Robert Browning's Language Donald S. Hair, 1999-12-15 What are the influences that shaped the language used by one of the nineteenth century's greatest writers How did his religious beliefs the books he owned the paintings and music he loved affect almost sixty years output of poems plays essays and letters This book attempts to define Browning's understanding of the nature and use of words and syntax by considering not only a full range of texts from the 1833 Pauline to the 1889 Asolando but also the ideas important to Browning the historical context in which he lived and the other artistic passions that played a part in his life In this companion volume to Tennyson's Language Donald Hair establishes Browning's place at the crossroads between empirical and idealist traditions and explains his double view of language arguing that both Locke and the Congregationalists found language to be at the same time empty and a God-given essential The Victorian age's anti-theatrical bias which Browning came to share and his reading of predecessors principally Quarles Bunyan Donne and Smart also shaped his understanding of the diction of poetry Hair conceives of Browning's language as a theoretical whole encompassing words genres rhyme syntax and phonetics He also links Browning's interest in music with his rhyming the most essential and characteristic feature of his prosody and relates his interest in painting to the interpretation of the visual image in the emblem and in typology

Selected Poems Robert Browning, 2020-12-01

Selected Poems 1923 is a collection of poems by American poet Robert Frost Dedicated to Edward Thomas a friend of Frost's and an important English poet who died toward the end of the First World War *Selected Poems* is a wonderful sampling of poems from Frost's early collections including *A Boy's Will* and *North of Boston* Known for his plainspoken language and dedication to the images and rhythms of rural New England Robert Frost is one of America's most iconic poets a voice to whom generations of readers have turned in search of beauty music and life *Mowing* envisions the poet's work through the prism of rural labor There was never a sound beside the wood but one And that was my long scythe whispering to the ground What was it it whispered The speaker does not know but continues his task hypnotized by its rhythm and simple music In *After Apple Picking* as fall gives over to winter the poet remembers in dreams how the Magnified apples appear and disappear Stem end and blossom end as he climbs the ladder into the heart of the tree Both a symbol for life and a metaphor for the poetic act apple picking leaves the poet overtired Of the great harvest he himself desired awaiting sleep as he describes its coming on wondering what if anything it will bring *The Road Not Taken* perhaps Frost's most famous poem is a meditation on fate and free will that follows a traveler in an autumn landscape unsure of which path to take but certain he cannot stand still With a beautifully designed cover and professionally typeset manuscript this edition of Robert Frost's *Selected Poems* is a classic of American literature reimagined for modern readers

Origin of the Browning Family Robert Browning's Grandfather His position and Character His first and second Marriage Unkindness towards his eldest Son Robert Browning's Father Alleged Infusion of West Indian Blood through Robert Browning's Grandmother Existing Evidence against it The Grandmother's Portrait A belief was current in Mr Browning's lifetime that he had Jewish blood in his veins It received outward support from certain accidents of his life from his known

interest in the Hebrew language and literature from his friendship for various members of the Jewish community in London It might well have yielded to the fact of his never claiming the kinship which could not have existed without his knowledge and which if he had known it he would by reason of these very sympathies have been the last person to disavow The results of more recent and more systematic inquiry have shown the belief to be unfounded Our poet sprang on the father s side from an obscure or as family tradition asserts a decayed branch of an Anglo Saxon stock settled at an early period of our history in the south and probably also south west of England A line of Brownings owned the manors of Melbury Sampford and Melbury Osmond in north west Dorsetshire their last representative disappeared or was believed to do so in the time of Henry VII their manors passing into the hands of the Earls of Ilchester who still hold them The name occurs after 1542 in different parts of the country in two cases with the affix of esquire in two also though not in both coincidentally within twenty miles of Pentridge where the first distinct traces of the poet s family appear Its cradle as he called it was Woodyates in the parish of Pentridge on the Wiltshire confines of Dorsetshire and there his ancestors of the third and fourth generations held as we understand a modest but independent social position 3000-3999, Modern languages and literature Princeton University.

The Poetry of Robert Browning Jonathon Keates, 2018-10-16 Many of Robert Browning's poems are concerned with different aspects of human identity In the great dramatic monologues such as *Fra Lippo Lippi* *Andrea del Sarto* and *My Last Duchess* the question of exactly who is speaking obviously concerns us but to what extent do the speaker's language and attitudes mirror those of the poet himself In the various poems on the theme of love and sexual relationships which Browning included in his published collections we inevitably want to know which of these spring directly from his personal experience Browning however never felt a duty to reveal himself to the reader within his poetry Though he admired several of the Romantic writers among the poetic generation immediately preceding his own especially Shelley and Wordsworth he was unwilling to follow their example by relating his discourse to the concept of a dominant ego an I whose personal drama of feeling and experience formed the substance of a sustained narrative Several of his works deliberately criticise the tendency made fashionable by the Romantics to see a poem as offering clues to its writer's identity and by association his private life In 1874 Browning a poem *House* arguing that the reader has no right to share an author's privacy For a ticket apply to the Publisher No thanking the public I must decline A peep through my window if folk prefer But please you no foot over threshold of mine In this guide Jonathan Keates looks at the roots of Browning's poetry at at why he is so influential and at how despite his determination to keep his private and poetic identities separate some of his work is so shocking

