Wounded Lions Ronald A. Smith, 2016-04-15 The Jerry Sandusky child molestation case stunned the nation. As subsequent revelations uncovered an athletic program operating free of oversight, university officials faced criminal charges while unprecedented NCAA sanctions hammered Penn State football and blackened the reputation of coach Joe Paterno. In *Wounded Lions*, acclaimed sport historian and longtime Penn State professor Ronald A. Smith heavily draws from university archives to answer the How and Why at the heart of the scandal. The Sandusky case was far from the first example of illegal behavior related to the football program or the university's attempts to suppress news of it. As Smith shows, decades of infighting among administrators, alumni, trustees, faculty, and coaches established policies intended to protect the university and the football team, considered synonymous with its name at all costs. If the habits predated Paterno, they also became sanctified during his tenure. Smith names names to show how abuses of power warped the Penn State Way, even with hires like women's basketball coach Rene Portland, who allegedly practiced sexual bias against players for decades. Smith also details a system that concealed Sandusky's horrific acts just as deftly as it whitewashed years of rules violations, coaching malfeasance, and player crime, while Paterno set records and raised hundreds of millions of dollars for the university. A myth-shattering account of misplaced priorities, *Wounded Lions* charts the intertwined history of an elite university, its storied sports program, and the worst scandal in collegiate athletic history.

From Jack Johnson to Lebron James Chris Lamb, 2016 The campaign for racial equality in sports has both reflected and affected the campaign for racial equality in the United States. Some of the most significant and publicized stories in this campaign in the twentieth century have happened in sports, including, of course, Jackie Robinson in baseball, Jesse Owens, Tommie Smith, and John Carlos in track, Arthur Ashe in tennis, and Jack Johnson, Joe Louis, and Muhammad Ali in boxing. Long after the full integration of college and professional athletics, race continues to play a major role in sports. Not long ago, sportswriters and sportscasters ignored racial issues. They now contribute to the public's evolving racial attitudes on issues both on and off the field, ranging from integration to self-determination to masculinity. *From Jack Johnson to Lebron James* examines the intersection of sports

race and the media in the twentieth century and beyond The essays are linked by a number of questions including How did the black and white media differ in content and context in their reporting of these stories How did the media acknowledge race in their stories Did the media recognize these stories as historically significant Considering how media coverage has evolved over the years the essays begin with the racially charged reporting of Jack Johnson s reign as heavyweight champion and carry up to the present covering the media narratives surrounding the Michael Vick dogfighting case in a supposedly post racial era and the media s handling of LeBron James s announcement to leave Cleveland for Miami
