Readings In Reading Instruction Its History Theory And Development:

Readings in Reading Instruction Richard David Robinson, 2005 This brief thought provoking collection evaluates historical perspectives in reading to show how current reading practices have developed over time and provides an understanding of the development of significant issues in the field of literacy education Richard Robinson carefully chose 46 selections with several aims in mind to include the historical perspective so often neglected in other texts to explain the evolution of reading practices and ideas across time as well as in terms of pedagogical development and to illustrate the developing nature of literacy education

Evaluating Literacy Instruction Rachael E. Gabriel, Richard L. Allington, 2017-09-19 This must read book for all literacy educators illuminates the intersection of research on literacy instruction and teacher evaluation Since 2009 46 states have changed or revised policies related to evaluating teachers and school leaders In order for these new policies to be used to support and develop effective literacy instruction resources are needed that connect the best of what is known about teaching literacy with current evaluation policies and support practices A major contribution to meeting this need the volume brings together a range of perspectives on tools systems and policies for the evaluation of teaching organized into two sections Crafting Systems and Policies for Evaluating Literacy Instruction Examples of Alternative Systems Approaches for Evaluating Literacy Instruction Across the text expert scholars in the field emphasize the need for literacy professionals to do more than merely apply generic observation instruments for teacher evaluation but also to consider how these tools reflect professional values how elements of effective literacy instruction can be unearthed or included within them and how teacher evaluation systems and policies can be used to increase students opportunities to develop literacy

Handbook of Reading Disability Research Anne McGill-Franzen, Richard Allington, 2010-09-17 Bringing together a wide range of research on reading disabilities this comprehensive Handbook extends current discussion and thinking beyond a narrowly defined psychometric perspective Emphasizing that learning to read proficiently is a long term developmental process involving many interventions of various kinds all keyed to individual developmental needs it addresses traditional questions What is the nature or causes of reading disabilities How are reading disabilities assessed How should reading disabilities be remediated To what extent is remediation possible but from multiple or alternative perspectives Taking incursions into the broader research literature represented by linguistic and anthropological paradigms as well as psychological and educational research the volume is on the front line in exploring the relation of reading disability to learning and language to poverty and prejudice and to instruction and schooling The editors and authors are distinguished scholars with extensive research experience and publication records and numerous honors and awards from professional organizations representing the range of disciplines in the field of reading disabilities Throughout their contributions are contextualized within the framework of educators struggling to develop concrete instructional practices that meet the learning needs of the lowest achieving readers

Handbook of Individual Differences in Reading

Peter Afflerbach, 2015-08-11 The central unifying theme of this state of the art contribution to research on literacy is its rethinking and reconceptualization of individual differences in reading Previous research focused on cognitive components of reading signaled the need for ongoing work to identify relevant individual differences in reading to determine the relationships of individual differences to reading development and to account for interactions among individual differences Addressing developments in each of these areas this volume also describes affective individual differences and the environments in which individual differences in reading may emerge operate interact and change The scant comprehensive accounting of individual differences in reading is reflected in the nature of reading instruction programs today the outcomes that are expected from successful teaching and learning and the manner in which reading development is assessed An important contribution of this volume is to provide prima facie evidence of the benefits of broad conceptualization of the ways in which readers differ The Handbook of Individual Differences in Reading moves the field forward by encompassing cognitive non cognitive contextual and methodological concerns Its breadth of coverage serves as both a useful summary of the current state of knowledge and a guide for future work in this area