The Oxford History of Classical Reception in English Literature David Hopkins, Charles Martindale, Norman Vance, Rita Copeland, Patrick Cheney, Jennifer Wallace, Philip R. Hardie, 2012 *The Oxford History of Classical Reception*

OHCREL is designed to offer a comprehensive investigation of the numerous and diverse ways in which literary texts of the classical world have stimulated responses and refashioning by English writers. Covering the full range of English literature from the early Middle Ages to the present day, OHCREL both synthesizes existing scholarship and presents cutting edge new research employing an international team of expert contributors for each of the five volumes. OHCREL endeavours to interrogate rather than inertly reiterate conventional assumptions about literary periods, the processes of canon formation and the relations between literary and non literary discourse. It conceives of reception as a complex process of dialogic exchange and rather than offering large cultural generalizations it engages in close critical analysis of literary texts. It explores in detail the ways in which English writers' engagement with classical literature casts as much light on the classical originals as it does on the English writers' own cultural context. This fourth volume, second to appear in the series, covers the years 1790-1880 and explores romantic and Victorian receptions of the classics. Noting the changing fortunes of particular classical authors and the influence of developments in archaeology, aesthetics and education, it traces the interplay between classical and nineteenth century perceptions of gender, class, religion and the politics of republic and empire in chapters engaging with many of the major writers of this period.

Robert Browning Robert Browning, 2000 Robert Browning's poetry has mysteries and a beauty of language that youngsters will love exploring from the classic and beloved *Pied Piper of Hamelin* to the charming verse play *Pippa Passes*. Perfect for parents to read aloud or along with their children and accompanied by striking artwork, here is a selection of some of Browning's most reader friendly works. Several paintings compellingly capture *Pied Piper's* drama: the Piper smiling as he offers his services, the rats fleeing the town in droves and the entranced children who will soon be lost forever. *Home Thoughts from Abroad* Oh to be in England Now that April's there features illustrations of the countryside in full bloom. There are 25 excerpts in all, fully annotated to enrich young readers' understanding of these poems. Dr Eileen Gillooly earned her Ph.D. from Columbia University where she is Director of the Core Curriculum and teaches nineteenth century literature and culture. She has also edited another entry in the *Poetry for Young People* series on Rudyard Kipling. Joel Spector's work appears regularly in books, in newspapers such as the *New York Times* and in magazines such as *Business Week*, *Good Housekeeping* and *Newsweek* and throughout Europe and in Japan. He lives in Connecticut.

Porphyria's Lover Robert Browning, 2022-05-17 In *Porphyria's Lover* Robert Browning masterfully explores themes of desire, power and the psychological complexities of love through a dramatic monologue. The poem's striking imagery and intricate use of language capture the tension between the speaker and his lover, Porphyria, culminating in a chilling act of violence that reveals the darker aspects of human emotion. Set against the backdrop of Victorian society, Browning's work reflects contemporary debates around gender roles and social constraints, all while employing his signature style that fuses emotional intensity with a rich lyrical quality. Robert Browning, a prominent figure in the Victorian literary scene, was known for his innovative approach to poetry and his exploration of duality in human experience. His own turbulent

love life particularly his relationship with Elizabeth Barrett Browning likely influenced the themes of obsessive passion and destructive love present in *Porphyria's Lover*. The poem contributes to Browning's broader oeuvre which often delves into the darker sides of love and human connection showcasing his fascination with psychological motivation. Readers seeking a profound exploration of love's complexities and the interplay of societal norms will find *Porphyria's Lover* both engaging and thought provoking. Browning's skillful portrayal of the interplay between passion and madness invites readers to reflect on the nature of desire and the lengths to which individuals will go for love making this poem an essential read for those interested in the darker nuances of romantic relationships.

A History of English Literature Emile Legouis, Louis François Cazamian, 1927 *Browning, Victorian Poetics and the Romantic Legacy* Dr Britta Martens, 2013-05-28 Taking an original approach to Robert Browning's poetics Britta Martens focuses on a corpus of relatively neglected poems in Browning's own voice in which he reflects on his poetry his self conceptualization and his place in the poetic tradition. She analyzes his work in relation to Romanticism Victorian reactions to the Romantic legacy and wider nineteenth century changes in poetic taste to argue that in these poems as in his more frequently studied dramatic monologues Browning deploys varied dramatic methods of self representation often critically and ironically exposing the biases and limitations of the seemingly authoritative speaker. Browning's poems thus become devices for Browning's detached evaluation of his own and of others poetics an evaluation never fully explicit but presented with elusive economy for the astute reader to interpret. The confrontation between the personal authorial voice and the dramatic voice in these poems provides revealing insights into the poet's highly self conscious conflicted and sustained engagement with the Romantic tradition and the diversely challenging reader expectations that he faces in a post Romantic age. As the Victorian most rigorous in his rejection of Romantic self expression Browning is a key transitional figure between the sharply antagonistic periods of Romanticism and Modernism. He is also as Martens persuasively demonstrates a poet of complex contradictions and an illuminating case study for addressing the perennial issues of voice authorial authority and self reference.
