Road Of Hope The Thoughts Of Light From A Prison Cell:

Heirs of the Fisherman John-Peter Pham, 2004-11-30 The death of Pope John Paul II and consequent election of Pope Benedict XVI has shed light on a political process that the world has not been privy to for almost twenty six years People from around the world gathered in St Peter s Square wondering who the next Vatican leader would be and how the election process really worked while everyone from international news correspondents to local priests added their own opinions to the debate In *Heirs of the Fisherman* former Vatican insider John Peter Pham presents a candid portrait of the modern Vatican the only account to reveal the striking changes to papal succession procedures made by John Paul II Blending political and ecclesiastical history Pham goes beyond a mere description of the complex rituals to offer rare insight into the dramatic shifts inside the College of Cardinals whose 100 members now hail from 50 nations around the globe He takes us into the secret conclave where the electors were kept under lock and key until they had selected a new pope He also includes a chapter devoted to the intrigues of the 20th century where the first conclave had an emperor s veto and the last was won by the first non Italian in four centuries because the Italians were bitterly divided With a new Preface Afterword and appendices that include an English translation of the last will and testament of Pope John Paul II *Heirs of the Fisherman* is an illuminating history and must have guide to this vitally important world event It will continue to be an indispensable reference to observers of future Catholic Church politics

A Displaced Nation Phi-Van Nguyen, 2024-12-15 In *A Displaced Nation* Phi Van Nguyen argues that the displacement of eighty thousand mostly Roman Catholic evacuees from North Vietnam in 1954 had a profound impact on the war opposing Saigon on both Hanoi and on the evacuees themselves Assisting with the transportation emergency relief and resettlement of the evacuees allowed diverse organizations and the United States to support Saigon This transnational mobilization also convinced the evacuees the free world would never let Vietnam remain divided Many people see the Vietnam wars spanning from 1945 to 1989 as separate conflicts But Nguyen demonstrates that the evacuees experienced a continuous civil war *A Displaced Nation* shows the evacuees felt so validated by transnational support that they thought they could use this external help to return one day to the north This belief was not constant nor were the strategies to achieve it the same for all but through their political activism and action the evacuees
