Stone Architecture in Santa Barbara , 2009 Building with stone requires a commitment to permanence like the extraordinary almost citywide conviction of builders in Santa Barbara from the 1870s through the 1930s As Santa Barbara was evolving from a dusty little port and outlying resort into a vibrant and growing city there occurred an extraordinary era of stone construction This was made possible by a fortuitous conjunction of factors abundant material a cadre of expert artisans and almost unlimited financing This period provided an atmosphere not only conducive to the building of public spaces homes bridges walls and an assortment of other stonework but encouraged some exceptional expressions of the stoneworkers art Many of these artistic fabrications remain a testimony to the skills and tastes of their creators and add a distinctive element to the particular ambiance that makes Santa Barbara the special place that it is

Riven Rock Tom Coraghessan Boyle, 1999 **Riven Rock** Tom Coraghessan Boyle, 2016-02-25 Gen ve 1904 Les jeunes mari s Katherine Dexter et Stanley McCormick posent pour la photo sur la pelouse de Prangins le ch teau de Katherine A 29 ans d licieuse innocente elle est la premi re femme docteur s sciences du M I T et l une des dirigeantes du mouvement f ministe Lui est le plus jeune fils de Cyrus et Nettie McCormick les inventeurs de la moissonneuse batteuse Mondains et millionnaires Stanley et Katherine sont les mari s de l ann e qui plus est ils semblent amoureux Mais Stanley ne va pas bien

Bientôt il entend des voix et n'arrive plus à contrôler ses accès de violence. Il garde des femmes. Il agresse même la sienne qu'il aime tendrement. Le diagnostic tombe : Stanley devra être enfermé à Riven Rock, un institut spécialisé. Il ne doit plus voir de femmes. Jamais. Dès lors Katherine observe son mari aux jumelles accroupie dans un massif de bignonias et attend telle une naturaliste étudiant les habitudes de quelque animal sauvage. Elle revient chaque année apportant des cadeaux et des nouvelles du monde extérieur. Un jour espère-t-elle un des psychiatres qu'elle a engagés lui rendra Stanley débarrassé de ses démons et aspirant à l'amour. T.C. Boyle nous conte dans ce roman le destin d'un couple hors du commun produit de l'histoire américaine : couple mythique partagé entre l'amour, la violence, les combats du monde extérieur et la fidélité aux très chers. T.C. Boyle vit près de Santa Barbara dans une maison dessinée par l'architecte Frank Lloyd Wright. Il est l'auteur de trois recueils de nouvelles et de six romans dont *Water Music*. Au bout du monde. Aux bons soins du docteur Kellogg et America qui a obtenu en 1997 le prix Médicis étranger.

Riven Rock T.C. Boyle, 1999-01-01 T.C. Boyle's seventh novel transforms two characters straight out of history into rich mythic figures whose tortured love story is as heartbreaking as it is hilarious. It is the dawn of the twentieth century when the beautiful budding feminist Katherine Dexter falls in love with Stanley McCormick, son of a millionaire inventor. The two wed, but before the marriage is consummated, Stanley experiences a nervous breakdown and is diagnosed as a schizophrenic sex maniac. Locked up for the rest of his life at Riven Rock, the family's California mansion, Stanley is treated by a series of confident doctors determined to cure him. But his true salvation lies with Katherine, who throughout her career as a scientist and suffragette continues a patient vigil from beyond the walls of Riven Rock, never losing hope that one day Stanley will be healed. Blending social history with some of the most deliciously dark humor ever written, Boyle employs his hallmark virtuoso prose to tell the story of America's age of innocence and of a love affair that is as extraordinary as it is unforgettable.
