamai, Anthony J. Blasi, 2020-02-14 The SAGE Encyclopedia of the Sociology of Religion takes a three pronged look at this namely investigating the role of religion in society unpacking and evaluating the significance of religion in and on human history and tracing and outlining the social forces and influences that shape religion This encyclopedia covers a range of themes from fundamental topics like definitions secularization dimensions of religiosity to such emerging issues as civil religion new religious movements This Encyclopedia also addresses contemporary dilemmas such as fundamentalism and extremism and the role of gender in religion

Indigenous Rights and the Legacies of the Bible Mark G. Brett, 2024-07-12 A Christian imagination of colonial discovery permeated the early modern world but legal histories developed in very different ways depending on imperial jurisdictions Indigenous Rights and the Legacies of the Bible From Moses to Mabo explores the contradictions and ironies that emerged in the interactions between biblical warrants and colonial theories of Indigenous natural rights The early debates in the Americas mutated in the British colonies with a range

of different outcomes after the American Revolution and tracking the history of biblical interpretation provides an illuminating pathway through these historical complexities A ground breaking legal judgement in the High Court of Australia *Mabo v Queensland* 1992 demonstrates the enduring legacies of debates over the previous five centuries The case reveals that the Australian colonies are the only jurisdiction of the English common law tradition within which no treaties were made with the First Nations Instead there is a peculiar development of terra nullius ideology which can be traced back to the historic influences of the book of Genesis in Puritan thought in the seventeenth century Having identified both similarities and differences between various colonial arguments and their overt dependence on early modern theological reasoning Mark G Brett examines the paradoxical permutations of imperial and anti imperial motifs in the biblical texts themselves Concepts of rights shifted over the centuries from theological to secular frameworks and more recently from anthropocentric assumptions to ecologically embedded concepts of Indigenous rights and responsibilities Bearing in mind the differences between ancient and modern notions of indigeneity a fresh understanding of this history proves timely as settler colonial states reflect on the implications of the United Nations Declaration on the Rights of Indigenous Peoples 2007 Brett s illuminating insights in this detailed study are particularly relevant for the four states that initially voted against the Declaration the USA Canada New Zealand and Australia

Animism and Philosophy of Religion Tiddy Smith, 2023-02-25

Mainstream philosophy of religion has persistently failed to engage seriously or critically with animist beliefs and practices The field that is now called philosophy of religion could quite easily be renamed philosophy of theism with few lecturers on the subject having to change their lecture notes It is the aim of this volume to rectify that failure and to present animism as a live option among the plethora of religious worldviews The volume addresses four major questions 1 What is this thing called animism 2 Are there any arguments for or against animist belief and practice 3 What is the relationship between animism naturalism and the sciences And 4 Should we take animism seriously Animism and Philosophy of Religion is intended to be the first authoritative scholarly volume on the issue of animism and its place in the philosophy of religion Ambitiously it aims to act as the cornerstone volume for future work on the subject and as a key text for courses engaging with the subject

Blood, Bones and Spirit Heather McDonald, 2012-11-27 In this fascinating and beautifully written book Heather McDonald examines Aboriginal people s experiences of colonialism and post colonialism in the nineteenth and twentieth centuries Blood Bones and Spirit analyses how Aboriginal people have appropriated Biblical stories of land inheritance expansion and loss in order to make sense of their own dispossession It investigates the embodiment of Christianity by Aboriginal people through their appropriation of Christ s body his blood bones and spirit in order to replenish and heal their own colonised bodies Indeed this local study of Christianisation in a small East Kimberley town presents a challenge to the very history and philosophy of Western religion Heather McDonald spreads out before the reader various aspects of Aboriginal Christianity the way Aborigines have assimilated Christian stories to make sense of their history and their

relationships with the dominant society their understanding of what it means to be Christian their church activities and their conflicting interpretations of the Christian way of life Aboriginal Christians are repossessing the land and reclaiming a traditional earth bound world immanent spirituality These Aboriginal understandings of colonisation including missionisation and Aboriginal ways of interpreting and understanding Christianity offer a unique contribution to the reconciliation process
