## **Rival Doctors:**

**The Rival Doctors** Elizabeth Seifert,1990      **Rival Truths** Lindsay St Claire,2018-10-24 It is common sense that our survival as individuals depends on the survival of our physical bodies However common sense has been medicalised Terms such as road rage and premenstrual syndrome sound like medical problems and suggest that it is affected individuals rather than experiences or circumstances that require treatment Without denying their importance Rival Truths challenges four basic common sense views of health and illness and offers rival social psychological explanations The primacy of biological facts is challenged by looking at the effects of social psychological influences such as those mediated by stress The assumption that medical practices are scientific is challenged by evidence that they also reflect and recreate social constructions The assumption that medical advances are the most effective way to combat disease is questioned as their success may rely on changes in beliefs or behaviour and finally critical analyses suggest that medical treatment can sometimes be to the disadvantage of patients Lindsay St Claire has helped to raise awareness that health problems might be caused by social arrangements not biological dysfunction Thus social psychology might suggest new ways to enhance health status which do not depend on medical breakthroughs This book will be of interest for health psychology students medical students and anyone involved in caring professions      **Women Doctors in Gilded-age Washington** Gloria Moldow,1987

**A Cabinet of Ancient Medical Curiosities** J. C. McKeown,2017 A light hearted portrait of the origins of modern medicine in the ancient world      *Medical Pickwick* ,1917      **Professional Anecdotes** ,1823      *Contradiction! Or, English Medical Men and Manners of the Nineteenth Century* Atithasseutos,1877      **Diagnosing Deviance** Andrew M. Langford,2023-09-14 In this study Andrew M Langford demonstrates that the single post Pauline author of the Pastoral Epistles the Pastor crafts a stigmatizing depiction of his theological opponents by spatializing demonizing and pathologizing their alleged deviance Through close comparative readings of ancient medical and philosophical literature the author argues for the necessity of interpreting the Pastor s pathologizing of deviance in light of ancient disease etiologies and models of corporeality With this book the author contributes to recent interpretive insights about the function of authorial fiction in antiquity and demonstrates that the Pastor is self consciously appropriating the Pauline epistolary to craft his approach to his theological opponents      **The London Medical and Physical Journal** ,1826      *The Canada Medical Record* ,1888      *A Complete Refutation of the statements and remarks published by Dr. Reece relative to Mrs. Southcott ... By an impartial observer* Richard Reece,1815      **The Medical Pickwick** ,1917      **The Phrenological Journal and Science of Health** ,1885      **Doctoring the South** Steven M. Stowe,2011-01-20 Offering a new perspective on medical progress in the nineteenth century Steven M Stowe provides an in depth study of the midcentury culture of everyday medicine in the South Reading deeply in the personal letters daybooks diaries bedside notes and published writings of doctors Stowe illuminates an entire world of sickness and remedy suffering and hope and the deep ties between medicine and regional culture In a distinct

American region where climate race and slavery and assumptions about southernness profoundly shaped illness and healing in the lives of ordinary people Stowe argues that southern doctors inhabited a world of skills medicines and ideas about sickness that allowed them to play moral as well as practical roles in their communities Looking closely at medical education bedside encounters and medicine s larger social aims he describes a country orthodoxy of local social medical practice that highly valued the art of medicine While not modern in the sense of laboratory science a century later this country orthodoxy was in its own way modern Stowe argues providing a style of caregiving deeply rooted in individual experience moral values and a consciousness of place and time **The Eclectic Medical Journal** ,1895 JFK's Secret Doctor Susan E.B.
