The Restorative Justice Ritual Lindsey Pointer,2020-12-23 Restorative justice is an innovative approach to responding to crime and conflict that shifts the focus away from laws and punishment to instead consider the harm caused and what is needed to repair that harm and make things right Interest in restorative justice is rapidly expanding with new applications continuously emerging around the world The restorative philosophy and conference process have shown great promise in providing a justice response that heals individuals and strengthens the community Still a few key questions remain unanswered First how is the personal and relational transformation apparent in the restorative justice process achieved What can be done to safeguard and enhance that effectiveness Second can restorative justice satisfy the wider public s need for a reaffirmation of communal norms following a crime particularly in comparison to the criminal trial And finally given its primary focus on making amends at an interpersonal level does restorative justice routinely fail to address larger structural injustices This book engages with these three critical questions through an understanding of restorative justice as a ritual It proffers three dominant ritual functions related to the performance of justice the normative the transformative and the proleptic Two justice rituals namely the criminal trial and the restorative justice conference are examined through this framework in order to understand how each process fulfills or fails to fulfill the multifaceted human need for justice The book will be of interest to students academics and practitioners working in the areas of Restorative Justice Criminal Law and Criminology

Exposed Mia-Marie Hammarlin,2019-09-15 This book illuminates the personal experience of being at the centre of a media scandal It applies ethnological perspectives to empirical materials from a Swedish context to

highlight the existential level of the phenomenon How does it feel to be exposed through scandalisation How does such an experience affect a person s everyday life These are the urgent and fascinating questions that the book addresses It also highlights the fusion between face to face communication and traditional news media Gossip and rumour must be included in the idea of the media system for us to be able to understand the power of a media scandal a finding leads to a critique of earlier research

Shame and Honor Stephanie Trigg,2012-03-19 It s a nice piece of pageantry Rationally it s lunatic but in practice everyone enjoys it I think HRH Prince Philip Duke of Edinburgh Founded by Edward III in 1348 the Most Noble Order of the Garter is the highest chivalric honor among the gifts of the Queen of England and an institution that looks proudly back to its medieval origins But what does the annual Garter procession of modern princes and politicians decked out in velvets and silks have to do with fourteenth century institutions And did the Order in any event actually originate in the wardrobe malfunction of the traditional story when Edward held up his mistress s dropped garter for all to see and declared it to be a mark of honor rather than shame Or is this tale of the Order s beginning nothing more than a vulgar myth With steady erudition and not infrequent irreverence Stephanie Trigg ranges from medieval romance to Victorian caricature from imperial politics to medievalism in contemporary culture to write a strikingly original cultural history of the Order of the Garter She explores the Order s attempts to reform and modernize itself even as it holds onto an ambivalent relationship to its medieval past She revisits those moments in British history when the Garter has taken on new or increased importance and explores a long tradition of amusement and embarrassment over its formal processions and elaborate costumes Revisiting the myth of the dropped garter itself she asks what it can tell us about our desire to seek the hidden sexual history behind so venerable an institution Grounded in archival detail and combining historical method with reception and cultural studies *Shame and Honor* untangles 650 years of fact fiction ritual and reinvention

Value and Values Roger T. Ames, Peter D. Hersch, 2015-02-28 The most pressing issues of the twenty first century climate change and persistent hunger in a world of food surpluses to name only two are not problems that can be solved from within individual disciplines nation states or cultural perspectives They are predicaments that can only be resolved by generating sustained and globally robust coordination across value systems The scale of the problems and necessity for coordinated global solutions signal a world historical transit as momentous as the Industrial Revolution a transition from the predominance of technical knowledge to that of ethical deliberation This volume brings together leading thinkers from around the world to deliberate on how best to correlate worth value with what is worthwhile values pairing human prosperity with personal environmental and spiritual flourishing in a world of differing visions of what constitutes a moral life Especially in the aftermath of what is now being called the Great Recession awareness has mounted of the imperative to question the modern divorce of economics from ethics While the domains of economics and ethics were from antiquity through at least the eighteenth century understood in many cultures to be coterminous and mutually entailing the modern assumption has been that the goal of maximizing human prosperity and the aim of justly enhancing our lives as persons and as communities were functionally and practically distinct Working from a wide array of perspectives the contributors to this volume offer a set of challenges to the assumed independence of the quantitative and qualitative dimensions of human and planetary well being Reflecting on the complex

interrelationship among economics justice and equity the book resists one size fits all approaches and struggles to revitalize the marriage of economics and ethics by activating cultural differences as the basis of mutual contribution to shared human flourishing The publication of this important collection will stimulate or extend critical debates among scholars and students working in a number of disciplines in the social sciences and humanities including philosophy history environmental studies economics and law Contributors Roger T Ames James Behuniak Jr Steve Bein Nalini Bhushan Purushottama Bilimoria Steven Burik Amita Chatterjee Baoyan Cheng Gordon Davis Jay L Garfield Steven F Geisz Peter D Hershock Larry A Hickman Kathleen M Higgins Heidi M Hurd Thomas P Kasulis Workineh Kelbessa Lori Keleher Oliver Leaman James McRae Jin Y Park James Peterman Naoko Saito May Sim Robert Smid Paul Standish Kenneth W Stikkers Karsten J Struhl Meera Sushila Viswanathan Wu Shiu Ching Xu Di T Yamauchi Yang Liuxin

