not only the facts but the passion and excitement associated with research at the frontiers of this fascinating field Hough proves beyond a doubt that this passion and excitement is more accessible than one might think Plays: Goethe, J. the assassination of countless intellectuals the birth of groups like Hezbollah in Lebanon the September 11th terrorist attacks and the rise of ISIS Ghattas introduces us to a riveting cast of characters whose lives were upended by the geopolitical drama over four decades from the Pakistani television anchor who defied her country's dictator to the Egyptian novelist thrown in jail for indecent writings all the way to the murder of journalist Jamal Khashoggi in the Saudi consulate in Istanbul in 2018 *Black Wave* is both an intimate and sweeping history of the region and will significantly alter perceptions of the Middle East

On Dangerous Ground Toby J. Rider, Andrew P. Owsiak, 2021-03-18 As a rule countries consider clearly defined international borders to be paramount for their survival and prosperity Most borders gain definition peacefully and once they do these definitions stick i.e. the border remains settled The failure to define borders however produces protracted geopolitical militarized competitions or rivalries between neighboring countries Rider and Owsiak model this failure as a particular type of bargaining problem namely bargaining over territory that affects the distribution of power between neighbouring states significantly that undermines efforts to resolve border disagreements peacefully Countries must then overcome this bargaining problem or risk falling into a protracted rivalry which then needs to be addressed with more resources The authors develop a theory of how borders settle They then explore the consequences of the failure to settle theoretically connecting it to the onset of rivalries This leads to the process that helps rivals overcome the bargaining problem resolve their border disagreement and terminate their rivalry Izvestiya, Academy of Sciences, USSR, 1978
