Robert Duvall Judith Slawson,1986      **Robert Duvall-Can** St. Martins Mass Mark Staff,1986-08-01      **Robert Duvall, Hollywood Maverick** Judith Slawson,1985-01-01 A look at one of Hollywood s most accomplished actors from his first screen appearance in *To Kill a Mockingbird* to his Academy award winning portrayal of a down and out country music singer in *Tender Mercies*      Heroes of the New Hollywood Dan Lalande,2024-11-19 In instant classics spanning the 1970s audiences watched Dustin Hoffman Gene Hackman Jack Nicholson Al Pacino Robert Duvall and Robert De Niro come of artistic age Together this dynamic group advanced the craft of screen acting and redefined what it meant to be a man in the age of post 60s disillusionment burgeoning feminism and the narcissistic machoism of disco culture The book featuring 35 photographs is a critical and historical look at the films performances and career arcs of six of the biggest male stars of the 1970s Studying them in the context of the times it also touches on several of their contemporaries including Marlon Brando Laurence Olivier George C Scott Charlton Heston Paul Newman Steve McQueen Robert Redford Warren Beatty James Caan Donald Sutherland Charles Bronson Clint Eastwood Burt Reynolds Richard Dreyfuss and Bruce Lee      *Broadway Theatre* Andrew Harris,2013-01-11 Broadway has been the stuff of theatrical legends for generations In this fascinating and affectionate account of a unique theatrical phenomenon Andrew Harris takes an intriguing look at both the reality and the myth behind the heart and soul of American Drama Broadway Theatre explores the aims and achievements of such major figures as Tennessee Williams Eugene O Neill and David Mamet the processes a play goes through from preliminary draft to opening night the careful balancing between aesthetic ideals and commercial considerations the place of producers reviewers agents and managers and their contribution to the process the relationship between acting styles and writing styles for Broadway plays      **Shooting Midnight Cowboy** Glenn Frankel,2021-03-16 Much more than a page turner It s the first essential work of cultural history of the new decade Charles Kaiser The Guardian One of The Washington Post s 50 best nonfiction books of 2021 A Publishers Weekly best book of 2021 The Pulitzer Prize winning journalist and New York Times bestselling author of the behind the scenes explorations of the classic American Westerns *High Noon* and *The Searchers* now reveals the history of the controversial 1969 Oscar winning film that signaled a dramatic shift in American popular culture Director John Schlesinger s *Darling* was nominated for five Academy Awards and introduced the world to the transcendently talented Julie Christie Suddenly the toast of Hollywood Schlesinger used his newfound clout to film an expensive Panavision adaptation of *Far from the Madding Crowd* Expectations were huge making the movie s complete critical and commercial failure even more devastating and Schlesinger suddenly found himself persona non grata in the Hollywood circles he had hoped to conquer Given his recent travails Schlesinger s next project seemed doubly daring bordering on foolish James Leo Herlihy s novel *Midnight Cowboy* about a Texas hustler trying to survive on the mean streets of 1960 s New York was dark and transgressive Perhaps something about the book s unsparing portrait of cultural alienation resonated with him His

decision to film it began one of the unlikelier convergences in cinematic history centered around a city that seemed at first glance as unwelcoming as Herlihy's novel itself. Glenn Frankel's *Shooting Midnight* tells the story of a modern classic that by all accounts should never have become one in the first place. The film's boundary pushing subject matter—homosexuality, prostitution, sexual assault—earned it an X rating when it first appeared in cinemas in 1969. For *Midnight Cowboy*, Schlesinger, who had never made a film in the United States, enlisted Jerome Hellman, a producer coming off his own recent flop and smarting from a failed marriage, and Waldo Salt, a formerly blacklisted screenwriter with a tortured past. The decision to shoot on location in New York at a time when the city was approaching its gritty nadir backfired when a sanitation strike filled Manhattan with garbage fires and fears of dysentery. Much more than a history of Schlesinger's film, *Shooting Midnight* is an arresting glimpse into the world from which it emerged: a troubled city that nurtured the talents and ambitions of the pioneering Polish cinematographer Adam Holender and legendary casting director Marion Dougherty, who discovered both Dustin Hoffman and Jon Voight and supported them for the roles of Ratso Rizzo and Joe Buck, leading to one of the most intensely moving joint performances ever to appear on screen. We follow Herlihy himself as he moves from the experimental confines of Black Mountain College to the theatres of Broadway, influenced by close relationships with Tennessee Williams and Anaïs Nin, and yet unable to find lasting literary success. By turns madcap and serious, and enriched by interviews with Hoffman, Voight, and others, *Shooting Midnight* is not only the definitive account of the film that unleashed a new wave of innovation in American cinema, but also the story of a country and an industry beginning to break free from decades of cultural and sexual repression.

