Robert Penn Warren A Vision Earned:

Robert Penn Warren, a Vision Earned Marshall Walker, 1979 **The Achievement of Robert Penn Warren** James H. Justus, 1981-10-01

Crisscrossing the sprawling landscape of Robert Penn Warren James H Justus offers us the first comprehensive survey of Warren s complete canon including the poetry of 1980 The temptation for everyone who has written on Warren our most distinguished man of letters still active in American literature asserts Justus is to analyze those themes and moral situations that because they recur so frequently and obsessively constitute the massive centrality of an entire corpus Justus attempts to emphasize the ways by which we become aware of such themes and situations the technical accomplishment of their rendering which alone justifies our thinking of Warren as a literary artist

The Achievement of Robert Penn Warren shows how Warren s work his fiction poetry literary criticism historical and personal essays journalism is shaped largely by the circumstances not only of his birth and early career as a border state southerner but also oh his training and later career as a transregional artist and intellectual

Dividing his book into four parts Justus discusses in Part I Warren s cycle of themes the most enduring of which is self knowledge the very source of Warren s life work He devotes Part II to Warren s poetry the mannered archaism of his early work the increasing mastery of the tendencies practiced by his fellow Agrarians the metaphysical mode and the advantage of technique in his most recent poems Part III concern s Warren s nonfiction prose with emphasis on *Who Speaks for the Negro* and *I ll Take My Stand* In Part IV Justus analyzes the novels as political and moral statements in *Night Rider* *At Heaven s Gate* and *All the King s Men* as romance and history in *World Enough and Time* *Band of Angels* and *Wilderness* and as art of transparency in *The Cave* *Flood* *Meet Me in the Green Glen* and *A Place to Come To* Justus demonstrates Warren s relish for crowded densities of actuality as fulfilled in the novelist s skill in observing detail No other writer has made so much out of our cultural artifacts WPA murals big houses and shotgun bungalows letters and broadsides Warren continues in a southern literary tradition The values of the country and small town those affecting attitudes toward social cohesion and Christian assumptions about the nature of man are often seen in conflict with the values of a life governed by art and the academy Justus also places Warren s work in the larger context of the various streams of American writing of the nineteenth and early twentieth centuries He cites in particular Warren s unresolved relationship to Emerson and compares Warren to Mark Twain and Nathaniel Hawthorne

In examining Warren s technical accomplishments Justus proclaims the novelist poet to be a man whose distinguished career has surpassed those of Edmund Wilson and Allen Tate Warren calls himself a little footnote in the long history of the intellectual tension between transcendentalism and puritanism Certainly readers of *The Achievement of Robert Penn Warren* will begin to understand how Warren s discrete works relate to each other how from poems to novels to prose early and late nothing is lost The undertaking by Justus is massive the accomplishment monumental

Understanding Robert Penn Warren James A. Grimshaw, 2001 Grimshaw examines the writer s views about the primacy of self knowledge and explores the painful and