Chinese Thought Roel Sterckx, 2019-03-28 Shortlisted for the PEN Hessel Tiltman Prize A terrific book rich and endlessly thought provoking If you are looking for one book to understand the core ideas of Chinese civilisation read this Michael Wood An engrossing history of ancient Chinese philosophy and culture from an eminent Cambridge expert We are often told that the twenty first century is bound to become China s century Never before has Chinese culture been so physically digitally economically or aesthetically present in everyday Western life But how much do we really know about its origins and key beliefs How did the ancient Chinese think about the world In this enlightening book Roel Sterckx one of the foremost experts in Chinese thought takes us through centuries of Chinese history from Confucius to Daoism to the Legalists The great questions that have occupied China s brightest minds were not about who and what we are but rather how we should live our lives how we should organise society and how we can secure the well being of those who live with us and for whom we carry responsibility With evocative examples from philosophy literature and everyday life Sterckx shows us how the ancient Chinese have shaped the thinking of a civilization that is now influencing our own

Emotions in Rituals and Performances Axel Michaels, Christoph Wulf, 2020-11-29 Challenging the idea that rituals are static and emotions irrational the volume explores the manifold qualities of emotions in ritual practices Focusing explicitly on the relationship between emotions and rituals it poses two central questions First how and to what extent do emotions shape rituals Second in what way are emotions ritualized in and beyond rituals Strong emotions are generally considered to be more spontaneous and uncontrolled whereas ritual behaviour is regarded as planned formalized and stereotyped and hence less emotional However as the volume demonstrates rituals often reveal strong emotions among participants are motivated by feelings or are intended to generate them The essays discuss the motivation for rituals the healing function of emotions the creation of new emotions through new media the aspect of mimesis in the generation of feelings individual collective and non human emotions the importance of trance and possession staged emotions and emotions on stage emotions in the context of martyrdom emotions in Indian and Western dance traditions emotions of love sorrow fear aggression and devotion Furthermore aesthetic and sensory dimensions as well as emic

concepts of emotions in rituals are underscored as relevant in understanding social practice **The Pagan In Recovery:**

The Twelve Steps From A Pagan Perspective Deirdre A. Hebert, 2011-06-11 The Twelve Steps developed by Alcoholics Anonymous are powerful tools to transform the lives of people who struggle with addiction co dependency and compulsive behaviors Unfortunately Pagans in recovery are likely to struggle with the Christian assumptions and language found in many of these programs This book is intended to support a Pagan s participation in any Twelve Step program by showing that the effectiveness and relevance of these tools does not depend on a specific religious or spiritual tradition This book attempts to bridge the gap between the Christian and Pagan understanding of the Twelve Steps while remaining faithful to the original Twelve Step process The Pagan in Recovery is the result of Deirdre Hebert s ability to live her Pagan faith in the midst of a program with a deeply Christian heritage and demonstrates that anyone of any faith can experience freedom from addictions compulsive or co dependent behaviors through this process **Touching the Altar** Carol M. Bechtel, 2008-01-14

What does it mean to be in the presence of God s holiness How can it affect us whether we seek it out or stumble upon it Can it truly change our very reality to encounter it The essayists in this volume explore these questions at the heart of Christian worship considering the oft neglected Old Testament as essential to understand our purpose in worship Following the structure of the Hebrew canon beginning with the Pentateuch moving through to the Psalms then wisdom literature each chapter considers a separate aspect of worship from theater to the Sabbath to sacred space offering new inspiration In the final essay Carol Bechtel rereads the book of Job through the lens of our human limitations as opposed to the usual theme of theodicy with compelling applications for both life and worship Each of these essays concludes with two appropriately themed hymns and a For Further Reading list Five of the seven contain sidebars that illustrate and enrich key points Evocative woodcut artwork by Margaret Adams Parker provides a striking backdrop to the text Taken together these essays testify powerfully to the belief that the Old Testament is not only valuable but also essential to whole and fully foundational preaching and worship Written primarily by Old Testament professors Touching the Altar will make an engaging supplemental text for introductory or elective Old Testament courses and will also go far toward providing deeper worship for any Christian Contributors Carol M Bechtel Thomas A Boogaart Corrine L Carvalho Ellen F Davis J Clinton McCann Jr Dennis T Olson Margaret Adams Parker John D Witvliet **Just Relationships** Douglas L.