*Historical Geography, GIScience and Textual Analysis* Charles Travis, Francis Ludlow, Ferenc Gyuris, 2020-02-29

This book illustrates how literature history and geographical analysis complement and enrich each other's disciplinary endeavors. The Hunlenox Globe, constructed in 1510, contains the Latin phrase *Hic sunt dracones*—Here be dragons—warning sailors of the dangers of drifting into uncharted waters. Nearly half a millennium earlier, the practice of earth writing, or *geographia*, emerged from the cloisters of the great library of Alexandria as a discipline blending the twin pursuits of Strabo's poetic impression of places and Herodotus' chronicles of events and cultures. Eratosthenes, a librarian at Alexandria, and the mathematician Ptolemy employed geometry as another language with which to pursue earth writing. From this ancient East Mediterranean fount, the streams of literary perception, historical record, and geographical analysis, phenomenological and Euclidean, found confluence. The aim of this collection is to recover such means and seek the fount of such rich waters by exploring relations between historical geography, geographic information science, GIS, geoscience, and textual analysis. The book discusses and illustrates current case studies, trends, and discourses in European, American, and Asian spheres where historical geography is practiced in concert with human and physical applications of GIS and the broader geosciences, and the analysis of text broadly conceived as archival, literary, historical, cultural, climatic, scientific,

digital cinematic and media Time as a multi scaled concept again broadly conceived is the pivot around which the interdisciplinary contributions to this volume revolve In The Landscape of Time 2002 the historian John Lewis Gaddis posits What if we were to think of history as a kind of mapping He links the ancient practice of mapmaking with the three part conception of time past present and future Gaddis presents the practices of cartography and historical narrative as attempts to manage infinitely complex subjects by imposing abstract grids to frame the phenomena being examined longitude and latitude to frame landscapes and occidental and oriental temporal scales to frame timescapes Gaddis contends that if the past is a landscape and history is the way we represent it then it follows that pattern recognition constitutes a primary form of human perception one that can be parsed empirically statistically and phenomenologically In turn this volume reasons that literary historical cartographical scientific mathematical and counterfactual narratives create their own spatio temporal frames of reference Confluences between the poetic and the positivistic the empirical and the impressionistic the epic and the episodic and the chronologic and the chorologic can be identified and studied by integrating practices in historical geography GIScience geoscience and textual analysis As a result new perceptions and insights facilitating further avenues of scholarship into uncharted waters emerge The various ways in which geographical historical and textual perspectives are hermeneutically woven together in this volume illuminates the different methods with which to explore terrae incognitae of knowledge beyond the shores of their own separate disciplinary islands

**The Cinema of Robert Altman** Robert Niemi, 2016-03-01 In a controversial and tumultuous filmmaking career that spanned nearly fifty years Robert Altman mocked subverted or otherwise refashioned Hollywood narrative and genre conventions Altman's idiosyncratic vision and propensity for formal experimentation resulted in an uneven body of work some rank failures and intriguing near misses as well as a number of great films that are among the most influential works of New American Cinema While Altman always professed to have nothing authoritative to say about the state of contemporary society this volume surveys all of his major films in their sociohistorical context to reposition the director as a trenchant satirist and social critic of postmodern America depicted as a lonely wasteland of fraudulent spectacle exploitative social relations and unfulfilled solitaires in search of elusive community