arduous path his protagonists must follow to gain such knowledge and the interrelationship of his artistic endeavors which were woven together by common thematic concerns history time truth responsibility love hope and endurance **Robert Penn Warren** Neil Nakadate, 2021-09-15 Long recognized as one of America's foremost men of letters Robert Penn Warren continues to dazzle us with his many-sided genius In the haunting images of his poetry the narrative power of his fiction the revealing insights of his essays we find literary achievement of the highest order Warren's writing has merited the close attention of literary critics In this book Neil Nakadate brings together the most important critical essays including a new essay written for this volume to give a comprehensive view of the range of Warren's work A list of Warren's published works 1929-1980 and a useful checklist of critical works on Warren's writing supplement this rich and balanced collection of essays Contributors A L Clements Chester E Eisinger Norton R Girault Robert B Heilman H P Heseltine James H Justus Richard Law Frederick P W McDowell Neil Nakadate Ladell Payne M Bernetta Quinn John Crowe Ransom Victor Strandberg Walter Sullivan William Tjenos Simone Vauthier and Robert Penn Warren **Selected Letters of Robert Penn Warren** Robert Penn Warren, 2011-06-14 The years 1969 and 1979 bookend a volatile decade in American history As an articulate witness to the era of the Vietnam War Watergate Jimmy Carter and the national malaise Robert Penn Warren produced a phenomenal body of work securing his place in the canon of American poetry Volume five of Selected Letters of Robert Penn Warren Backward Glances and New Visions 1969-1979 includes Warren's letters to friends family peers editors inquiring scholars and critics recording the details of his personal and professional life and illustrating his pivotal role in twentieth-century American literature In these turbulent but fruitful years Warren produced both Audubon A Vision 1969 and the revised version of Brother to Dragons 1979 In between lay some of Warren's most searching work as poet novelist literary critic and social commentator During this era Warren's achievements included his highly experimental and complex Or Else Poem Poems 1974 and the Pulitzer Prize-winning Now and Then 1978 Before the end of the 1970s three more novels appeared concluding with his final book of fiction A Place to Come To This volume provides insight into Warren's inspiration during a remarkably productive era and will prove an essential resource on his life and work *Robert Penn Warren and the American Imagination* Hugh Ruppersburg, 1990 The myth of America the gap between American ideals and the actualities of American life is a central and controlling metaphor in the works of Robert Penn Warren Ranging across Warren's distinguished sixty-five-year career Robert Penn Warren and the American Imagination identifies the concerns that stem from Warren's vision of American history as a struggle to restore the lost ideals of the founding fathers and shows how they resonate through his writings From his 1928 biography of the abolitionist John Brown to the late poems of Altitudes and Extensions Warren returned again and again to themes related to democracy regionalism personal liberties individual responsibilities minority relations and above all the loss of ideals Ruppersburg initially focuses on Warren's expression of these themes in three major narrative poems Brother to the Dragons portrays slavery in all its horror and its consequences

for Jeffersonian idealism Audubon A Vision extols the power of imagination in one man's quest to assert an American identity in the wilderness and Chief Joseph of the Nez Perce regards the victimization of Native Americans and their exclusion from traditional versions of American history as evidence of flaws in the founding vision In his nonfiction works Segregation and Who Speaks for the Negro Warren depicted the civil rights movement as a struggle for identity and individualism Ruppensburg traces the development of Warren's attitudes arguing that his support of the civil rights movement paradoxically stemmed from agrarianism which by the 1950s meant something very different to him from the agrarianism of I'll Take My Stand In addition Warren hoped that the civil rights movement would restore some of the nation's original revolutionary ardor and idealism The book closes with an examination of Warren's views on the future of democracy and the individual in a world dominated and threatened by science and technology Looking particularly at The Legacy of the Civil War Democracy and Poetry and the poem New Dawn Ruppensburg concludes that Warren was skeptical about our prospects for survival Still through his advocacy of the arts and the primacy of the individual Warren affirmed the values that he believed would help Western culture to endure Robert Penn Warren sought to explore the meaning of the American experience to validate the promise and the dangers of American ideals and to urge the nation to take stock of itself and struggle for control of its fate in history Through this obsessive search for America's identity Ruppensburg demonstrates Warren affirmed his own position as one of the most accomplished and significant of modern American writers

Talking with Robert Penn Warren Floyd C. Watkins, John T. Hiers, Mary Weeks-Baxter, 1990 Collects a wide variety of interviews given by the author over the years including television appearances and conversations with other writers

African American Servitude and Historical Imaginings M. Jordan, 2004-08-20 In African American Servitude and Historical Imaginings Margaret Jordan initiates a new way of looking at the African American presence in American literature Twentieth century retrospective fiction is the site for this compelling investigation about how African American servants and slaves have enormous utility as cultural artifacts objects to be acted upon agents in place or agents provocateurs Jordan argues that those who even those seemingly innocuous infrequently visible or silent servants are vehicles through which history culture and social values and practices are cultivated and perpetuated challenged and destabilized Jordan demonstrates how African American servants and servitude are strategically deployed and engaged in ways which encourage a rethinking of the past She examines the ideological underpinnings of retrospective fiction by writers who are clearly social theorists and philosophers Jordan contends that they do not read or misread history they imagine history as meditations on social realities and reconstruct the past as a way to confront the present

