The Liminal Line Rae Stonehouse,2025-09-13 Beneath the streets of Daybridge lies a transit system that shouldn t exist When graduate student Robert North discovers a subway entrance on a street that s never had one he embarks on an impossible journey through multiple versions of his city each stop revealing a Daybridge subtly different from the one he knows As his trips on the mysterious Liminal Line grow more frequent he discovers the stations connect not just locations but entire realities and that the distinguished physicist who seems to be following him understands far more about these dimensional pathways than he admits When the boundaries between realities begin to collapse Robert must navigate quantum physics strange architecture and his own fragmented memories to understand his connection to the impossible subway With reality itself becoming increasingly unstable he joins forces with a rare book dealer who monitors dimensional breaches and the enigmatic Station Master who maintains the transit system Together they race to close a temporal loop before all versions of Daybridge collapse into a single point of catastrophic convergence a journey that will challenge everything Robert understands about the nature of reality and his own place within it *American Book Publishing Record* ,2001

What We Have Lost Robert Lee,2015-04-19 When the hen lays her eggs the shells are soft and pliable forming their durable armour as they experience the outside world Each of us enters the world with similar flawed and weak shells Our shells are not broken and cracked by life but are formed of the fragments that we encounter piece by piece growing more complete with each experience What We Have Lost is a series of disconnected anecdotes in the lives of a family shaped by extreme poverty These individual narratives chronicle the slow sculpting of the characters as they fuse with their world enveloped in mental illness Molded by their mother s paranoia social isolation and obsessive drive to instill the hunger for learning and sense of duty to others the four siblings evolve in unique and often pathological ways Not knowing or understanding the bonds of familial love Garry Judy Rob and Roger need to discover their own path to personal peace None may make it What We Have Lost exposes the cruelty of poverty It opens up the heart of that world in surprising and convoluted ways The pathos is clear the hidden pleasures need unearthing What We Have Lost is a collection of anecdotes but as you read you will find that they are far from disconnected after all
