*Robert Altman and the Elaboration of Hollywood Storytelling* Mark Minett, 2021 Robert Altman and the Elaboration of Hollywood Storytelling reveals an Altman barely glimpsed in previous critical accounts of the filmmaker This re examination of his seminal work during the Hollywood Renaissance or New Hollywood period of the early 1970s including M A S H Brewster McCloud McCabe Mrs Miller Images The Long Goodbye Thieves Like Us California Split and Nashville sheds new light on both the films and the filmmaker reframing Altman as a complex pragmatic innovator whose work exceeds but is also grounded in the norms of classical Hollywood storytelling rather than someone who rejected those norms in favor of modernist art cinema Its findings and approach hold important implications for the study of cinematic authorship Largely avoiding thematic exegesis it employs an historical poetics approach robust functionalist frameworks archival research and formal and statistical analysis to demystify the essential features of the standard account of Altman's filmmaking history and profile lax narrative form heavy reliance on the zoom sound design replete with overlapping dialogue improvisational infidelity to the screenplay and a desire to subvert based in his time in the training grounds of industrial filmmaking and filmed television The book provides a clear example of how a filmmaker might work collaboratively and pragmatically within and across media institutions to elaborate upon their sanctioned practices and aims We misunderstand Altman's work and the creative work of Hollywood filmmakers in general when we insist on describing innovation as opposition to institutional norms and on describing those norms as simply assimilating innovation *Movie Lists* Paul Simpson, 2011-05-26 Action African greats alcohol Robert Aldrich aliens Woody Allen Pedro Almodovar Robert Altman animated anime apocalypses Argentina art Asia minor avant garde And that's just A for you A taste of this fabulously quirky and enjoyable book which is both a celebration of movies and movie trivia and a handy entertaining guide to films that we know you will enjoy It is fantastically functional The lists are well conceived and easy to understand mostly assembled by genre actor director theme or country of origin and the reviews are witty and informative Oddly enough most movie guides are not full of recommendations But Movie Lists is in spades leaving readers in no doubt that the films reviewed are the business Oh and you don't have to watch them all before you die There is no premise of death in this book You just need to get down to the local Blockbusters or flick your remote to Movies on Demand Only the popcorn is not supplied [Encyclopedia of Television](#) Horace Newcomb, 2014-02-03 The Encyclopedia of Television second edition is the first major reference work to provide description history analysis and information on more than 1100 subjects related to television in its international context For a full list of entries contributors and more visit the Encyclo pedia of Television 2nd edition website **Robert Altman** Frank Caso, 2015-10-15 Known as an iconoclast and maverick film director Robert Altman has consistently pushed against the

boundaries of genre From refashioning film noir in *The Long Goodbye* the western in *McCabe Mrs Miller* the psychological drama in *Images* science fiction in *Quintet* and the romantic comedy in *A Perfect Couple* he has always tested the limits of what film can and should do In this book Frank Caso examines the development of Altman's artistic method from his earliest days in industrial film to his work in television and feature films Altman is one of those directors whose films audiences can easily recognize but what exactly are the distinctive elements that have become his signature Caso identifies more than twenty such elements in Altman's style tracing some such as his use of free hand cameras and engagement with Christian imagery to the beginning of his career Caso also examines Altman's unsettling mix of offbeat comedic tone with a predominance of violence murder and death showing how their counterpointing effects rendered his films at once naturalistic and otherworldly Exploring these and other aspects of the Altmanesque style Caso maps the innovations that have made Altman a master filmmaker Enriched with illustration throughout *Robert Altman* will appeal to fans of this distinctive American auteur or anyone interested in ground breaking cinema