The Fourth Ghost Robert H. Brinkmeyer, 2009 In the 1949 classic Killers of the Dream Lillian Smith described three racial ghosts haunting the mind of the white South the black woman with whom the white man often had sexual relations the rejected child from a mixed race coupling and the black mammy whom the white southern child first loves but then must reject In this groundbreaking work Robert H

Brinkmeyer Jr extends Smith's work by adding a fourth ghost lurking in the psyche of the white South the specter of European Fascism He explores how southern writers of the 1930s and 1940s responded to Fascism and most tellingly to the suggestion that the racial politics of Nazi Germany had a special problematic relevance to the South and its segregated social system As Brinkmeyer shows nearly all white southern writers in these decades felt impelled to deal with this specter and with the implications for southern identity of the issues raised by Nazism and Fascism Their responses varied widely ranging from repression and denial to the repulsion of self recognition With penetrating insight Brinkmeyer examines the work of writers who contemplated the connection between the authoritarianism and racial politics of Nazi Germany and southern culture He shows how white southern writers both those writing cultural criticism and those writing imaginative literature turned to Fascist Europe for images analogies and metaphors for representing and understanding the conflict between traditional and modern cultures that they were witnessing in Dixie Brinkmeyer considers the works of a wide range of authors of varying political stripes the Nashville Agrarians W J Cash Lillian Smith William Alexander Percy Thomas Wolfe William Faulkner Katherine Anne Porter Carson McCullers Robert Penn Warren and Lillian Hellman He argues persuasively that by engaging in their works the vital contemporary debates about totalitarianism and democracy these writers reconfigured their understanding not only of the South but also of themselves as southerners and of the nature and significance of their art The magnum opus of a distinguished scholar *The Fourth Ghost* offers a stunning reassessment of the cultural and political orientation of southern literature by examining a major and heretofore unexplored influence on its development

Making History Jonathon S. Cullick, 2000-04-01 From his first published book to his last works Robert Penn Warren wrote novels poetry biographies and essays based on the lives of American historical figures Even some of his critical texts take a biographical approach to their subjects In *Making History* the first comprehensive survey of Warren's biographical narratives Jonathan S Cullick tracks a clear development toward autobiography in Warren's career By applying narrative theory to that provocative trend he then makes an intriguing discovery Warren's discourse techniques dramatize his philosophy of history and ethics Cullick unearths what might be called the narrative syntax of Warren's historical vision in which genre becomes vital in the attempt to reconcile American past and present *Making History* considers all of Warren's major biographical narratives and their evolution from detached reporting to doubtful self examination It offers a new reading of Warren's famed novel *All the King's Men* and close examination of several neglected texts including Warren's first book *John Brown The Making of a Martyr* his essay *The World of Daniel Boone* and two of his final works *Jefferson Davis Gets His Citizenship Back* and *Portrait of a Father*

American Writers Elizabeth H. Oakes, 2004 *American Writers* focuses on the rich diversity of American novelists

Political Fiction and the Historical Imagination Lee Horsley,1990-06-18 This study gives insights into the process of imagining history and argues the case for a humanistic approach It shows how writers have brought alive in their work an individual struggle to comprehend some of the most important political phenomena to the 20th century **Our Conrad** Peter Mallios,2010-09-21 Our Conrad is about the American reception of Joseph Conrad and its crucial role in the formation of American modernism Although Conrad did not visit the country until a year before his death his fiction served as both foil and mirror to America's conception of itself and its place in the world Peter Mallios reveals the historical and political factors that made Conrad's work valuable to a range of prominent figures including Fitzgerald Faulkner Richard Wright Woodrow Wilson and Theodore and Edith Roosevelt and explores regional differences in Conrad's reception He proves that foreign authored writing can be as integral a part of United States culture as that of any native Arguing that an individual writer's apparent national gendered racial political identity is not always a good predictor of the diversity of voices and dialogues to which he gives rise this exercise in transnational comparativism participates in post Americanist efforts to render American Studies less insular and parochial **Encyclopedia of American Poetry: The Twentieth Century** Eric L.
