E. Lee Reader Robert Edward Lee,1949 **Robert E. Lee** Facts On File, Incorporated,2009 Robert E Lee was asked by Abraham Lincoln to take control of the Union army but he fought for his native Virginia instead After the South s surrender Lee supported reconciliation *Robert E. Lee* Tim McNeese,2013 Profiles the commander of the Confederate Army

describing his family life his career and his campaigns during the Civil War The Last Years of Robert E. Lee Douglas Savage,2016-09-15 This book details Lee s life from Gettysburg to his death just five years after the South s surrender at Appomattox Rather than retreating bitterly from life Lee sought to heal the nation even meeting with his rival Ulysses S Grant while the former Union general occupied the White House Leaving his military life behind Lee went on to become president of Washington College where he was revered for his fairness as well as his willingness to help struggling students

Light-Horse Harry Lee and Robert E. Lee Charles River Editors,2025-05-01 nation demands his saving arm Henry Lee III The proud Virginian entered the war in uncertain times and there were understandable doubts about how well he could lead soldiers but through a combination of skill and luck he became one of his country s earliest and foremost military heroes After the war he would go on to a distinguished political career and he would find himself caught up in civil unrest toward the end of his life Some of those details might bring to mind the life story of George Washington and if those details included the name Lee most of them would immediately sound like a description of Robert E Lee s life In fact they only begin to

scratch the surface of the life and career of Robert E Lee s father Henry Lee III who is best known by the nickname Light Horse Harry for the way he excelled as a cavalry officer during the Revolutionary War When the Revolution began the Continental Army sported numerous volunteers from Ireland Scotland virtually every European nation between France and Russia and men from the northern and southern borders of the European continent This is understandable given that at the start of the war military confrontations between the world powers had become so common that combat was raised to the status of a fine art consuming a large portion of time for adolescent males in training and comprising a sizeable component of the economy Weaponry was developed to a degree of quality not accessible to most North Americans and European aristocrats were reared in the mastery of swordsmanship with an emphasis on the saber for military use Likewise the cavalry buoyed by a tradition of expert horsemanship and saddle based combat was a fighting force largely beyond reach for colonists which meant that fighting on horses was an undeveloped practice in the fledgling Continental Army and the American military did not yet fully comprehend the value of cavalry units Few sword masters were to find their way to North America in time for the war and the typical American musket was a fair hunting weapon rather than a military one Even the foot soldier knew little of European military discipline All of this helps explain why aside from George Washington many Americans are likely able to name just as many foreign generals on the rebel side as American generals While names like Lafayette Pulaski Kosciuszko and Baron von Steuben are quickly associated with the Revolution American officers like Nathanael Greene Anthony Wayne Horatio Gates Henry Knox and Light Horse Harry Lee are often overlooked Over 200 years later Lee is best remembered not for his military or political service but for being Robert E Lee s father and all the attendant controversy that comes with his son s legacy This is unfortunate given that he was one of the most distinguished individuals of the age With the exception of George Washington perhaps the most famous general in American history is Light Horse Harry s son despite the fact Robert E Lee led the Confederate Army of Northern Virginia against the Union in the Civil War Lee was imbued with a strong sense of honor and duty from the beginning and as a top graduate of West Point Lee had distinguished himself so well before the Civil War that President Lincoln asked him to command the entire Union Army Lee famously declined serving his home state of Virginia instead after it seceded Lee is remembered today for constantly defeating the Union s Army of the Potomac in the Eastern theater from 1862 1865 considerably frustrating Lincoln and his generals His leadership of his army led to him being deified after the war by some of his former subordinates especially Virginians and he came to personify the Lost Cause s ideal Southern soldier His reputation was secured in the decades after the war as a general who brilliantly led his men to amazing victories against all odds

documented in this 17 chapter book 161 sources are listed in the endnotes

Personal Reminiscences of General Robert E. Lee J. William Jones, 2004-03 When Robert E Lee passed on without setting pen to paper on his memoirs both North and South alike were deprived of a classic personal history of the War Between the States worthy to sit on the shelf next to Ulysses S Grant's Personal Memoirs The Reverend J William Jones Lee's chaplain compiled this collection of reminiscences in its place as a memorial volume commemorating his death Filled with correspondence with President Andrew Johnson General Grant and C S A Generals Scott Beauregard and Longstreet and personal anecdotes from Lee's wartime contemporaries such as Jubal Early Jeb Magruder Jefferson Davis and Winfield Scott What comes to light is a personal portrait of Lee as family man gentleman scholar and soldier as well as an eyewitness account of the war that threatened to tear the United States asunder as witnessed by the South's greatest military leader The Reverend J William Jones D D was the chaplain of the Army of Northern Virginia under the command of General Robert E Lee and after the Civil War served as chaplain for Washington College in Virginia under Lee's presidency It was my proud privilege to have known General Lee intimately I saw him on that day in April 1861 on which he came to offer his stainless sword to the land that gave him birth I followed his standard from Harper's Ferry in 1861 to Appomattox Court house in 1865 coming into somewhat frequent contact with him rejoicing with him at his long series of brilliant victories and weeping with him when compelled to yield to overwhelming numbers and resources This first attempt at authorship is sent forth with a sincere desire that it may prove acceptable to the countless admirer of the great Confederate chieftain that it may serve to give to all a higher appreciation of his noble character and that it may prove a blessing to the young men of the country more especially to those who wore the gray by inducing them to study in order that they may imitate his shining virtues *Robert E.
