McNeill, 2010-04-15 Concise comprehensive information to give readers a sense of the sweep and continuity of Western history from the National Book Award winning author Renowned historian William H McNeill provides a brilliant narrative chronology of the development of Western civilization representing its socio political as well as cultural aspects This sixth edition includes new material for the twentieth century period and completely revised bibliographies An invaluable tool for the study of Western civilization the Handbook is an essential complement to readings in primary and secondary sources such as those in the nine volume University of Chicago Readings in Western Civilization *The History Teacher* , 1974 **Western Civilization: A Global and Comparative Approach**

Kenneth L. Campbell, 2014-12-18 Featuring the one author one voice approach this text is ideal for instructors who do not wish to neglect the importance of non Western perspectives on the study of the past The book is a brief affordable presentation providing a coherent examination of the past from ancient times to the present Religion everyday life and transforming moments are the three themes employed to help make the past interesting intelligible and relevant to contemporary society

The ideal river Joanne Yao, 2022-03-08 Environmental politics has traditionally been a peripheral concern for international relations theory but increasing alarm over global environmental challenges has elevated international society's relationship with the natural world into the theoretical limelight IR theory's engagement with environmental politics however has largely focused on interstate cooperation in the late twentieth century with less attention paid to how the eighteenth and nineteenth century quest to tame nature came to shape the modern international order The ideal river examines nineteenth century efforts to establish international commissions on three transboundary rivers the Rhine the Danube and the Congo It charts how the Enlightenment ambition to tame the natural world and human nature itself became an international standard for rational and civilized authority and informed our geographical imagination of the international This relationship of domination over nature shaped three core IR concepts central to the emergence of early international order the territorial sovereign state imperial hierarchies and international organizations The book contributes to environmental politics and international relations by highlighting how the relationship between society and nature is not a peripheral concern but one at the heart of international politics

Harlan Ellison's Watching Harlan Ellison, 2015-03-10 An enjoyable irascible collection of smart and sometimes scathing film criticism from a famously candid author Library Journal Everyone's a critic especially in the digital age but no one takes on the movies like multiple award winning author Harlan Ellison Renowned both for fiction A Boy and His Dog and pop culture commentary The Glass Teat Ellison offers in this collection twenty five years worth of essays and film criticism It's pure raw unapologetic opinion Star Wars Luke Skywalker is a nerd and Darth Vader sucks runny eggs Big Trouble in Little China A cheerfully blathering live action cartoon that will give you release from the real pressures of your basically dreary lives Despite working within the industry himself Ellison never learned how to lie So punches go unpulled the impersonal becomes personal and sometimes even the critics get critiqued as he shares his views on Pauline Kael or Siskel and Ebert Ultimately it's a wild journey through the cinematic landscape touching on everything from Fellini to the Friday the 13th franchise As Leonard Maltin writes in his preface I don't know how valuable it is to learn Harlan Ellison's opinion of this film or that but I do know that reading an Ellison essay is going to be provocative infuriating hilarious or often a combination of the above It is never time wasted Let me assure you Harlan Ellison is never dull

The Peoples of Northeast Asia through Time Richard Zgusta, 2015-06-29 The focus of Richard Zgusta's The Peoples of Northeast Asia through Time is the formation of indigenous and cultural groups of coastal northeast Asia including the Ainu the Paleoasiatic peoples and the Asiatic Eskimo Most chapters begin with a summary of each culture

at the beginning of the colonial era which is followed by an interdisciplinary reconstruction of prehistoric cultures that have direct ancestor descendant relationships with the modern ones An additional chapter presents a comparative discussion of the ethnographic data including subsistence patterns material culture social organization and religious beliefs from a diachronic viewpoint Each chapter includes maps and extensive references *Time Frames* Scott Nygren,2007 **Trends**,1996 Hearings United States.
